## Introduction

We charge a fee to cover the cost of some of our services and administrative processes or because we have a legal obligation to charge for processing the information you provide. This document brings together the Streetcare and Transport Services fees and charges for 2023/24.

Our prices aim to reflect the local market rate whilst achieving good value for money. Prices are also compared to those being charged by neighbouring authorities.

We usually add to the existing prices the rate of inflation and then round up to the nearest sensible figure. This may sometimes bring the total to slightly more than basic inflation. The inflation guideline for increasing fees and charges is 9% for all services.

From time to time it is also necessary to review charges against their associated tasks to ensure fees are reasonable and in line with operational administrative procedures.

## Traffic Regulation Orders

### Temporary Traffic Orders (Road Closures) Application

#### Why do I need one?

Temporary Traffic Orders are needed for any road closures, footway closures, speed restrictions, weights restrictions and no parking/no waiting orders.

#### How will long will it take?

The applicant must give 3 months notification to the local Authority. This allows the legal process for the road closure to be completed. We cannot grant tacit consent as there are statutory time limits to be adhered to in issuing of licences.

If the Closure is urgent you must contact the Street Works team immediately on [streetworks@southglos.gov.uk](mailto:streetworks@southglos.gov.uk)
