6	Additional Inscription	147.40	294.90

Natural unfinished and monolith headstones are permitted.

No masonry can be installed in Kingswood Remembrance Park **without making a prior appointment with the Cemetery Office.**

At least 7 working days' notice must be given for all appointments, where you will be met on site. You will not be able to install masonry if you do not have a copy of the relevant permit with you or if the masonry does not comply with the Mason's regulations and size restrictions.

Foundation sizes must be provided in all instances.

These regulations apply to all SGC cemeteries:

All headstones over two feet (61cm) in height must be fixed with ground anchors.

The grave identification reference must be cut clearly in 15mm (0.5") letters on each headstone or memorial. A trade name can only be cut onto a memorial with the express permission of the Deed owner.

This applies to new memorials & changes to existing memorials.

All items requested to be on a grave must form part of the permit request.

Please note the maximum height permitted is measured from ground level and must include any base. All sizes quoted are the maximum sizes permitted. Monumental pathways in the traditional section are not permitted.
