YOUR RECYCLING BINS, BOXES AND BAGS

South Gloucestershire Council
Delivering with you

Recycling box 1 – Paper and card

Fold cardboard boxes flat. Put any shredded paper in a plastic bag. Dirty cardboard (like takeaway and pizza boxes) is not recyclable.

Recycling box 2 - Glass

Empty and rinse glass bottles and jars before you recycle them. Do not put any broken glass or kitchenware in this box.

Soft plastics bags

Use this bag to recycle items like crisp packets, plastic film and clingfilm. When full, tie it with a double knot so items do not fall out.

Recycling bag - Plastic, cans and foil

Use the reusable recycling bag for plastic bottles, tubs and trays, tins and cans, aluminium foil, cartons and empty aerosols.

Food waste bin

Use this bin to recycle your food waste including tea bags, spoiled food and leftovers. You can put your food waste in a plastic bag to keep your bin clean.

! Batteries and vapes cannot be put in your black bin. This can cause fires. Put them in a see through plastic bag on top of your other recycling.

Find out what else you can recycle on the council app: southglos.gov.uk/**app**
