Statement of Responsibilities

The council’s responsibilities

The council is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In South Gloucestershire Council that officer is the Service Director - Finance and Chief Financial Officer who is Chief Financial Officer;
- manage its affairs to secure economic, efficient, and effective use of resources and safeguard its assets, and
- approve the Statement of Accounts.

The Chief Financial Officer’s responsibilities

The Chief Financial Officer is responsible for the preparation of the council's Statement of Accounts in accordance with proper practice as set out in the CIPFA (Chartered Institute of Public Finance and Accountancy)/LASAAC (Local Authority Accounts Advisory Committee) Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing the Statement of Accounts, the Chief Financial Officer has:

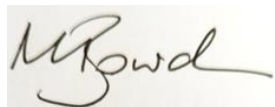

- selected suitable accounting policies and then applied them consistently;
- made judgements and estimates that were reasonable and prudent, and
- complied with the local authority Code.

The Chief Financial Officer has also:

- kept proper accounting records which were up to date, and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Certification of the Accounts by the Chief Financial Officer

In accordance with the Accounts and Audit (Amendment) Regulations 2022, and the Accounts and Audit Regulations 2015, I certify that the Statement of Accounts for 2023/24 give a true and fair view of the financial position of South Gloucestershire Council as at 31 March 2024 and its income and expenditure for the financial year ended 31 March 2024.

.....
Mick Bowden
Interim Service Director - Finance & Chief Financial Officer

Date31st May 2024.....

Approval of the Statement of Accounts

The audited Statement of Accounts for the year ended 31 March 2024 will be approved by the Audit and Accounts Committee when the audit is complete.

2023/24

Statement of Accounts

Narrative Report

This report provides the context for the council's financial statements and demonstrates how the council has delivered the economical, efficient, and effective use of its resources during 2023/24.

1. INTRODUCTION

South Gloucestershire Council was created in 1996 from areas in the north and east of Bristol, stretching from the River Severn estuary to the Cotswolds.

The population of South Gloucestershire was 290,400 in 2021 and is projected to rise by over 25% to over 354,000 by 2043. The largest increases are projected in the older age groups, resulting in a flatter age structure by the end of the projection period with a 44% increase in residents aged 65 or over.

The council's responsibilities are wide-ranging and include services it is legally required to provide (e.g. education, adult social care and waste collection) as well as more discretionary services such as regeneration activities, leisure, and sports facilities.

2. AIMS, OBJECTIVES and ACHIEVEMENTS

The council's overarching goal is to achieve the best for its residents and their communities, to ensure that South Gloucestershire will always be 'a great place to live and work'. The Council Plan for 2020-2024 set out how we aimed to build on and deliver this vision highlighting:

- What we will focus on
- How we will work, and
- How we will measure performance

The Council Plan is based around four key priorities which have been informed by a recognition of some fundamental challenges: notably driven by a passion to reduce our growing inequality gap and meet our climate emergency promise. A strong commitment to equality of opportunity, value for money and transitioning to a low carbon future flow through everything we do and form the basis of an overarching plan developed with our key local partners. These priorities inform the council's policies and decision-making:

- creating the best start in life for our children and young people
- identifying and supporting those most in need and helping people to help themselves
- promoting sustainable inclusive communities, infrastructure, and growth
- realising the full potential of our people and delivering value for money

During 2023/24 the council continued to secure significant inward investment and has improved local infrastructure and transport routes as part of regional initiatives. Other key achievements include the following:

- Contract award for the construction of Lyde Green Primary and Secondary School
- Completion of Elm Park Primary School
- The Pedestrianisation of Thornbury High Street
- Successful implementation of the first stage Enterprise Resource Planning software

Looking forward, the Council plan for 2024-28 was approved by Full Council in May 2024 with a vision that South Gloucestershire is greener, fairer and more inclusive. Four new priorities will help in achieving these ambitions:

- Respond to the climate and nature emergency
- Help reduce inequalities
- Support children and young people to thrive
- Support wellbeing and independence in our communities.

Thornbury High Street

3. FINANCIAL PERFORMANCE

Revenue

Total gross expenditure on council services as reported in the outturn position to Cabinet in July 2024 was £741m in 2023/24 (£696m in 2022/23). The net cost of services was £2m underspent compared to budget as shown below:

2023/24 Net Expenditure	Agreed budget £m	Year-end outturn £m	Variance Over/(-) under £m
People	192	193	1
Place	44	46	2
Resources and Business Change	51	46	-5
TOTAL NET SPENDING	287	285	-2

During 2023/24 the council experienced in-year pressures from the Cost-of-Living Crisis, the 2023/24 Local Government Pay Offer, increasing demand for housing support and continued inflationary pressure. Prudent planning and contingency were set aside in recognition of these risks early on within corporate budgets. These contingencies together with additional income resulting from the City Region Deal resulted in a favourable underspend in year of £2m.

Capital

Capital investment in 2023/24 totalled £83.5m against an approved budget of £114.7m, excluding the property investment budget of £30.9m. This underspend was mainly a result of slippage on several projects including highways maintenance and improvement schemes, Malmaisons Drive, children's residential provision, ERP (finance and HR system) and High Needs funding. Major items of capital expenditure included:

- £9.3m on improvements to Castle School Maths and Science Block
- £5.3m on the replacement of Elm Park Primary School
- £13.2m investment in highways maintenance & improvements
- £3.9m on the Metro West Phase 2
- £3.4m on improvements to Thornbury High Street
- £2.0m on improvements to the A38 and A432

Capital investment was primarily funded from government grants totalling £38.7m, CIL and S106 reserves of £5.3m and unsupported borrowing totalling £32.2m, with capital receipts of £6.9m, and revenue contributions of £0.3m.

Coniston Road Subway

The council plans to deliver an ambitious capital programme in the next four years, as shown below:

	2024/25 £'000	2025/26 £'000	2026/27 £'000	2027/28 £'000
Area of expenditure:				
Department for People	45,816	49,291	17,845	7,350
Department for Place	48,662	26,483	17,836	15,070
Department for Resources and Business Change	20,580	3,831	2,110	2,150
CRSTS Funded Schemes	3,913	260	0	0
EDF Funded Schemes	1,104	0	2,164	0
TOTAL	120,075	79,865	39,955	24,570
Expected funding:				
Capital grants and contributions	68,556	50,500	16,153	15,120
Prudential borrowing	37,781	15,180	10,849	8,950
Other funding	13,738	14,185	12,953	500
TOTAL	120,075	79,865	39,655	24,570

Cash Flow Management

The council has a comprehensive cash flow and treasury management system designed to ensure that surplus cash is invested wisely, that any new external borrowing represents value for money, and that it has sufficient cash in hand to meet its liabilities as they fall due.

Cash and cash equivalents at 31 March 2024 were £7.7m, a decrease of £7.7m compared to 31 March 2023.

Balance Sheet Position

The council continues to maintain a strong balance sheet position:

	at 31 March 2024 £m	at 31 March 2023 £m
Non-current assets – principally land, buildings and equipment used to deliver council services	1,041	1,110
Long-term investments & long-term debtors	39	36
Net current assets / (liabilities) – (excluding borrowing and provisions included below)	(23)	30
Pension liabilities	(80)	(125)
Provisions	(9)	(13)
External borrowing	(112)	(112)
Other long-term liabilities	(43)	(48)
NET ASSETS	813	878
Represented by:		
Usable reserves	(223)	(236)
Unusable reserves	(590)	(642)
TOTAL	(813)	(878)

- Long-term borrowing mostly comprises PWLB loans taken out over 25 to 50 years at preferential rates on an interest only basis with the option of 100% rollover on maturity. No new long-term borrowing was taken out during 2023/24.
- The council's liability for future staff pensions has reduced but remains significant.
- Other long-term liabilities relate to future payments for the waste management and recycling contract, together with the council's share of debts owed by Avon County Council prior to reorganisation.
- Provisions are set aside for business rating appeals (£5.2m) and for future costs associated with the closed landfill site at Harnhill (£1.1m), insurance (£2.7m).
- The council is also party to a £100m guarantee in respect of Home Group Ltd. (previously North Housing Association) in respect of which it has a first charge over several properties. This potential liability is not included in the Balance Sheet given the unlikelihood of it being called in.
- The reduction in non-current assets includes £85m for the transfer of assets to schools that converted to Academy status in 2023/24.
- Usable reserves include £6m held on behalf of schools and £19m working balances to cover short term cash flow fluctuations, budget overspends and other contingencies, which is considered in conjunction with the Financial Risks Reserve. Other usable reserves have been earmarked for capital investment or to support service improvements.
- Unusable reserves cannot be used to fund council expenditure and are held to meet statutory or accounting requirements.

Group Activities

In 2018/19 the council purchased Bristol and Bath Science Park, which is included on the Balance Sheet as Investment Property. This 59-acre site provides office accommodation, meeting rooms and workspace. As part of the transaction the council also acquired ownership of the Science Park estates management company, oversight of which is exercised by 100% control through director appointments. Since these transactions and balances are not significant in the context of the council's accounts Group financial statements are not prepared.

4. FINANCIAL MANAGEMENT

The council approves a number of key documents before the start of each financial year:

- a capital strategy and 4-year capital programme.
- a treasury management strategy, setting out expected borrowing needs and investment income.
- a Financial Strategy, 10-year Medium Term Financial Plan, and an annual revenue budget.

These plans and strategies are continually updated and formally reviewed on a quarterly basis. Key financial indicators, known as "Prudential Indicators," are monitored and reported to members.

The budget agreed by Council on 10th February 2023 set out the council's Savings Programme which included the proposals from the Resource Allocation process. Savings, including service level changes totalling £14,539k were agreed for 2023/24. There were a further £5,628k savings brought forward from previous years where permanent solutions continued to be developed. At outturn, £18,779k had been achieved permanently or temporarily with £564k outstanding.

Consultation with residents and businesses is a key part of the financial planning process. Questionnaires and surveys, a Citizens' Panel and social media feedback all inform decisions on council tax levels, spending and saving priorities. Feedback from October 2023 to January 2024 for the 2024/25 Budget is summarised below:

- 65% of respondents were satisfied with South Gloucestershire as a place to live.
- 42% of respondents were happy with the way the council runs things, whilst 44% agreed that the council can be relied upon to consistently deliver services.
- Net service satisfaction was highest for car parking (75%), followed by libraries (67%) parks and open spaces (66%), then sports and leisure (52%) and the lowest for highways and roads (-51%) and planning (-31%).

Overall, 83% of residents were supportive of an increase in council tax in 2024/25 and Full Council took the decision to increase by 4.99% in 2024/25, inclusive of a 2% "ring fenced" precept for adult social care.

5. 2023/24 OUTTURN

The revenue outturn is reporting an underspend position of £1,634k for 2023/24. The council faced considerable pressures in setting its budget for 2023/24. The budget included significant savings, and the progress made in achieving these. The in-year pressures outside of the council's direct control included the national Cost of Living Crisis, the 2023/24 local government pay offer, increasing demand for housing support and continued inflationary pressure. The council was swift to act as financial pressures were identified with continued spending controls, prudent planning, contingency funding was set aside recognising the risks.

6. LOOKING AHEAD

The council has set a balanced budget for the 3-year period 2024/25 to 2026/27 after contributions from the Financial Risk Reserve of £954k in 2024/25, -£5,568k in 2025/26, £9,195k in 2026/27 and £3,115k in 2027/28 whilst the savings programme is being delivered leaving a shortfall in 2027/28 of £5,969k after the use of reserves, with a core funding gap of c.£9m to address by year 4.

Risk Management

The council's Risk and Opportunity Management framework provides a clear and consistent process for identifying, assessing, managing, and reporting risks. These arrangements also cover partnerships, joint operations, and group activities. Key operational and strategic risks, together with any significant changes to governance arrangements, are set out in the Annual Governance Statement.

Comprehensive financial modelling ensures that all significant financial risks are identified and reflected in approved budgets and the Medium-Term Financial Plan. Key risks have been identified as follows:

- Planned savings will not be achieved or will be realised later than expected.
- Organisation capacity restricted following the pandemic and significant growth in vacancies.
- Cost of Living crisis and rise in inflation impacting on the council's finances as well as residents and businesses.
- The 2024/25 Local Government Pay award exceeding base budget assumptions.
- Sufficiency of capital receipts to fund capital expenditure and future commitments.
- Rising construction costs and materials shortages.
- City Region Deal and the funding of parts of the capital programme are based on future income projections.
- Continuation of grant funding to fund core services.
- Ongoing shortfall between cost of providing new school places and the funding available.

Going Concern

In recent years, because of growing demand and funding pressures for councils, there has been increasing focus on the assessment of a council's going concern status. The financial consequences for councils of the global COVID-19 pandemic followed by the Cost-of-Living crisis have emphasised this even more.

The Code of Practice for local authorities considers that because of the economic and statutory environment in which local authorities operate, they have no ability to cease being a going concern and therefore the financial statements are prepared on a going concern basis (other than in exceptional circumstances where services provided are to cease).

However, in preparing these accounts, full consideration has been given to the medium-term financial position of the council and the treasury management and liquidity forecasts, and this confirms the assessment of the council as a going concern.

