Community Food Fund

Principles and processes

1 Introduction

1.1 In response to the cost-of-living crisis, South Gloucestershire Council has launched a Community Food Fund grant scheme, made available from the Household Support Fund. This scheme offers grants to help organisations fund food supplies and the facilities used. In support of this, these principles have been put in place to provide a transparent, accountable, consistent and legal process to be adhered to.

2 Eligibility

- 2.1 Voluntary, community and social enterprise organisations and Town and Parish Councils in South Gloucestershire are eligible to apply to the scheme for grants to support them with the additional running costs incurred in the distribution of food supplies.
- 2.2 All organisations must be registered to the Council's Grants <u>online registration</u> system with approval received where appropriate.
- 2.3 The funding can be used as a contribution to food aid costs, or as match funding. Grants can fund food supplies, running costs and volunteer expenses incurred in the delivery and operation of a food aid facility.
- 2.4 The food aid facility must directly benefit residents in South Gloucestershire and the facility must be open to the public.
- 2.5 A Community Food Fund facility may already be operating under a different name such as 'Community Hub' or 'Community Café' but must be free to enter and accessible to all.
