

**South Gloucestershire Council
Ordinary Watercourse/Land Drainage Consent 2023**

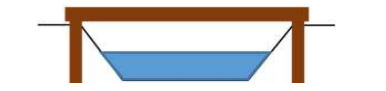

**Cross-Sectional Diagrams of
works requiring and not
requiring Ordinary
Watercourse Consent from
SGC**

The following document has been produced as guidance for applicants on which activities may require consent and which do not. Please note this is based upon South Gloucestershire Council's Lead Local Flood Authority team's interpretation of the legislation. We also recommend that applicants contact us regarding any queries they may have before formally submitting an application.