Devolution

The West of England Combined Authority is made up of three of the councils in the West of England – Bath & North East Somerset, Bristol and South Gloucestershire having been established under a devolution deal with government to facilitate inward investment and more strategic solutions to issues such as skills, jobs, infrastructure, and affordable homes. Priorities for investment stem from four strategic themes, cross sectional

innovation, innovation in infrastructure, inclusive growth, and the productivity challenge with the priority areas for delivery being:

- Infrastructure**
 - Better links to connect people and encourage sustainable transport
 - Improved national international connections
 - Regional housing growth that promotes a mix of sustainable affordable homes
 - Employment spaces that meet the needs of businesses and communities
 - World leading digital connections to support innovation and collaboration

- Business**
 - Protect and promote our region’s culture
 - Drive and innovative and collaborative economy
 - Support businesses to invest in the region and realise export opportunities
 - Help businesses to start up, grow and flourish, nurturing inclusivity and entrepreneurial spirit

- Skills**
 - Integrate employment, skills, and education system to align with employers needs
 - Enable all young people to achieve their potential
 - Addresses barriers to employment and progression
 - Empower people to progress in employment and higher education opportunities
 - Ensure employers can recruit and retain the skills they need to thrive

7. STATEMENT OF ACCOUNTS 2023/24

The Statement of Accounts which follow set out the council’s income and expenditure for the year, and its financial position at 31st March 2024. The format and content of the statements is prescribed by CIPFA’s Code of Practice on Local Authority Accounting in the United Kingdom, which is based on International Financial Reporting Standards adapted for use in a public sector context. The Statement of Accounts comprises:

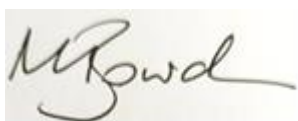

Comprehensive Income and Expenditure Statement (CIES)	This Statement shows the net cost of providing council services. The Expenditure Funding Analysis (Note 7) compares the CIES with the levels of income and expenditure which are taken into account when setting the annual budget and Council Tax, since certain non-cash items are disregarded by statute. Note 8 also provides the Expenditure and Income included in the CIES analysed by nature.
Balance Sheet	The Balance Sheet shows the council’s assets and liabilities at the year end. Net assets are matched by reserves which may be “usable” or “unusable”.
Movement in Reserves Statement	This Statement shows the movements in reserves during the year, and the different funds held by the council. “Usable” reserves are held to fund future expenditure, whereas “unusable reserves” are maintained to meet specific statutory responsibilities.
Cash Flow Statement	This Statement shows how the council generates and uses cash and cash equivalents and explains the reasons for changes in cash balances during the year.
Collection Fund	This account demonstrates how income raised from local taxpayers has been distributed to the council and to other precepting authorities for the provision of services.
Accounting Policies	Note 1 sets out the accounting policies that have been followed in preparing the accounts and how the Code requirements have been met in practice.
Annual Governance Statement	Reviews the effectiveness of corporate governance processes and systems of internal control. The Statement is signed by the council’s Chief Executive and the Leader of the Council.
Disclosure Notes	These notes provide more detail about individual transactions and balances.

Policies and estimations of particular significance are:

Accounting for schools’ assets	All land and buildings occupied by community schools, voluntary aided and voluntary controlled schools which are legally owned by the council are included in its balance sheet.
---------------------------------------	--

Fair Value measurements	Surplus assets, investment properties and long-term investments are included in the balance sheet at their current market value.
PFI contract	The council's waste management contract with Suez Recycling and Recovery UK Ltd is accounted for as a service concession.
City Region Deal	The council administers the Business Rates Pool for the City Region Deal and applies IPSAS 23 to this arrangement.
Property, Plant and Equipment (PPE)	All PPE is valued by RICS qualified employees in line with CIPFA Code and "red book" requirements. Operational assets are valued on a 5-year rolling programme, investment assets are revalued each year end.
Depreciation rates	Land is not depreciated. Depreciation is charged on other assets on a straight-line basis – up to 60 years for Buildings depending on the condition of the assets, 17-50 years for infrastructure assets and 3-10 years for Vehicles, Plant, and Equipment.
Rating appeals	Provision is made for the estimated cost of future rating appeals based on the number, value and success rate of appeals made to date.
Pension liabilities	Various assumptions are made by actuaries when calculating this liability concerning discount rates, pay price increases and pensioner longevity.

A Glossary of key terms can be found at the end of this publication.

.....

Mick Bowden, CPFA
Interim Service Director – Finance & Chief Financial Officer
 31st May 2024

Comprehensive Income and Expenditure Statement

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with statutory requirements; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis and the Movement in Reserves Statement.

2022/23			2023/24			Note

Movement in Reserves Statement

This statement shows the movement from the start of the year to the end on the different reserves held by South Gloucestershire Council, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other 'unusable reserves'. The Movement in Reserves Statement shows how the movements in year of South Gloucestershire Council's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable to council tax for the year. The Net increase/decrease line shows the General Fund Balance movements following these adjustments.

	General Fund Balance	Earmarked Reserves	Total General Fund	Capital Receipts Reserve	Capital Grants Unapplied	Total Usable Reserves	Unusable Reserves	Total Authority Reserves

Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by South Gloucestershire Council. The net assets of South Gloucestershire Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves are usable reserves, i.e. those reserves that the authority may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve may only be used to fund capital expenditure and repay debt). The second category of reserves are those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

Cash Flow Statement

The Cash Flow Statement shows the change in cash and cash equivalents of South Gloucestershire Council during the reporting period. The statement shows how the council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities.

The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the council are funded by way of taxation and grant income or from the recipients of services provided by the council. Investing activities represent the extent to which cash outflows have been made for reserves which are intended to contribute to the council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the council.

2022/23 £'000		2023/24 £'000	Note
(64,117)	Net surplus / (deficit) on the provision of services.	(132,357)

15,415	Cash and cash equivalents at the end of the reporting period	7,667	14

Notes to the Statement of Accounts

1. Accounting policies

i. General principles

The Statement of Accounts summarises the council's financial transactions for 2023/24 and its position at the year-end of 31 March 2024. The Accounts and Audit Regulations 2015, as amended, require the council's accounts to be prepared in accordance with proper accounting practices, namely the Code of Practice on Local Authority Accounting in the United Kingdom 2023/24, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments. The Statement of Accounts has been prepared on a 'going concern' basis.

ii. Recognition of income and expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Government grants and third-party contributions are recognised when there is reasonable assurance that the council will comply with any conditions attached to the payments, and that the grants or contributions will be receivable. Where conditions attached to grants or contributions have not been satisfied, monies received to date are carried in the Balance Sheet as creditors (Receipts in Advance) and credited to the Comprehensive Income and Expenditure Statement (CIES) when the conditions are satisfied. Where capital grants are credited to the CIES, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied reserve.
- Supplies and services are recorded as expenditure when they are consumed - where there is a gap between the date supplies are received and their consumption, they are carried as inventories in the Balance Sheet. Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.
- The authority has elected to charge a community infrastructure levy (CIL). The levy is charged on new builds (chargeable developments for the authority) with appropriate planning consent. The council charges for and collects the levy, which is a planning charge. The income from the levy will be used to fund a number of infrastructure projects (these include transport, flood defences and schools) to support the development of the area. The CIL is recognised at the commencement date of the chargeable development in the Comprehensive Income and Expenditure Statement as a contribution without outstanding conditions. CIL charges will be largely used to fund capital expenditure. However, a proportion of the charges may be used to fund revenue expenditure.

iii. Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable on notice of not more than 24 hours demand without material penalty. Cash equivalents are highly liquid investments that mature in no more than three days or less and that are readily convertible to known amounts of cash with low risk of change in value. Cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the council's cash management strategy.

iv. City Region Deal

South Gloucestershire Council is the accountable body for the City Region Deal and its Business Rates Pool (BRP). The council has determined that the transactions occurring in respect of the City Region Deal arrangement arise from non-exchange transactions (the collection of Non-Domestic Rates) and so IPSAS 23 'Revenue from Non-Exchange transactions (taxes and transfers)' may be applied in accounting for the transactions and balances relating to the City Region Deal.

Cash - The council is the entity responsible for pooling the cash from growth figures payable to the Business Rates Pool (BRP) by the constituent authorities, and for making BRP payments. As the Accountable Body the council recognises the growth figure payable by the authorities, which when received will be held as cash on its Balance Sheet. Until the funds are paid out by the BRP or committed and allocated by the Economic Development Fund (EDF) to fund payments in respect of approved programmes, they are recognised by the council as creditors to the Authorities (and by them as an associated debtor), in the proportion in which they have contributed where cash remains uncommitted, or a creditor to the Sponsor Authority where cash is committed. These transactions are accounted for on an agency basis and are not the council's income and expenditure.

Income – Income receivable by South Gloucestershire Council from the BRP is recognised as revenue in the year it occurs. Furthermore, the council will recognise revenue and a debtor balance to the extent that future EDF payments are receivable and have been committed to by the EDF, and sufficient cash remains in the BRP to fund future payments. Only the council's share is recognised in the Comprehensive Income and Expenditure Statement.

Expenditure – Expenditure is recognised by South Gloucestershire Council on the earlier of payments being made by the BRP or where future EDF payments are committed. Expenditure is recognised in proportion to the degree the authority nominally contributes to the BRP through its growth figure and is capped at the limit of the council's payment of growth to the BRP in this period, and any previous growth figures paid over which have not been previously paid or committed by the BRP. Only the council's share is recognised in the Comprehensive Income and Expenditure Statement.

v. Council tax and non-domestic rates /Collection Fund

Billing authorities act as agents, collecting council tax and non-domestic rates (NDR) on behalf of the major preceptors (including government for NDR) and, as principals, collecting council tax and NDR for themselves. Billing authorities are required by statute to maintain a separate fund (i.e. the collection fund) for the collection and distribution of amounts due in respect of council tax and NDR. Under the legislative framework for the collection fund, billing authorities, major preceptors, and central government (for NDR) share proportionately the risks and rewards that the amount of council tax and NDR collected could be less or more than predicted.

The council tax and NDR income included in the Comprehensive Income and Expenditure Statement is the council's share of accrued income for the year. However, regulations determine the amount of council tax and NDR that must be included in the authority's General Fund. Therefore, the difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement. The Balance Sheet includes the council's share of the end of year balances in respect of council tax and NDR relating to arrears, impairment allowances for doubtful debts, overpayments and prepayments and appeals.

Where debtor balances for the above are identified as impaired because of a likelihood arising from a past event that payments due under the statutory arrangements will not be made, the asset is written down and a charge made to the taxation and non-specific grant income and expenditure line in the CIES. The

impairment loss is measured as the difference between the carrying amount and the revised future cash flows.

vi. Employee benefits

Short-term employee benefits are those due to be settled wholly within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (e.g. cars) for current employees and are recognised as an expense for services in the year in which employees render service to the council. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end that employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit.

The accrual is charged to surplus or deficit on the provision of services, but then reversed out through the Movement in Reserves Statement to the accumulated absences account so that holiday entitlements are charged to revenue in the financial year in which the holiday absence occurs.

Termination benefits

Termination benefits are payable following a decision by the council to terminate an officer's employment before their normal retirement date, or an officer's decision to accept voluntary redundancy. Costs are recognised in the Comprehensive Income and Expenditure Statement at the earlier of when the council can no longer withdraw the offer of redundancy or when the council recognises the cost of re-structuring.

Post-employment benefits

Employees of the council are members of three separate pension schemes:

- The Teachers' Pension Scheme, administered by Capita Teachers' Pensions on behalf of the Department for Education (DfE),
- The Local Government Pension Scheme (LGPS), administered by Bath and North East Somerset Council (BANES),
- The National Health Service (NHS) Pension scheme, administered by NHS Pensions.

Each scheme provides defined benefits to members (retirement lump sums and pensions), earned whilst employees are working for the council.

However, the centralised arrangements for the Teachers' and NHS schemes mean that liabilities for these benefits cannot be identified specifically to the council. These schemes are therefore accounted for as if they were defined contribution schemes and no liability for future payments of benefits recognised in the Balance Sheet. The People line in the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable to the Teachers' Pension Scheme and the NHS Pension Scheme in the year.

The Local Government Pension Scheme

The Local Government Pension Scheme is accounted for as a defined benefits scheme:

- The liabilities of the Avon Pension Fund attributable to the council are included in the Balance Sheet on an actuarial basis using the projected unit method, i.e., an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates etc., and forecasts of projected earnings for current employees.
- The assets of the Avon Pension Fund attributable to the council are included in the Balance Sheet at their fair value:
 - Quoted securities - current bid price
 - Unquoted securities – professional estimate
 - Unitised securities – average of the bid and offer rates
 - Property – market value

The change in the net pension liability is analysed into its components:

- Service Cost: the increase in liabilities as a result of years of service earned this year is allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.

Past service costs is a change to the defined benefit obligation resulting from a plan amendment or curtailment. The council’s accounts also recognise a gain or loss on settlement when the settlement occurs. The settlement is deemed to occur when the council enters into a transaction which eliminates all further obligations for part or all of the benefits provided under the LGPS defined benefit plan.

