

## Factual correction note – 7 February 2024

Since publishing the New Local Plan Phase 3 Consultation, 2 numerical errors at Chapter 3a have been identified relating to how the Local Plan explains how many new homes are needed in South Gloucestershire.

It has come to our attention that paragraph 3a.15 in the HTML and PDF versions of the consultation document identifies the existing commitments figure as 10,387. The correct figure should be 10,837, as the numbers 8 and 3 have been inadvertently switched around. This figure is made up of large site (7,687) and small site (3,150) commitments.

The graphic below para 3a.16 displays the figure of 7,678 homes with planning permission. The correct figure is 7,687 as shown in para 3a16(1). However, the figure in the image (7,678) is incorrect as the numbers 8 and 7 have been inadvertently switched around.