- Net interest on the net defined benefit liability: the expected increase in the present value of liabilities during the year as they move one year closer to being paid, offset by the interest on assets, which is the interest on assets held at the start of the year, and cash flows occurring during the period. The result is debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
- Remeasurements of the return on plan assets excluding amounts included in net interest and actuarial gains and losses. These are charged to the Comprehensive Income and Expenditure Statement in Other Comprehensive Income and Expenditure.
- Actuarial gains and losses – relate to changes in the net pension liability which arise because events have not coincided with assumptions made at the last actuarial valuation or because actuaries have updated their assumptions. These are charged to the Comprehensive Income and Expenditure Statement in Other Comprehensive Income and Expenditure.
- Contributions paid to the Avon Pension Fund: cash paid as employer’s contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are transfers to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and to replace them with debits for the cash paid to the pension fund and pensioners and any such amounts that are payable but remain unpaid at the year end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Early Payment of Local Government Pension Scheme Deficit Contributions

In 2023/24 the Council made an advance payment of its LGPS deficit contribution which would otherwise not have been due for payment until 2023/24, 2024/25, and 2025/26 respectively. In so doing, the Council obtained a discount on the amount payable.

The deficit payments due for each year (discount applied) are as follows:	
2023/24	£495,839
2024/25	£518,624
2025/26	£542,547
Total	£1,557,010

The Pension Liability at 31 March 2023 was reduced by the total £1,557,010, and the full amount was reflected in the actuarial valuation at 31 March 2023.

In 2023/24 we have charged the 2023/24 deficit (£495,839) to the General Fund. The 2024/25 deficit (£518,624) will be charged to the General Fund in 2024/25, and the 2025/26 deficit (£542,547) will be charged to the General Fund in 2025/26, but in the meantime the deficit amount for 2024/25 and 2025/26 has been credited to the Pension Reserve.

The result of this accounting treatment is that the Pension Liability and the Pension Reserve will not be aligned until the close of 2025/26, by which time the total contribution will have been charged to the General Fund.

Discretionary benefits

The council has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

vii. Financial instruments

Financial instruments are recognised on the Balance Sheet when the council becomes a party to the contractual provisions of a financial instrument.

Financial liabilities

Financial liabilities are initially measured at fair value and are carried at amortised cost. Annual charges to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. For the council's borrowings this means that the amount presented in the Balance Sheet is the outstanding principal repayable plus accrued interest. Interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

Financial assets

Financial assets are accounted for based on a classification and measurement approach that reflects the business model for holding the financial assets and their cash flow characteristics. The council's business model is to hold investments to collect contractual cash flows, except for those whose contractual payments are not solely payment of principal and interest. It holds financial assets that are therefore measured at either amortised cost or fair value through profit or loss (FVPL).

Financial assets measured at amortised cost are presented in the Balance Sheet as the outstanding principal receivable plus accrued interest. Interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

The council recognises expected credit losses on all of its financial assets held at amortised cost, either on a 12-month or lifetime basis. Only lifetime losses are recognised for trade receivables (debtors). Impairment losses are calculated to reflect an expectation that future cash flows might not take place because the borrower could default. Credit risk plays a part in the assessment and where it has increased significantly losses are assessed on a lifetime basis. Otherwise, losses are assessed based on 12-month expected losses.

Financial assets measured at FVPL are initially measured and subsequently carried at fair value. Changes in fair value are recognised as they arise in the Surplus or Deficit on the Provision of Services. Dividends are credited to the Comprehensive Income and Expenditure Statement when they become receivable by the council. Fair value measurements are categorised at levels 1-3 in accordance with the requirements of IFRS 13.

Any gains and losses that arise on the derecognition of the asset are credited or debited to the Financing and Investment Income and Expenditure in the Comprehensive Income and Expenditure Statement.

Fair value measurements of financial assets

Fair value of an asset is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The fair value measurements of the authority's financial assets are based on the following techniques:

- instruments with quoted market prices – the market price
- other instruments with fixed and determinable payments – discounted cash flow analysis.

The inputs to the measurement techniques are categorised in accordance with the following three levels:

- Level 1 inputs – quoted prices (unadjusted) in active markets for identical assets that the authority can access at the measurement date.
- Level 2 inputs – inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs – unobservable inputs for the asset. Any gains and losses that arise on the derecognition of the asset are credited or debited to the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement.

Instruments entered into before 1 April 2006

The authority entered into a financial guarantee that is not required to be accounted for as a financial instrument. This guarantee is reflected in the statement of accounts to the extent that provisions might be

required, or a contingent liability note is needed under the policies set out in the section on provisions, contingent liabilities, and contingent assets.

viii. Leases

Leases are classified as finance leases where their terms transfer substantially all the risks and rewards of ownership of the asset from the lessor to the lessee. All other leases are classified as operating leases. Where a lease covers both land and buildings, the land and buildings elements are considered separately.

Council as lessor

Operating leases

Where the council grants an operating lease over an asset, this is retained on the Balance Sheet. Rental income is recognised in the Comprehensive Income and Expenditure statement on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. if there is a premium paid at the commencement of the lease).

Finance leases

Where the council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal and replaced by a long-term debtor in the Balance Sheet valued on the future income due under the finance lease.

ix. Overheads and support services

The costs of overheads and support services are held within Resources and Business Change, in accordance with the council's arrangements for accountability and financial performance.

x. Property, plant and equipment

Recognition

Expenditure on the acquisition, creation or enhancement of property, plant and equipment is capitalised on an accruals basis, provided that the future economic benefits or service potential associated with the item will flow to the council. Expenditure that maintains but does not add to an asset's potential to deliver future economic benefits or service potential, is charged as an expense when it is incurred.

Measurement

Assets are initially measured at cost. This comprises the purchase price and any costs attributable to bringing the asset to an operational condition. The council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (i.e., it will not lead to a cash inflow or improved service potential for the council). Where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the council.

Assets are then carried on the Balance Sheet using the following measurement bases:

- Infrastructure and community assets – depreciated historical cost,
- Assets under construction - historical cost,
- School buildings – at current value but because of their specialist nature are measured at depreciated replacement costs which is used as an estimate of current value,
- Surplus assets – at current value, estimated at highest and best price reasonably achievable in the current market,
- All other assets - current value, determined as the amount that would be paid for the asset in its existing use (existing use value - EUV).

Where there is no market-based evidence of current value because of the specialist nature of an asset, depreciated replacement cost (DRC) is used as an estimate of current value. For non-property assets that

have short useful lives, or low values (or both), depreciated historical cost is used as an estimate of current value.

Assets included in the Balance Sheet at current value are revalued sufficiently regularly to ensure that their carrying value is not materially different from their current value at the year-end but, as a minimum, every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains.

Exceptionally, gains might be credited to the Surplus or Deficit on the Provision of Services where they arise from the reversal of a loss previously charged to a service. Where decreases in value are identified, they are accounted for as follows:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains), and
- where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and possible differences are estimated to be material, the recoverable amount of the asset is estimated, and where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Disposals

When an asset is disposed of, or is decommissioned, the carrying amount of the asset on the Balance Sheet is written off to the Comprehensive Income and Expenditure Statement, alongside any receipts from the disposal. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account. All sale proceeds in excess of £10,000 are treated as capital receipts.

Depreciation

Depreciation is provided for on all property, plant, and equipment over their useful lives. An exception is made for assets without a finite useful life (i.e. freehold land and certain community assets) and assets which are under construction and not available for use. Depreciation is calculated on the following bases:

- Buildings – straight line allocation over the useful life of the property as estimated by a qualified valuer.
- Vehicles, plant, and equipment – on a straight-line basis over the life of the asset, as advised by a suitably qualified officer.
- Infrastructure – on a straight-line basis as follows (unless otherwise advised by a suitably qualified officer):
 - Carriageways – 17 years
 - Footways and cycleways – 30 years
 - Structures (e.g., bridges) – 50 years
 - Lighting – 40 years
 - Traffic management and street furniture – 20 years

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

As a temporary relief from the reporting periods commencing 1 April 2021 through to 31 March 2025 local authorities are not required to report gross book value and accumulated depreciation for infrastructure assets. This temporary relief has been introduced to the Code because historical information deficits resulting from

the reporting requirements mean that this information is unlikely to faithfully represent the asset position to the users of the financial statements.

xi. Assets Held for Sale

Where a disposal of an asset is highly probable, and the asset is available for sale in its present condition these are classified as assets held for sale. Management must be committed to the sale. Depreciation is not charged on assets held for sale. They are carried on the balance sheet at the lower of the carrying amount and fair value less costs to sell.

xii. Investment Properties

Investment properties are those that are used solely to earn rentals and/or for capital appreciation.

Investment properties are measured initially at cost and subsequently at fair value, being the amount at which the asset could be exchanged in an arm's length transaction between knowledgeable partners. Investment properties are not depreciated but are revalued annually according to market conditions at the year end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rental income receivable from Investment properties is credited to the Financing and Investment Income and Expenditure line, and result in a gain for the General Fund balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund balance. These are therefore reversed out of the General Fund balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and the Capital Receipts Reserve as appropriate.

xiii. Provisions

Provisions are made where an event has taken place that gives the council a legal or constructive obligation likely to require settlement by a transfer of economic benefit or service potential and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the appropriate service in the Comprehensive Income and Expenditure statement in the year that the council becomes aware of the obligation and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

xiv. Usable Reserves

The council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund balance.

xv. Revenue Expenditure Funded by Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the council has determined to meet the cost of this expenditure either from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

xvi. Schools

The Code confirms that the balance of control for local authority maintained schools (i.e. those categories of school identified in the School Standards and Framework Act 1998, as amended) lies with the local authority. The Code also stipulates that those schools' assets, liabilities, reserves, and cash flows are recognised in the local authority financial statements (and not the group accounts). Therefore, schools'

transactions, cash flows and balances are recognised in each of the financial statements of the council as if they were the transactions, cash flows and balances of the council.

xvii. Service Concessions (Private Finance Initiative or PFI)

Service concession contracts are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the contractor. As the council is deemed to control the services that are being provided under such contracts, and as ownership of the assets will pass to the council at the end of the contract, the council carries the assets used under the contracts on its Balance Sheet as part of property, plant and equipment.

The amounts paid to the PFI operator each year are analysed into five elements:

- Fair value of services received: debited to the relevant service in the Comprehensive Income and Expenditure statement.
- Finance cost: an interest charge on the outstanding liability is debited to interest payable in the Comprehensive Income and Expenditure Statement.
- Contingent rent: this represents increases in the amount to be paid for the property arising during the contract, debited to the Financing and Investment income and expenditure line in the Comprehensive Income and Expenditure Statement.
- Payment towards liability: this is applied to write down the Balance Sheet liability towards the PFI operator.
- Life cycle replacement costs: these are recognised as non-current assets on the Balance Sheet.

A government grant is received in respect of the PFI scheme, and this is credited to the Waste service.

xviii. Value Added Tax (VAT)

VAT payable is included as an expense only to the extent that it is not recoverable from HMRC, whether of a revenue or capital nature.

xix. Fair Value Measurement of Non-financial Assets

The council measures some of its non-financial assets such as surplus assets and investment properties and some of its financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either, in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset.

The council measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset, assuming that market participants act in their economic best interest.

When measuring the fair value of a non-financial asset, the council takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

xx. Former Avon County Council debt

Following Local Government Reorganisation in 1996, Avon County Council's residual debt is administered by Bristol City Council. The share of the residual debt apportioned to South Gloucestershire Council is included on the Balance Sheet as a deferred liability under long-term liabilities. All successor unitary authorities make an annual contribution to principal and interest repayments. The deferred liability is written down by the amount of the principal repayment. The interest is charged to the Surplus/Deficit on Provision of Services.

xxi. Interests in Limited Companies

The council has one wholly owned subsidiary company. This is the Bristol and Bath Science Park Estate Management Company Limited, (registered number 07523533) which the council acquired in September

2018. Group accounts have not been prepared as the value of the company's income, expenditure, assets, and liabilities is not material in the context of the council's financial statements overall.

xxii. Events after the Reporting Period

Events after the balance sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the statement of accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the statement of accounts is adjusted to reflect such events
- those that are indicative of conditions that arose after the reporting period – the statement of accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the statement of accounts.

2. Accounting standards issued, not yet adopted

Under the Code of Practice on Local Authority Accounting in the United Kingdom 2023/24 (the Code), the council is required to disclose information setting out the impact of an accounting change required by a new standard that has been issued but not yet adopted. Potential items have been identified as follows:

- IFRS 16 Leases – requiring all leases to be recognised on the Balance Sheet, subject to a de-minimis and exemptions. CIPFA/LASAAC deferred the mandatory requirement to account for leases in accordance with IFRS 16 from 1 April 2022 until 1 April 2024. The Council chose not to adopt IFRS 16 on a voluntary basis for 2022/23 or 2023/24. The mandatory requirements for 2024/25 will include an amendment to IFRS16 for lease liabilities in a sale and leaseback. There are also changes to the transitional arrangements for service concession arrangement liabilities.

Adoption of the standard, including the amendments, is not expected to have a material impact on the Council's financial statements.

Other amended standards that apply from 1 April 2024 that have a minor impact on the Code are:

- Amendments to IAS 1 Presentation of Financial Statements – providing clarification of the difference between current and non-current liabilities.
- Amendments to IAS 12 International Tax Reform: Pillar Two Model Rules – introducing a temporary mandatory exception from accounting for deferred taxes.
- Supplier Finance Arrangements, which amended IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures – additional disclosures for supplier finance arrangements.

None of these amendments are anticipated to have a material impact on the Council's financial performance and financial position

3. Critical judgements in applying accounting policies

The judgements made which have the most significant effect on the amounts recognised in the financial statements are:

(a) Waste PFI contract

The council is deemed to control the services created under the integrated waste management contract with Suez. The accounting policies for service concession arrangements (formerly known as PFI schemes and similar contracts) have been applied to these contracts and assets (valued at £14,632k) are recognised as Property, Plant and Equipment on the council's Balance Sheet, as shown in Note 11. The council is deemed to control the residual value of the assets, as the contract provides for the return of these assets at the end of the contract period.

(b) Schools

In its role as a Local Education Authority the council oversees a range of schools: Community schools, Voluntary Aided (VA) schools and Voluntary Controlled (VC) schools. The different form of school affects the make-up of their governing body, the admissions policy, funding arrangements and the legal ownership of assets.

Legal ownership of VA and VC schools often rests with a Diocese or another charitable body or trust. However, the council is deemed to exert significant control over the activities conducted in these schools and it has therefore determined that the buildings of VA and VC schools should be included on its Balance Sheet. The land element of these schools has been assessed on a case-by-case basis and land not controlled by the council (depending on ownership, leasing arrangements and maintenance responsibilities) is not included on the Balance Sheet. The income, expenditure, liabilities and reserves of these schools are also included in the accounts and reserves held for schools are included in Earmarked Reserves (see Note 10).

The council undertook a comprehensive review of its policy for school non-current assets in 2014/15. All Community schools are owned by the council and the land and buildings used by the schools are included on the council's Balance Sheet.

4. Assumptions made about the future and other major sources of estimation uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends, and other relevant factors. However, balances cannot be determined with certainty, and actual results could be materially different if the assumptions and estimates were to change.

The council is exposed to a degree of estimation uncertainty related to interest rate risk in its financial instruments, principally its borrowing and investments. More information on this can be found at Note 38.

IAS 1 requires the council to disclose information about the assumptions it makes about the future, and other major sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year. In respect of those assets and liabilities, the notes shall include details of:

- (a) their nature, and
- (b) their carrying amount as at the end of the reporting period.

While there are a number of areas of uncertainty that the council manages, those that have a significant risk of resulting in a material adjustment to the carrying amount of assets and liabilities in the next financial year are as follows:

- Valuation of certain parts of the Council's Plant, Property and Equipment balances; and
- The net defined benefit pension liability.

These are dealt with separately below.

Property Plant and Equipment (PPE)

Approach

The council recognises the value of a significant number of Property Plant and Equipment, with a total Net Book Value of £972m (including Infrastructure assets of £299m) at 31st March 2024. Of this total, £330m of council PPE assets are held at Historic Cost, leaving £641m requiring revaluation at intervals of no more than 5 years, in accordance with the Code.

In order to mitigate the risk of material uncertainty in the valuations, all Community Centres, Leisure Centres, Libraries, Schools and the Secure Unit are revalued annually by the council's valuation team on a Depreciated Replacement Cost (DRC) basis. All Surplus Assets are revalued every year on a Fair Value basis. The remainder of the assets, being Operational assets, Land, and Community Assets are revalued on an Existing Use basis (either a Market approach, an Income approach, or a mix). The revaluations are carried out on the basis of a five year rolling programme.

Uncertainties

When carrying out revaluations, assumptions are made using comparable evidence market conditions, build costs, and the remaining life of the assets.

Effect

In 2023/24 the Council revalued 180 assets, which resulted in an updated net Book Value of £574m. A 1% reduction in this value would result in a £5.74m reduction in the value of long-term assets and an equivalent reduction to Unusable Reserves on the Balance Sheet.

As stated above, a number of asset valuations are carried out on the basis of a five-year rolling programme. For these assets a separate desktop calculation is carried out, using industry standard indices, to estimate the change in asset valuation from the date of last valuation to 31st March 2024. This estimated change falls below the council's triviality threshold.

Pension Liability (see also Note 35).

Approach

The council and its actuary follow an agreed process for valuing the pension fund. With a full valuation every three years and a roll forward every year in accordance with IAS19, with changes in assets and liabilities estimated. The net liability included on the Balance Sheet at 31 March 2024 in respect of defined benefit plans is £82,688m.

Uncertainties

The actual valuation results could be significantly different to those in Note 35 were the key assumptions to vary, given the nature of a roll forward approach, where certain key inputs are updated, rather than formally reassessed, there is a larger inherent degree of uncertainty in any year for which a roll forward approach is applied.

Due to the complexity of the calculation, it is impracticable to disclose the full nature and extent of the change in these assumptions in the next twelve months, however a sensitivity analysis is provided in full in Note 35 which indicates the potential scale and impact of certain key assumptions.

Effect if actual results differ from Assumptions

However, this note and the sensitivity analysis included deals predominantly with the overall calculation itself, and not the uncertainty that relates specifically to the roll forward approach. While the standard requires the council to disclose this specific uncertainty, given the complexity of the calculation, we have concluded that it is impracticable to quantify it. See Note 35 for further details.

5. Material items of income and expense

The council paid Suez Recycling and Recovery UK Ltd £19.5m (£18.1m in 2022/23) for waste collection and disposal services provided by under a service concession contract (see Note 32 for more details).

6. Events after the Balance Sheet date

The Statement of Accounts was authorised for issue by the Chief Financial Officer on 31st May 2024. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2024, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

The financial statements and notes have not been adjusted for events taking place after 31 March 2024 which are relevant to an understanding of the council's overall financial position but do not relate to events and conditions taking before the year end.

7. Expenditure and Funding Analysis

The objective of the Expenditure and Funding Analysis is to demonstrate to council taxpayers how the funding available to the council (i.e. government grants, council tax and business rates) for the year has been used in providing services in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. The Expenditure and Funding Analysis also shows how this expenditure is allocated for decision making purposes between the council's departments. Income and expenditure accounted for under generally accepted accounting practices is presented in more detail in the Comprehensive Income and Expenditure Statement.

Expenditure and Funding Analysis - Adjustments between Funding and Accounting Basis

Net Change for Non-Statutory Adjustments (1)

To reallocate specific transactions to/from service areas (net cost of services) to Other Income and Expenditure to comply with the presentational requirements in the Comprehensive Income and Expenditure Statement. These adjustments include interest receivable and payable, investment income and levies. An adjustment is also made for movements in earmarked reserves which are included for the purposes of Outturn reporting but excluded from the Surplus/deficit on provision of services.

Net Change for Capital Adjustments (2)

Adds in depreciation, impairment and revaluation gains/losses in the services line, and for:

- **Other operating expenditure** - adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets.
- **Financing and investment income and expenditure** - the statutory charges for capital financing, i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure, as these are not chargeable under generally accepted accounting practices.
- **Taxation and non-specific grant income and expenditure** - capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxation and Non-Specific Grant Income and Expenditure line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

Net Change for the Pension Adjustments (3)

Adjustments for the removal of pension contributions and the addition of IAS 19 Employee Benefits pension related expenditure and income:

- **For services** this represents the removal of the employer pension contributions made by the authority as allowed by statute and the replacement with current service costs and past service costs.

- For **Financing and investment income and expenditure** - the net interest on the defined benefit liability is charged to the CIES.

Other Adjustments (4)

Represents other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- For **Financing and investment income and expenditure** the other differences column recognises adjustments to the General Fund for the timing differences of premiums and discounts.
- The charge under **Taxation and non-specific grant income and expenditure** represents the difference between what is chargeable under statutory regulations for council tax and NDR that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference, as any difference will be brought forward in future Surpluses or Deficits on the Collection Fund.

8. Expenditure and income analysed by nature

2022/23 £'000		2023/24 £'000
	Expenditure	
256,045	Employee benefits and related expenditure	232,980
376,147	Other services expenses	411,431

10. Movements in earmarked reserves

This note sets out the amounts set aside from the General Fund Balance in earmarked reserves to provide financing for future expenditure plans and the amounts posted back from earmarked reserves to meet General Fund expenditure. It should be noted that the Section 31 Grant Reserve holds balances which will be discharged against the Collection Fund deficit in the following year, and do not provide additional future spending power.

Earmarked reserves	Balance at 31 March 2022	Transfer out	Transfer in	Balance at 31 March 2023	Transfer out	Transfer in	Balance at 31 March 2024

The purpose of each reserve is:

Reserves for revenue purposes	
Name	Purpose
Arts funding	To fund art development projects and officer resource.
Budget carry forward	To hold carry forwards at year end for transfer to relevant service areas in the new financial year.
Building control	To hold any surpluses/deficits arising from the separate rolling trading account as required under legislative requirements.
City Region Deal - Economic Development Fund Smoothing	To hold council's share of unallocated funds in City Region Deal Business Rates Pool.
CIL Admin reserve	To hold accrued CIL admin income.
Council elections	To fund the cost of full council elections and any by-elections
Council Tax and Business Rate Support Reserve	This is a reserve to support collection fund deficits.
COVID Financial Support Reserve	This is a reserve to support COVID-19 support services.
Corporate Telephone system	To fund the replacement of the Council's telephone and call handling system
Cultural diversity	To fund community events such as Armed Forces Day, Ambitions and St Georges Day
Dedicated Schools grant balance	This reserve is retained to hold any annual surpluses which are to be held as ring-fenced reserves.
Domestic homicide review	To fund domestic homicide reviews
Drainage strategic works	To meet the cost of Strategic Drainage Developments
Economic Development	To partly offset the revenue cost of carry borne by the council when initially funding City Region Deal infrastructure schemes, together with the costs of the Devolution Agreement and any subsequent underwriting of the West of England Combined Authority in its formative years
Enterprise Resource Planning	To provide resources for development of new ERP system.
Financial Risks	To give cover for possible adverse impacts arising from the economy, business rate appeals, and welfare responsibilities, and to help offset projected in year deficits in future years to ensure a broadly balanced budget in the medium term.
Home Choice	To deliver Homelessness Reduction Act grant via early intervention and engagement with homeless clients.
Housing Enabling	To provide a 3 year contingency to mitigate any fall in fees against newly set income target.
Insurance	To fund the potential costs of claims incurred but not yet reported where the council may be liable and to cover claims liabilities which fall outside the scope of the council's insurance cover.
Integrated Care Reserve	To support the activities of the BNSG Healthier Together Single System Plan, improving the health and wellbeing of our population and reducing health inequalities.
Invest to Save	To meet the costs of projects which support the Council Savings and Digital Programmes
Investment smoothing	To support income fluctuations arising from the Council's investment strategy
Licensing	To hold surpluses relating to licensing to support the ongoing delivery of the licensing service in line with statutory guidance
Local Plan/Development Framework	To support the costs of the Local Plan through its 6 year rolling cycle of development

Reserves for revenue purposes Name	Purpose
Music Hub – Arts Council Reserve	To provide a restricted reserve for Music education hub purposes to comply with the grant conditions for Arts Council for England.
New Homes Bonus	To hold the balance of New Homes Bonus grant allocated out via the Area Fora.
Oldbury Nuclear Planning	To provide funding for any costs that are not covered by the Planning Performance Agreement for the potential plan at Oldbury on Severn.
Open Spaces improvements	To fund open spaces works for a defined purpose, either revenue or capital.
Planning appeals	To meet the legal costs of any planning appeals that exceed revenue budget and includes funds to support additional capacity.
Planning Enforcement	To contribute towards larger planning enforcement case which cannot be covered by base budget.
Prevention Fund Reserve	To support 'invest to save' Public Health prevention initiatives to improve the health of the population and reduce inequalities.
Print and multi-functional device renewal	To cover the renewal of print and MFD equipment
Private sector housing deposits	To underwrite housing deposit bonds paid to landlords.
Private Sector Housing - Accommodation Survey	To provide cyclical funding for 5 yearly accommodation survey.
Property Maintenance Reserve	To hold maintenance costs for Property Services, including the Science Park.
Prosecution	To cover the costs of prosecution on issues of licensing, envirocrime, planning enforcement and trading standards.
Psychology service	To support continued delivery of psychology services through Integra, including cover for sickness and maternity leave, equipment and training.
Public Health	To support the public health functions of the council.
Remedial works	To fund remedial highways expenditure.
Residual HRA	To hold the Housing Revenue Account balance at the time the Large Scale Voluntary Transfer of housing in 2007, delegated to members to fund projects in former council housing areas.
Schools balances	To hold ring-fenced grants related to individual schools balances.
Section 31 Grant reserve	To hold the s.31 grants receivable that are earmarked against future years' collection fund deficits.
Service Investment and Opportunities	To support current and forthcoming new service investments and opportunities.
Severance	To support the costs of achieving staffing reductions
Smart cards	To meet the development costs of Smart Ticketing and contactless payments across the West of England public transport network
Social care Smoothing Reserve	This is a reserve to support changes to demographic and price pressures
Strategic Project Development Fund	This is a reserve to assist in the development of strategic regeneration, housing and infrastructure projects.
Refugee resettlement reserve	To support resettled refugee families across multiple years.
Traded services	To meet in-year trading deficits.
Troubled families	To complete the five year work plan associated with Troubled Families initiative.
Universal credit implementation	To absorb any additional costs to the council following the introduction of Universal Credit
Vinney Green	To ensure there is a contingency fund in the event of disaster, emergency or security risk.
Waste management equalisation	To equalise the costs of the PFI waste contract over its life to 2025/26

Reserves for capital purposes Name	Purpose
BAC Aviation Trust	To underwrite loan funding to the BAC trust
Capital Fund	To provide funding to support the capital programme
Major Schemes	To contribute towards the funding of major transport schemes in South Gloucestershire.
Page Park maintenance	To fund maintenance costs of Page Park maintenance from rental income as per HLF funding agreement
Revenue Contributions to Capital funding	Funds held for future spend against specified capital projects
Street Care Fixed Assets Replacement	To provide the financing for the replacement of vehicles and equipment as supported by the Asset Replacement Plan

11. Infrastructure Assets and other Property, Plant and Equipment

Infrastructure Assets

In accordance with the temporary relief offered by the Update to the Code on infrastructure assets this note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resultant information deficits mean that this would not faithfully represent the asset position to the users of the financial statements.

The authority has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

The authority has determined in accordance with Regulation 30M of the Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2022 that the carrying amounts to be derecognised for infrastructure assets when there is replacement expenditure is nil.

Infrastructure Assets		
2022/23		2023/24
£'000		£'000
268,561	Net Book Value (modified historical cost) at 1 April	298,258
23,337	Additions	20,974
(19,371)	Depreciation	(20,079)
25,730*	Other movements in cost	0
298,257	Net Book Value at 31 March	299,153

* Other movements in cost in 2022/23 relate to 3 assets previously classified as under construction, brought into use in the year.

The following useful lives have been used in the calculation of depreciation (which is applied on a straight-line basis) for Infrastructure Assets (unless otherwise advised by a suitably qualified officer):

- Carriageways – 17 years;
- Footways and cycle ways – 30 years;
- Structures (e.g. bridges) – 50 years;
- Lighting – 40 years, and
- Traffic management and street furniture – 20 years.

Property, Plant and Equipment

The following useful lives have been used in the calculation of depreciation (which is applied on a straight-line basis):

- Land - indefinite life.
- Buildings - up to 60 years, determined by a professional valuer at each valuation.
- Plant, Vehicles and Equipment - 3 to 10 years.

Fair value hierarchy

Details of the council's surplus assets and information about the fair value hierarchy as at 31 March 2024 and at 31 March 2023 are as follows:

Fair Value 31 March 2023 £000	Description of asset	Valuation Hierarchy	Basis of Valuation	Observable and unobservable inputs	Key sensitivities	Fair Value 31 March 2024 £000
23,771	Surplus assets	Level 3	Valued using a market approach, adjusted to reflect planning uncertainty.	Observable: development land values (comparables), site constraints and planning guidance. Unobservable: variables in market evidence, build & site clearance costs, unforeseen ground conditions and planning permissions/requirements.	Planning permissions	24,965

The council's surplus assets have been assessed as Level 3 of the fair value hierarchy for valuation purposes. The fair value of surplus assets has been measured using a market approach, adjusted to reflect planning uncertainty. This takes into account quoted prices for comparable assets, any site constraints and current planning guidance.

There has been no change in the valuation techniques used during the year. In estimating their fair value, the council's surplus assets have been valued to their highest and best use.

Capital Commitments

As at 31 March 2024, the Council had contractual commitments for capital schemes in 2024/25 and future years. These commitments totalled £20,145k as shown in the table below. Similar commitments as at 31 March 2023 were £25,541k.

	Commitment at 31 March 2024 £'000
Avonmouth & Severnside flood Mitigation & Ecology (BMM)	8,167
CSET - The Castle School Education Trust	3,379
Affordable Housing (Bromford)	2,273
Charfield Station	2,125
The Grange	1,342
Kings Chase public realm works	1,200
Atkins A38 Multi Modal	647
Atkins A432 Multi Modal	509
Barrs Court	503
Total	20,145

Schedule of Asset Revaluations by Year

The council carries out a five-year rolling revaluation programme for its material Property, Plant and Equipment assets. The valuations are undertaken by officers in the council’s Property Services division, who are RICS qualified valuers, in accordance with methodologies and bases for estimation set out in the standards of the Royal Institution of Chartered Surveyors.

In 2023/24 the rolling programme of revaluations was undertaken at 31 December 2023; all infant, junior and primary schools, libraries, youth centres, community centres, and the elderly persons home were valued at 31 January 2024; Assets Held for Sale, Surplus Assets, Regeneration Assets and Investment Properties at 28 February 2024; and leisure centres, the secondary school, the secure unit, and corporate offices were valued at 31 March 2024. Valuers are satisfied that the Balance Sheet value of assets is not materially different from if a full valuation had been carried out on 31 March 2024.

	Land & Buildings £'000	Vehicles, Plant & Equipment £'000	Infrastructure Assets £'000	Community Assets £'000	Surplus Assets £'000	Assets Under Construction £'000	Total £'000

2022/23	23,752	6,645	0	91	0	0	30,488
2021/22	17,156	0	0	485	0	0	17,642
2020/21	9,578	2,205	0	0	0	0	11,783
2019/20	5,493	0	0	0	0	0	5,493
Held at historic cost	1,208	12,733	299,153	381	0	18,540	332,015
Total	531,405	90,107	299,153	957	24,965	25,338	971,927

Assets Held for Sale

	Current	
	2023/24	2022/23
	£'000	£'000
Balance at 1 April	1,038	1,596
Assets newly classified as held for sale		
Property, Plant and Equipment	1,401	1,038
Assets declassified as held for sale:		
Property, Plant and Equipment	(1,038)	
Assets sold	0	(1,596)
Balance at 31 March	1,401	1,038

Fair value hierarchy

Details of the council's assets held for sale and information about the fair value hierarchy as at 31 March 2024 and at 31 March 2023 are as follows:

Description of asset	Valuation Hierarchy	Basis of Valuation	Observable and unobservable inputs	Key sensitivities	Fair Value	Fair Value
					31 March 2024	31 March 2023
					£000	£000
Current assets held for sale	Level 3	Consisting of development land, being either a cleared site or subject to proposed demolition, which has been valued by staff in the Council's Property Services division, who are RICS qualified valuers, on an annual basis. Where relevant this based on offers received, with adjustments made for any conditions e.g. planning/demolition.	Observable: development land values (comparables), site constraints and planning guidance (in some cases permissions). Unobservable: variables in market evidence, build & site clearance costs, unforeseen ground conditions, planning permissions/requirements and costs of sale.	Planning permissions	1,401	1,038

The council's assets held for sale have been assessed as Level 3 of the fair value hierarchy for valuation purposes. The fair value of surplus assets has been measured using a market approach, based on offers received with adjustments made for conditions attached. This takes into account quoted prices for comparable assets, any site constraints and current planning guidance and/or planning permission.

There has been no change in the valuation techniques used during the year. In estimating their fair value the council's assets held for sale have been valued to their highest and best use.

12. Investment Property

The following items of income and expense have been accounted for in the financing and investment income and expenditure line in the Comprehensive Income and Expenditure Statement:

2022/23 £'000		2023/24 £'000
(5,541)	Rental income from investment property	(4,710)
10,864	Direct operating expenses arising from investment property	8,673
5,323	Net (gain)/loss	3,963

There are no restrictions on the council's ability to realise the value inherent in its investment property or on the council's right to the remittance of income and the proceeds of disposal. The council has no contractual obligations to purchase, construct or develop investment property or to carry out repairs, maintenance, or enhancement. The following table summarises the movement in the fair value of investment properties over the year:

2022/23 £'000		2023/24 £'000
71,643	Balance at the start of the year	64,231
0	Additions – Purchases	4
(2,131)	Disposals	0
(8,252)	Net gains/(losses) from fair value adjustments	(5,600)
2,971	Transfers from Property, plant and equipment	0
64,231	Balance at the end of the year	58,635

Fair value hierarchy

Details of the council's investment properties and information about the fair value hierarchy as at 31 March 2024 and at 31 March 2023 are as follows:

31 March 2024	Other significant observable inputs (Level 2) £'000	Significant unobservable inputs (Level 3) £'000	Fair value as at 31 March 2024 £'000
<i>Recurring fair value measurements using:</i>

Industrial	19,735	2,325	22,060
Office units	23,540	0	23,540
Commercial units	5,850	6,005	11,855
Total	50,305	8,330	58,635

31 March 2023	Other significant observable inputs (Level 2) £'000	Significant unobservable inputs (Level 3) £'000	Fair value as at 31 March 2023 £'000
<i>Recurring fair value measurements using:</i>			
Retail	1,460	0	1,460
Industrial	22,835	3,260	26,095
Office units	25,815	0	25,815
Commercial units	6,050	4,811	10,861
Total	56,160	8,071	64,231

Transfers between levels of the fair value hierarchy

There were no transfers between levels of the fair value hierarchy in 2023/24.

Valuation techniques used to determine Level 2 and 3 fair values for investment properties

Significant observable inputs – Level 2

One retail property, three office units, one commercial property and four industrial units have been categorised as Level 2 in the fair value hierarchy. The fair value for these properties has been based on the market approach to valuation, reflecting the assets highest and best use. This takes into account quoted prices for similar assets in active markets, existing lease terms and rentals, research into market evidence including market yields, the covenant strength for existing tenants, and data and market knowledge. Market conditions are such that similar properties are actively purchased and sold and level of observable inputs is significant, leading to the properties being categorised at Level 2 in the fair value hierarchy.

Significant unobservable inputs – Level 3

Seven industrial units and nine commercial units have been categorised as Level 3 in the fair value hierarchy as the measurement technique uses significant unobservable inputs to determine the fair value measurements (and there is no reasonably available information that indicates that market participants would use different assumptions). Level 3 assets are measured using the income approach, predominantly valued through capitalisation of actual or estimated net rental income at a market yield. The approach has been developed using the investments approach set out in the RICS Red Book and the authority’s own data, factoring in assumptions such as future market conditions, rent growth, and occupancy levels.

Highest and best use of investment properties

The investment properties have been valued by the council's in-house valuers (all RICS qualified) or by external specialists (Avison Young) on an investment income basis which represents highest and best use overall.

Valuation techniques

There has been no change in the valuation techniques used during the year for investment properties.

Reconciliation of fair value measurement (using significant unobservable inputs) categorised within Level 3 of the fair value hierarchy

31 March 2023 £'000		31 March 2024 £'000
7,668	Opening balances	8,071
403	Total gains/losses for the period included in the surplus or deficit on the provision of services resulting from changes in the fair value	259
8,071	Closing balance	8,330

Gains or losses arising from the changes in the fair value of the investment property are recognised in the surplus or deficit on the provision of services - financing and investment income and expenditure line.

Quantitative information about fair value measurement of investment properties using significant unobservable inputs (Level 3)

	As at 31 March 2024 (£'000)	Valuation technique used to measure fair value	Unobservable inputs	Range (weighted average used)	Sensitivity
Industrial units	2,325	Capitalisation of actual or estimated net rental income at market yield	Future market conditions Future rent reviews Future assignees Void periods	Yield 5% - 7%	Significant changes in any of the unobservable inputs would result in a significantly lower or higher fair value measurement for these assets
Commercial units	6,005	Capitalisation of actual or estimated net rental income at market yield	Future market conditions Future rent reviews Future assignees Void periods	Yield 5% - 7%	

Valuation process for investment properties

The fair value of the authority’s investment property is measured annually at each reporting date. All valuations are carried out internally, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors (RICS). The authority’s valuation experts work closely with finance officers reporting directly to the chief financial officer on a regular basis regarding all valuation matters.

13. Financial instruments

The following categories of financial instruments are carried in the Balance Sheet:

	Long-term		Current	
	31 March 2024	31 March 2023	31 March 2024	31 March 2023
	£'000	£'000	£'000	£'000
Financial Liabilities				
Financial liabilities at amortised cost				
Principal borrowed	(109,551)	(109,998)	(38,447)	(447)
Accrued interest	0	0	(1,149)	(1,071)
Total borrowing *	(109,551)	(109,998)	(39,596)	(1,518)
Financial liabilities at contract cost included in creditors****	0	0	(43,872)	(48,570)
PFI Liabilities	(339)	(1,599)	(1,261)	(1,261)
Total Financial Liabilities	(109,890)	(111,597)	(84,729)	(51,349)
Financial Assets				
Investments held at amortised cost				
Principal	0	0	35,000	54,000
Accrued interest	0	0	658	453
Loss allowance	0	0	0	(7)
Total investments held at amortised cost**	0	0	35,658	54,446
Investments held at fair value through profit and loss***	27,604	27,281	0	0
Total investments	27,604	27,281	35,658	54,446
Cash and Cash equivalents				
Held at amortised cost	0	0	1,985	1,896
Held at fair value through profit and loss	0	0	5,682	13,519
Total cash and cash equivalents	0	0	7,667	15,415
Debtors				
Long- and short-term debtors*****	12,431	9,906	58,815	43,146
Loss allowances	(1,039)	(802)	(4,296)	(3,414)
Financial instruments included in Debtors	11,392	9,104	54,519	39,732
Total Financial Assets	38,996	36,385	97,844	109,593

* Borrowing comprises approximately £94m from the Public Works Loan Board and £16m market borrowing

** Investments at amortised cost comprise fixed term deposits in banks, bank notice accounts and loans to other Local Authorities.

*** Investments and cash equivalents at fair value through profit and loss comprise investments in pooled funds.

**** The creditors lines on the Balance Sheet include £85.5m creditors (£70.2m in 2022/23) that do not meet the definition of a financial liability as they relate to non-exchange transactions such as tax-based creditors, or receipts in advance.

*****The debtors lines on the Balance Sheet include £51.0m debtors (£40.7m in 2022/23) that do not meet the definition of a financial asset as they relate to non-exchange transactions such as tax-based debtors or payments in advance.

Fair Values of Financial Assets and Financial Liabilities

The fair value of a financial instrument is the price that would be received when selling an asset, or the price that would be paid when transferring a liability, to another market participant in an arm's length transaction. Where liabilities are held as an asset by another party, such as the council's borrowing, the fair value is estimated from the holder's perspective.

Financial instruments, except those classified at amortised cost, are carried on the Balance Sheet at fair value. For most assets, including shares in money market funds and other pooled funds, the fair value is taken from market price.

Financial instruments classified at amortised cost are carried on the Balance Sheet at amortised cost. The following table provides a comparison of these carrying values to the fair value of the instruments. Their fair values have been estimated by calculating the present value of remaining contractual cash flows at 31st March 2024, using the methods and assumptions below.

The fair value of borrowing from the Public Works Loan Board (PWLB) has been calculated by discounting the contractual cash flows over the whole life of the instrument at the appropriate market rate for local authority loans.

The fair value of market borrowing has been calculated by discounting the contractual cash flows over the whole life of the instrument at the appropriate market rate for local authority loans.

The fair value of the PFI liability has been calculated by discounting the contractual cash flows (excluding service charge elements) at the appropriate AA-rated corporate bond yield.

No early repayment or impairment is recognised for any financial instrument.

Fair values are shown in the table below, split by their value in the fair value hierarchy:

- Level 1 – fair value is only derived from quoted prices in active markets for identical assets or liabilities, e.g. bond prices
- Level 2 – fair value is calculated from inputs that are observable for the asset or liability, other than quoted prices, e.g. interest rates or yields for similar instruments, or for example where an instrument is traded in a market which is not considered to be active, using prices based on a valuation of related fund assets
- Level 3 – fair value is determined using unobservable inputs, e.g. non-market data such as cash flow forecasts or estimated creditworthiness

	Fair value level	Carrying amount 31 March 2024 £'000	Carrying amount 31 March 2023 £'000	Fair Value 31 March 2024 £'000	Fair Value 31 March 2023 £'000
<u>Financial Liabilities held at amortised cost</u>					
External Borrowing - Public Works Loan Board	2	(94,631)	(95,080)	(85,753)	(85,255)
External Borrowing - Market	2	(54,516)	(16,436)	(52,092)	(13,845)
Creditors - financial liabilities at contract cost	*	(43,873)	(48,570)	(43,873)	(48,570)
PFI liability	2	(1,599)	(2,860)	(2,859)	(4,963)
Total Financial Liabilities		(194,619)	(162,946)	(184,577)	(152,633)
<u>Financial Assets held at amortised cost</u>					
Long- and short-term investments	2	35,658	54,446	35,664	54,243
Long- and short-term debtors	*	65,911	48,836	65,911	48,836
Cash and cash equivalents	*	1,985	1,896	1,985	1,896
Total Financial Assets at amortised cost		103,554	105,178	103,560	104,975
<u>Financial Assets where carrying value is fair value</u>					
Money market funds	1	5,682	13,519		
Bond. equity and multi asset funds	1	21,601	21,034		
Property fund	2	6,003	6,247		
Total Financial Assets held at fair value		33,286	40,800		
Total Financial Assets		136,840	145,978		

* Where an instrument has a maturity of less than 12 months including trade payables and receivables, the fair value is assumed to approximate to the carrying or billed amount.

The fair value of borrowings is lower than the carrying amount because the council’s portfolio of loans includes a number of loans where the interest rate payable is lower than the current rates available for similar loans in the market at the Balance Sheet date.

The fair value of investments held at amortised cost is marginally higher than the carrying amount because the interest rate on similar investments is now lower than that obtained when the investment was originally made.

Financial Instruments: income, expense, gains and losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement in relation to financial instruments are made up as follows:

2022/23				2023/24			
Financial Liabilities	Financial Assets		Total	Financial Liabilities	Financial Assets		Total
At amortised cost	At amortised cost	Fair Value through Profit and Loss		At amortised cost	At amortised cost	Fair Value through Profit and Loss	
£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000
6,356			6,356	6,431			6,431
		2,788	2,788				0
	1		1		173		173

		(1,195)	(1,195)			(1,369)	(1,369)
			0			(323)	(323)
			0		(7)		(7)
0	(282)	(1,904)	(2,186)		(386)	(1,834)	(2,220)
6,356	(281)	884	6,959	6,431	(213)	(1,834)	4,384

14. Cash and cash equivalents

31 March 2023		31 March 2024	
£'000		£'000	
94	Cash held by the council	89	
1,802	Bank current accounts	1,896	
13,519	Other short-term deposits	5,682	
15,415	Total Cash and Cash Equivalents	7,667	

"Other Short-Term Deposits" comprises investments in pooled funds and notice accounts where funds can be liquidated with less than three days' notice.

15. Creditors

31 March 2023 £'000	Creditors	31 March 2024 £'000
(12,070)	Central Government Bodies	*
(27,261)	Other local authorities	*
(1,329)	NHS bodies	*
(67,075)	Other Trade Payables	(109,191)
(3,101)	Council Tax	(2,107)
(3,591)	Business Rates	(10,287)
(5,151)	Receipts in advance	(4,393)
(119,578)		(125,978)

**analysis to follow in final accounts*

16. Debtors

31 March 2023 £'000		31 March 2024 £'000
9,104	Non-current debtors	11,392
	Current debtors	
15,457	Council tax payers	14,302
5,050	Business rates	3,850
4,028	Related party receivables	*
55,209	Trade receivables	59,517
6,740	Other local authorities	*
9,706	Prepayments	15,134
(7,678)	Impairment Allowance for doubtful debts	(5,830)
88,512	Total Current debtors	105,562

**analysis to follow in final accounts*

17. Provisions

Provisions are amounts set aside by the council for liabilities or losses that are certain to be incurred but the amounts and dates on which they will arise are uncertain. The following is an analysis of the movement on provisions during the year:

	31 March 2023 £'000	Additional provisions £'000	Amounts used £'000	Amounts released £'000	31 March 2024 £'000
Business rates appeals provision	(9,044)	(9,710)	13,579		(5,175)
Harnhill restoration	(1,246)	(55)	159		(1,142)
Insurance provision	(2,241)	(1,854)	1,404		(2,691)
Other provisions	(488)	0	488		0
Total	(13,019)	(11,619)	15,630		(9,008)

Provisions are shown on the Balance Sheet as below:

	31 March 2023	Additional provisions	Amounts used*	Amounts released	31 March 2024
	£'000	£'000	£'000	£'000	£'000
Current (< 1 year)	(8,792)	(2,535)	8,051		(3,276)
Non-current (> 1 year)	(4,227)	(9,084)	7,579		(5,732)
	(13,019)	(11,619)	15,630		(9,008)

*Includes amounts reclassified between long term and short term

- Business Rates Appeals provision - Following the introduction of the new retained Business Rate system in April 2013, the council is responsible for meeting the cost of successful business rate appeals. This provision has been made on the basis of potential appeals against the 2023 rating list and appeals not yet settled against the 2017 rating list. The figure shown in the Balance Sheet is the council's share of the overall provision charged to the Collection Fund for Business Rates.
- The Harnhill Restoration provision relates to a closed landfill site and reflects the estimated future expenditure on after-care costs discounted for the time value of money.
- The Insurance provision - the purpose of this provision is to cover losses below the external insurance excesses.
- The infrastructure provision was released following settlement of contractor claims on a major scheme.

18. Other long-term liabilities

This balance is made up of:

31 March 2023		31 March 2024
£'000		£'000
(1,599)	Waste Private Finance Initiative lease	(339)
(12,714)	Residual Avon County Council debt (<i>see below</i>)	(12,206)
(343)	Revolving Infrastructure Fund liability	0
(135)	Deferred income	(96)
(40)	Repayable deposits	(43)
(14,831)	Total	(12,684)

Former Avon County Council debt

Following Local Government Reorganisation in 1996, Bristol City Council administers the former Avon County Council residual debt. All Avon area unitary authorities make an annual contribution to principal and interest repayments.

31 March 2023		31 March 2024
£'000		£'000
(13,244)	Opening balance	(12,714)
530	Reclassified and included in short term creditors	508
(12,714)	Closing balance	(12,206)

Repayment of debt amounting to £530k was made in 2023/24. This is part of the movement on the balance due within one year, which is included in short term creditors (Note 15).

19. Unusable reserves

31 March 2023		31 March 2024
£'000		£'000
(456,310)	Revaluation Reserve	(409,198)
(339,425)	Capital Adjustment Account	(295,832)
214	Financial Instruments Adjustment Account	152
124,919	Pensions Reserve	81,347
(2,940)	Collection Fund Adjustment Account	(5,029)
5,168	Accumulated Absences Account	8,672
2,529	Pooled Fund Adjustment Account	2,206
23,902	Dedicated Schools Grant Adjustment Account	27,460
(641,943)	Total Unusable Reserves	(590,222)

Revaluation Reserve

The Revaluation Reserve contains the gains made from increases in the value of the council's Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost,
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

31 March 2022		31 March 2024	
£'000		£'000	£'000
(424,362)	Opening Balance at 1 April		(456,310)
(68,833)	Upward revaluation of assets	(50,541)	
17,010	Downward revaluation of assets and impairment losses not charged to the Surplus/Deficit on the Provision of Services	27,608	
(51,823)	Surplus or deficit on revaluation of non-current assets not posted to the Surplus or Deficit on the Provision of Services		(22,933)
18,157	Difference between fair value depreciation and historical cost depreciation	19,213	
1,718	Accumulated gains on assets sold or scrapped	50,832	
19,875	Amount written off to the Capital Adjustment Account		70,045
(456,310)	Closing Balance at 31 March		(409,198)

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences from the different arrangements for accounting for the consumption of non-current assets and for financing the construction or enhancement of those assets under statutory provisions.

31 March 2023 £'000 <u>(358,040)</u>		31 March 2024 £'000 <u>(339,425)</u>
	Opening Balance at 1 April	
	Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement	
48,008	Charges for depreciation and impairment of non-current assets.	49,306
12,897	Revaluation losses and gains reversing past losses on non-current assets.	(2,499)
1,755	Amortisation of intangible assets.	1,958
26,631	Revenue expenditure funded from capital under statute.	32,733
4,466	Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement.	85,049
<u>93,757</u>		<u>166,547</u>
(19,875)	Adjusting amounts written out of the Revaluation Reserve	(70,045)
<u>73,882</u>	Net written out amount of the cost of non-current assets consumed in the year	<u>96,502</u>
	Capital financing applied in the year:	
(2,914)	Use of capital receipts to finance new capital expenditure	(6,890)
(50,994)	Capital grants and contributions applied	(44,336)
(2,769)	Capital expenditure charged against General Fund balances	(2)
(1,900)	PFI and Finance Lease repayments	(1,799)
(4,390)	Statutory provision for the financing of capital investment charged against the General Fund balance	(4,952)
(552)	Repayment of ex-Avon debt	(530)
<u>(63,519)</u>		<u>(58,509)</u>
8,252	Movements in the market value of investment properties debited or credited to the comprehensive income and expenditure statement	5,600
<u>(339,425)</u>	Closing Balance at 31 March	<u>(295,832)</u>

Financial Instruments Adjustment Account

This account absorbs the timing differences arising from discounts and premiums on premature debt redemption, and similar financial transactions.

31 March 2023		31 March 2024	
£'000		£'000	£'000
289	Opening Balance at 1 April		214
(77)	Proportion of premiums incurred in previous financial years to be charged against the General Fund Balance in accordance with statutory requirements.	(63)	
2	Proportion of discounts received in previous financial years to be credited against the General Fund Balance in accordance with statutory requirements.	1	
(75)	Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements.		(62)
214	Closing Balance at 31 March		152

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet costs. However, statutory accounting arrangements require benefits earned to be financed as the authority makes employer’s contributions to pension funds or eventually pays any pensions for which it is directly responsible.

31 March 2023		31 March 2024	
£'000		£'000	£'000
423,469	Opening Balance at 1st April		124,919
(333,352)	Remeasurement of the net Defined Benefit Liability		(45,004)
59,355	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement		28,691
(24,553)	Employer’s pensions contributions and direct payments to pensioners payable in the year		(27,259)
124,919	Closing Balance at 31 March		81,347

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of Council Tax and Business Rate income in the Comprehensive Income and Expenditure Statement as compared to the statutory transactions reflected in the Collection Fund.

31 March 2023		31 March 2024
£'000		£'000
17,520	Opening Balance at 1st April	(2,940)
(20,460)	Amount by which council tax and non-domestic rates income credited to the Comprehensive Income and Expenditure Statement is different from that calculated for the year in accordance with statutory requirements.	(2,089)
(2,940)	Closing Balance at 31 March	(5,029)

Accumulated Absences Account

The accumulated absences account absorbs the differences that would otherwise arise on the General Fund balance from accruing compensating absences earned but not taken in the year e.g. annual leave entitlement carried forward at the year end. Statutory arrangements require the impact on the General Fund to be neutralised by transfer to or from the account.

31 March 2023		31 March 2024
£'000		£'000
4,215	Opening Balance at 1st April	5,168
(4,215)	Settlement of previous year accrual	(5,168)
5,168	Amounts accrued at end of the current year	8,672
5,168	Closing Balance at 31 March	8,672

Pooled Fund Adjustment Account

The Pooled Fund Adjustment Account fulfils a statutory requirement to maintain an account to hold changes in the fair value of pooled investment funds, such that the changes do not impact on the revenue account.

31 March 2023		31 March 2024
£'000		£'000
(259)	Opening Balance at 1st April	2,529
2,788	Amounts by which the changes in the value of pooled investment funds charged to the Comprehensive Income and Expenditure Statement is different from that calculated in accordance with statutory requirements	(323)
2,529	Closing Balance at 31 March	2,206

Dedicated Schools Grant Adjustment Account

The Dedicated Schools Grant Adjustment Account fulfils a statutory requirement to maintain an account to hold deficits arising in the schools budget such that the changes do not impact on the revenue account.

31 March 2023 £'000		31 March 2024 £'000
21,132	Opening Balance at 1st April	23,902
2,770	School budget deficit transferred from General Fund in accordance with statutory requirements	3,558
23,902	Closing Balance at 31 March	27,460

20. Cash Flow Statement – operating activities

The surplus or deficit on the provision of services has been adjusted for the following non-cash movements:

2022/23 £'000		2023/24 £'000
47,028	Depreciation	48,024
1,755	Amortisation of intangible assets	1,958
13,877	Impairments and downward valuations	(1,218)
(8,165)	Increase / (decrease) in creditors	6,545
(19,415)	(Increase) / decrease in debtors	(19,338)
(161)	(Increase) / decrease in inventories	(164)
36,524	Movement in pensions liability	371
4,466	Carrying amount of non-current assets sold/de-recognised	85,050
8,252	Movement in investment property values	5,600
(5,721)	Other non-cash items charged to the net surplus or deficit on the provision of services	(4,012)
78,440		122,817

The surplus or deficit on the provision of services has been adjusted for the following items that are Investing or Financing activities:

2022/23 £'000		2023/24 £'000
(62,673)	Capital Grants credited to provision of services	(42,625)
1,233	Payments reducing finance lease and PFI liabilities	1,261
(6,194)	Proceeds from sale of property, plant and equipment	(836)
(67,634)		(42,200)

The cash flows for operating activities include the following items:

2022/23 £'000		2023/24 £'000
992	Interest received	521
(6,356)	Interest paid	(6,431)

(1,680)	Net Cash Flows from Financing Activities	36,369

23. Partnership Scheme - Better Care Fund

The council has a partnership arrangement with Bristol, North Somerset and South Gloucestershire Integrated Commissioning Board (BNSSG ICB) for the provision of community and mental health services together with continuing and social care. This arrangement is made in accordance with section 75 of the National Health Service Act 2006 and any surplus or deficit generated is the responsibility of the respective partner to whom it is attributed. The partnership arrangement includes all income and expenditure relating to the Better Care Fund, whether funded by the local authority or by the NHS. Each of the partner authorities is responsible for managing the individual schemes for which they have lead responsibility.

The council has reviewed the Section 75 agreements to determine which party has control over the services being delivered, in accordance with IFRS 11. As control of each of the elements of the Section 75 agreements resides with either the council or the ICB, it is considered that there is not a joint arrangement as defined in IFRS 11. Management has made a judgement that the appropriate accounting arrangement is sole control for all elements of the Section 75 agreements. Therefore, the Better Care Fund is treated as a non-pooled fund; each of the parties have chosen to contract with individual providers without reference to each other using their own sources of funding alone and it is for this reason that neither party considers they are operating a pooled budget. The Council’s funding however includes the mandatory level of income required from the ICB to support Adult Social Care Services and income from the ICB to enable a single payment to be made to providers, for the purposes of reducing complexity for providers.

The aim is to meet the needs of people living in the area of South Gloucestershire Council. Expenditure funded from this budget includes the provision of care in residential settings, community services enabling people to remain in their own homes and a community independence service which supports the re-ablement of residents.

The funding and expenditure is set out in the table below. Income from the ICB of £11,201k is included in the council’s statement of accounts alongside expenditure of £18,822k.

2022/23				2023/24		
BNSSG ICB	S.Glos. Council	Total		BNSSG ICB	S. Glos. Council	Total

In 2023/24 four non-teaching and no teaching staff appears in the table above by virtue of having received redundancy or compensation payments. In 2022/23, one non-teaching staff and no teaching staff appear in this table by virtue of having received redundancy or compensation payments.

26.External audit costs

2022/23 £'000		2023/24 £'000
171	Fees payable to Grant Thornton UK LLP with regard to external audit services carried out by the appointed auditor for the year.*	390
49	Fees Payable to Grant Thornton UK LLP for other services provided for the year. **	46
220	Total	436

* The fees payable for external audit services in 2022/23 include £11k additional fees for the audit for 2021/22 and the fees payable in 2023/24 include £12,750 additional fees for the audit of 2022/23.

** The fees payable for other services relate to audit-related services for Housing Benefits and Teachers' pensions and included additional fees for Teachers' pensions relating to 2021/22 in 2022/23.

27. Dedicated Schools Grant (DSG)

The council's expenditure on schools is funded primarily by grant monies provided by the Education and Skills Funding Agency, the Dedicated Schools Grant (DSG). The DSG is ringfenced and can only be applied to meet expenditure properly included in the Schools Budget, as defined in the School Finance and Early Years (England) Regulations 2022. The Schools Budget includes elements for a range of educational services provided on an authority-wide basis and for the Individual Schools Budget (ISB), which is divided into a budget share for each maintained school. Details of the deployment of DSG receivable are as follows:

2022/23		2023/24		
Total		Central Expenditure	Individual Schools Budget	Total
£'000		£'000	£'000	£'000
252,345	Final DSG before Academy and High Needs recoupment			269,317
(98,170)	Less Academy and High Needs figure recouped for 2023/24			(116,459)
154,175	Total DSG after Academy and High needs recoupment			152,858
2,769	Plus: Brought forward from previous year			1,443
0	Less: Carry forward to 2024/25 agreed in advance			
156,944	Agreed Initial Budget Distribution	59,397	94,904	154,301
4,778	In-year adjustments	2,103		2,103
161,722	Final Budget Distribution for 2023/24	61,500	94,904	156,404
(58,817)	Less: Actual Central Expenditure	(65,391)		(65,391)
(101,797)	Less: Actual ISB deployed to schools		(94,904)	(94,904)
334	Plus: Local Authority contribution for 2023/24	333		333
1,442	In year Carry-Forward to 2024/25	(3,558)	0	(3,558)
0	Plus: Carry-forward to 2024/25 agreed in advance			0
0	Carry-forward to 2024/25	(3,558)	0	0
(23,901)	DSG unusable reserve at the end of 2022/23			(23,902)
(1)	Addition to DSG unusable reserve at the end of 2023/24			(3,558)
(23,902)	Total DSG unusable reserve at the end of 2023/24			(27,460)
(22,459)	Net DSG position at the end of 2023/24			(27,460)

South Gloucestershire Council entered into a Safety Valve Agreement with the Department for Education during 2021/22. The agreement is based on a multi-year recovery plan aimed at reducing the debit balance within the DSG unusable reserves. Regulations require that deficits arising on the schools budget are held separately in an unusable reserve and do not impact on the general fund balance.

28. Grant Income

The following grants and contributions have been credited to the Comprehensive Income and Expenditure Statement:

2022/23 £'000		2023/24 £'000
	<u>Credited to taxation and non-specific grants</u>

29. Transactions with related parties

The council is required to disclose material transactions with related parties: bodies or individuals that have the potential to control or influence the council, or to be controlled or influenced by the council. Disclosure of these transactions allows readers an assessment of the extent to which the council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the council.

Members of the Council

Members of the Council have direct control over the council's financial and operating policies. The total of members' allowances paid in 2023/24 is shown in Note 24. Some Members or members of their close families, have an interest in voluntary organisations and community groups awarded grants by the council. Members can award funding in accordance with the Member Awarded Funding Procedures, and in accordance with the requirements of the Member Code of Conduct. Members are advised to seek advice from Legal Services in respect of any matters in which they consider they may have an interest prior to making any decision. Some Members or members of their close families have interests in planning applications to the council. These are declared in the Member's Register of Interests which can be found on the South Gloucestershire Council website under "Your Councillors". There were no material related party transactions in 2023/24.

Other Officers

A number of officers serve on the boards of voluntary sector or not for profit organisations that provide services to or receive funding from the council. A number of officers have family members that may provide services to the council. The officers concerned make declarations of interest in the departmental Registers of Interest and ensure contacts at the council are aware of their involvement and are not involved in any decisions relating to funding or award of contracts. A review was undertaken of departmental Registers of Interests, Gifts and Hospitality. There were no significant items declared.

Entities controlled or significantly influenced by the Council

South Gloucestershire Council owns 100% of the £200 issued share capital of the Bristol and Bath Science Park Estate Management Company Ltd. (the company). One of the three directors of the company is a council officer. The principal activity of the company is the provision of estate management services at Bristol and Bath Science Park. The company accumulates the costs of managing the estate, including utilities and staff costs recharged by the council, and recovers these through service charges to the tenants. Recharges to the company by the council amounted to £314,631 in 2023/24 and at 31 March 2024 the company owed £416,454 to the council which is included in debtors. The council's interest in the company has not been included in the financial instruments disclosures at Note 13, because the net worth of the company is less than the council's minimum reporting level of £1,000. The net worth of the company is deemed to be the fair value, because the company's business model is to break-even annually.

Government Departments

The UK Central Government has effective control over the general operations of the council. It is responsible for providing the statutory framework within which the council operates, provides a significant amount of its funding in the form of grants, and prescribes the terms of many of the transactions that the council has with other parties (e.g. Council Tax bills, Business Rates and Housing Benefits). Grant funding received by the council in 2023/24 is shown in Note 28.

30. Analysis of Capital Expenditure and Financing

The total amount of capital expenditure incurred in the year is shown in the table below together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the authority, the expenditure results in an increase in the capital financing requirement (CFR), a measure of the capital expenditure incurred historically by the authority that has yet to be financed.

2022/23 £'000		2023/24 £'000
298,077	Opening Capital Financing Requirement	318,364
	Capital Investment:	
23,338	Infrastructure Assets	20,975
29,339	Property, Plant & Equipment	21,686
0	Investment Property	4
1,413	Intangible Assets	5,642
3,085	Long-term loans	2,450
26,631	Revenue Expenditure Funded from Capital under Statute	32,733
83,806		83,490
	Sources of Finance:	
(50,994)	Government grants & other contributions	(44,336)
(2,914)	Capital receipts	(6,890)
	Sums set aside from revenue:	
(2,769)	Direct revenue contributions	(2)
(4,390)	Minimum Revenue Provision	(4,953)
(1,900)	PFI and Finance Lease Repayment	(1,799)
(552)	Ex-Avon debt principal repayment	(530)
(63,519)		(58,508)
318,364	Closing Capital Financing Requirement	343,346
	Explanation of movements in year:	
20,287	Increase /(decrease) in underlying need to borrow (unsupported by government financial assistance)	24,982
20,287	Increase/ (decrease) in Capital Financing Requirement	24,982

31. Leases - the council as lessor

Operating Leases

The council leases out property under operating leases for the following purposes:

- for the provision of community services such as sports facilities and community centres.
- for economic development purposes to provide suitable affordable accommodation for local businesses.
- Smallholdings.

The future minimum lease payments receivable under non-cancellable leases in future years are:

31 March 2023 £'000		31 March 2024 £'000
1,575	Not later than one year	2,441
3,044	Later than one year and not later than five years	4,998
1,896	Later than five years	5,607
6,515	Total	13,046

The minimum lease payments receivable at 31 March 2024 do not include those from Investment Properties, which are shown separately below. The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into. No contingent rents were received in 2023/24.

Operating Leases: Investment Properties

The council's Investment Properties are generally held freehold subject to a mix of letting types to include short- and long-term leases, with lease terms ranging from 10 to 125 years and subject to periodic rent reviews and break options. Most leases apply to industrial premises with the exception of the Bristol and Bath Science Park (BBSP) the Clifton offices, Costa retail unit, Travelodge hotel and the West Wing of the Kingswood Civic Centre, which is let and now treated as an investment property. The BBSP consists of an 'Innovation Centre' and 'Grow On Centres' providing flexible office, meeting and work space, as such there is a mix of Virtual Tenancies, Licenses and Leases granted at BBSP and these are reported separately. The summary below assumes, in all cases, that the current passing rent will continue for the remaining term of each Lease/Tenancy/License up to the earliest possible termination date in accordance with the Code (i.e. to cover the period which is not 'cancellable').

The future minimum lease payments receivable under non-cancellable leases in future years are:

31 March 2023 £'000		31 March 2024 £'000
3,646	Not later than one year	4,051
12,490	Later than one year and not later than five years	11,963
34,448	Later than five years	32,928
50,584	Total	48,942

The minimum lease payments receivable for investment properties do not include rents that are contingent on events taking place after the lease was entered into. No contingent rents were received in 2023/24.

Finance Leases

The council has leased out 13 former secondary schools and 27 former primary schools to Academies on 125 year finance leases, all at peppercorn rents, which is a statutory requirement for Academies. For the term of the leases, the Academies will bear the risks and rewards of ownership and reflect the value of these as assets on their Balance Sheet. The value recorded in the council's accounts is £nil as it has no rights of access to the leased land or buildings, with the buildings value expected to be fully depreciated at the end of the lease term. The net book value of the land in the council's Balance Sheet (valued at depreciated replacement cost) at the point of transfer to academy status was as follows:

31 March 2023 £'000		31 March 2024 £'000
110,020	Unguaranteed residual value of property	133,184
110,020	Total value of transfers	133,184

32. Service concession contract

The council has a service concession contract with Suez Recycling and Recovery South Gloucestershire Ltd for an integrated waste management service which has operated since 2000 and ends in July 2025. The contract gives Suez responsibility for:

- Collection and transportation of household waste;
- Operation and management of household waste and recycling centres;
- Household waste reduction through recycling and home composting; and
- Operation of facilities for the processing and final disposal of the council's waste.

The contract specifies the minimum standards for the services to be provided by the contractor, Suez, with deductions if facilities are unavailable or performance is below the standards set out. Under the terms of the contract, existing assets (buildings, vehicles, plant and machinery) are transferred to the contractor for the duration of the contract. The contractor is obliged to maintain and replace assets throughout the duration of the contract. At the end of the contract all property, plant and equipment transferred to the operator will be returned to the council for nil consideration. The council also has the option to acquire all contractor owned assets at nil cost and to have leased assets assigned or novated to it. The council receives an annual PFI grant toward the cost of the scheme of £3,052k (see Note 28).

Value of Assets under PFI contract

The value of assets held under PFI contracts and their movements during the year is set out in Note 11.

Payments

The council makes an agreed payment (or unitary charge) each year which comprises both fixed and variable elements. Variable costs include: disposal, treatment and haulage costs for landfill, thermal treatment, composting and food waste treatment. Fixed costs include staffing, maintenance and fuel etc. together with asset acquisition and replacement throughout the contract. The unitary charge is increased each year by inflation and allowance is made for additional households in the area. The unitary charge can be reduced if the contractor fails to meet availability and performance standards in any year but can also be increased to reflect over-performance. Payments remaining to be made under the service concession contract at 31 March 2023 (excluding any estimation of inflation and availability/performance deductions) are as follows:

2022/23					2023/24			
Service cost	Reimbursement of capital	Interest	Total		Service cost	Reimbursement of capital	Interest	Total
£'000	£'000	£'000	£'000		£'000	£'000	£'000	£'000
16,962	1,261	1,112	19,335	within 1 year	18,230	1,260	1,118	20,608
23,585	1,599	1,435	26,619	within 2-5 years	6,476	339	317	7,132
40,547	2,860	2,547	45,954		24,706	1,599	1,435	27,740

Although the payments made to the contractor are described as unitary payments, they have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred and interest payable whilst the capital expenditure remains to be reimbursed.

The liability outstanding to be paid to the contractor for capital expenditure incurred is as follows:

2022/23			2023/24	
£'000			£'000	
(4,093)	Opening balance		(2,860)	
1,233	Repayment		1,261	
(2,860)	Closing balance		(1,599)	

33. Termination benefits

The number of exit packages agreed during the year and the total cost of redundancies are set out below.

2023/24	No. of Compulsory Redundancies	Number of Other Departures	Total Number of Exit Packages	Total cost of exit packages in band £'000
£0 – £20,000	13	8	21	120
£20,001 - £40,000	3	0	3	106
£40,001 - £60,000	1	0	1	44
Total	17	8	25	270

2022/23	No. of Compulsory Redundancies	Number of Other Departures	Total Number of Exit Packages	Total cost of exit packages in band £'000
£0 – £20,000	3	9	12	56
£20,001 - £40,000	1		1	28
Total	4	9	13	84

Of the 2023/24 exit packages, 11 relate to schools staff with exit costs of £61,251 (in 2022/23, one was schools staff with exit costs of £7,000).

Pension Schemes

Participation in pension schemes

As part of the terms and conditions of employment of its officers and other employees, the council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the council has a commitment to make the payments (for those benefits) and to be disclose them at the time that employees earn their future entitlement.

The council participates in four statutory pension schemes, which provide members with defined benefits related to pay and service. The schemes are as follows:

- The Local Government Pension Scheme (LGPS) for non-teaching staff;
- The Teachers' Pension Scheme for teaching staff;
- The NHS Pension Scheme for former NHS employees who transferred to the council when public health functions were transferred to local government in 2013, but who opted to stay within the NHS Pension Scheme, and
- Discretionary post-retirement benefits upon early retirement.

34. Pension schemes accounted for as defined contribution pension schemes

The Teachers and NHS Pension Schemes although defined benefit schemes are accounted for under the Code as defined contribution schemes because they are both multi-employer schemes and it is not possible to attribute the liabilities to individual employers within either scheme.

The Teachers' Pension Scheme is administered by the Teachers' Pension Agency (TPA) on behalf of the Department for Education (DfE). The scheme is unfunded and the DfE uses a notional fund as the basis for calculating the employers' contribution rate paid by participating employer organisations. Valuations of the notional fund are undertaken every four years. The council is one employer out of 12,357 employers in the Teachers' Pension Scheme.

The council is responsible for the costs of any additional benefits awarded upon early retirement outside of the Teachers' scheme. These benefits are fully accrued in the pension liability.

The scheme provides a final salary-based pension based on service to 2015 and a career average revalued earnings based pension for service since 2015. In 2023/24, the Council paid £9.89 million representing 23.83% of pensionable pay to the Teachers' Pension Scheme in respect of teachers' retirement benefits (£10.5 million and 23.56% in 2022/23). Expected contributions for the Teacher Pensions Scheme in the year to 31 March 2025 are £15.01m. There were no contributions remaining payable at year-end.

The NHS Pension Scheme is administered by the NHS Business Services Agency (NHSBSA). The scheme is unfunded and the NHSBSA uses a notional fund as the basis for calculating the employers' contribution rate paid by participating employer organisations. Valuations of the notional fund are undertaken every four years. The council is one employer out of 7,857 employers in the NHS Pension Scheme.

The scheme provides a final salary-based pension based on service to 2015 and a career average revalued earnings based pension for service since 2015. In 2023/24, the Council paid £0.1m to the NHS Pension Scheme (£0.1m in 2022/23). The employers' contribution rate was 20.6% of pensionable pay in 2023/24 (20.6% in 2022/23). Expected contributions to the NHS Pension Scheme in the year to 31 March 2025 are £0.13m.

35. Defined Benefit Pension Schemes

The Local Government Pension Scheme (LGPS) and discretionary post-retirement benefits payable to both non-teaching and teaching staff are defined benefits schemes in that post-retirement benefits are defined in the scheme legislation rather than based on contributions to the schemes.

The Local Government Pension Scheme (LGPS) is a national scheme but administered locally. For the council, this is the Avon Pension Fund administered by Bath and North East Somerset Council. The LGPS is a funded scheme which means that the council and employees pay contributions into a fund calculated at a level intended to balance the pensions liabilities with investment assets over time.

The LGPS provides a final salary-based pension based on service to 2014 and a career average revalued earnings based pension for service since 2014.

Avon Pension Fund operates under the regulatory framework for the Public Service Pensions Act 2013 and the LGPS Regulations laid thereunder. Governance of the scheme locally is the responsibility of the Pension Fund Committee of Bath and North East Somerset Council. Investment policy is determined in accordance with the LGPS Regulations as is the administration and governance of the scheme. Investment management of the fund is outsourced under the framework provided by the investment policy.

The LGPS is subject to a triennial actuarial valuation which determines the contribution rates for the next three years. The Fund's actuary is Mercer Limited. At the last valuation in 2022, the council's funding was valued at 99.3% meaning that there was a shortfall of £6.1m against its liabilities. This is an improvement since the 2019 valuation when council's funding level was 98.1% meaning that the shortfall was £14.6m. The Fund's Funding Strategy Statement sets out a deficit recovery plan designed to improve solvency to 100% over 12 years.

Following the triennial valuation in March 2022, the council was scheduled to pay normal contributions at 18.9% of pensionable pay in the years 2023/24 - 2025/26, plus total contributions of £1.832m towards recovering the deficit. In April 2023, the council made an early payment of pension fund contributions of £1.557m to the pension fund for the deficit contributions for the three years 2023/24 to 2025/26. This generated a cash saving of £0.1m to the council and improved funding for the pension fund.

The principal risks to the council from participation in the LGPS are:

- If future investment returns are lower than expected, the Fund's asset values will be lower and the funding level will worsen;
- If improvements in life expectancy are greater than expected, the cost of benefits will increase because members are living longer than expected;
- If members make decisions about their options which increase liabilities, the funding level may worsen. An example would be if fewer members commute their future pensions into cash than expected then this will increase liabilities.

Discretionary post-retirement benefits

Both the LGPS and the teachers' pension scheme permit employers to make discretionary awards of post-retirement benefits upon early retirement. These are unfunded defined benefit arrangements, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pension liabilities, and cash has to be generated to meet actual pension payments as they eventually fall due.

Transactions relating to post - employment benefits

The council recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge required to be made against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

Post-Employment Benefits	Local Government Pension Scheme		Teachers' Pension	Total 2022/23 £'000	Local Government Pension Scheme		Teachers' Pensions	Total 2023/24 £'000
	Funded	Unfunded	Unfunded		Funded	Unfunded	Unfunded	
	£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000

Retirement benefits payable to pensioners		778	1,837	2,615		818	1,928	2,746

Pensions Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the authority’s obligation in respect of its defined benefit plans is as follows:

	LGPS Funded	LGPS Unfund ed	Teacher s Unfund ed	Total 2022/23	LGPS Funded	LGPS Unfund ed	Teacher s Unfund ed	Total 2023/24
	£'000	£'000	£'000	£'000	£'000	£'000	£'000	£'000
Present value of the defined benefit obligation	(926,514)	(7,486)	(19,092)	(953,092)	(931,955)	(6,927)	(17,936)	(956,818)
Fair value of plan assets	827,868	0	0	827,868	874,130	0	0	874,130
Other movements	305			305				
Net liability arising from defined benefit obligation	(98,341)	(7,486)	(19,092)	(124,919)	(57,825)	(6,927)	(17,936)	(82,688)

However, statutory arrangements are in place whereby any deficit on the scheme is made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary. Hence, the deficit does not adversely impact on the financial position of the council which remains healthy.

Reconciliation of the Movements in the Fair Value of Scheme Assets

The expected return on scheme assets is determined by considering the expected returns available on the assets underlying the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates of return experienced in the respective markets. The actual return on scheme assets in 2023/24 was £64.911 million (£66.582 million in 2022/23).

Local Government Pension Scheme assets comprised:

Fair Value Hierarchy of assets

The estimated fair value hierarchy for the pension scheme assets is set out below.

	31 March 2024		31 March 2023	
	£'000	%	£'000	%
Quoted prices in active markets (Level 1)	583,919	67%	557,456	67%
Other significant observable inputs (Level 2)	191,434	22%	172,460	21%
Significant unobservable inputs (Level 3)	98,778	11%	97,952	12%
Total	874,131	100%	827,868	

Basis for estimating assets and liabilities

Liabilities have been assessed using the projected unit credit actuarial cost method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. Both the Local Government Pension Scheme and Discretionary Benefits liabilities have been assessed by Mercer Limited, an independent firm of actuaries, estimates for the council’s Fund being based on the latest full valuation of the scheme as at 31 March 2022. The principal assumptions used by the actuary have been:

	<u>Local Government Pension Scheme</u>		<u>Unfunded Teachers Pensions</u>	
	2023/24	2022/23	2023/24	2022/23
Mortality assumptions:				
Longevity at 65 for current pensioners:				
Men	22.0	22.4	22.0	22.4
Women	24.1	24.4	24.1	24.4
Longevity at 65 for future pensioners:				
Men	23.3	23.7	n/a	n/a
Women	25.8	26.4	n/a	n/a
Rate of inflation - CPI	2.7%	2.7%	2.7%	2.7%
Rate of increase in salaries	4.2%	4.2%		
Rate of increase in pensions	2.8%	2.8%	2.8%	2.8%
Rate for discounting scheme liabilities	4.8%	4.8%	4.9%	4.9%

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above.

The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analyses have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

Impact on the Defined Benefit Obligation in the Scheme	Increase in Assumption	Decrease in Assumption
	£'000	£'000
Longevity (increase or decrease by 1 year)	(144,865)	(105,583)
Rate of inflation (increase or decrease by 0.25%)	(164,370)	(86,078)
Rate of increase in salaries (increase or decrease by 0.25%)	(110,832)	(101,432)
Rate for discounting scheme liabilities (increase or decrease by 0.5%)	(52,669)	(197,779)

Risk Management Strategy

The funding strategy for the Local Government Pension Scheme has been developed alongside the Fund’s investment strategy on an integrated basis taking into account the overall financial and demographic risks inherent in the Fund to meet the objective for all employers over different periods. The funding strategy includes appropriate margins to allow for the possibility of adverse events (e.g. material reduction in investment returns, economic downturn and higher inflation outlook) leading to a worsening of the funding position which would result in greater volatility of contribution rates at future valuations if these margins were not included.

In the context of managing various aspects of the Fund's financial risks, the Administering Authority has implemented a number of investment risk management techniques. These include:

- Equity Protection - The Fund has implemented protection against potential falls in the equity markets via the use of derivatives. The aim of the protection is to provide further stability in employer deficit contributions in the event of a significant equity market fall.
- Liability Driven Investments (LDI) - The Fund has implemented an LDI strategy in order to hedge part of the Fund's assets against changes in liabilities for one or more employers.
- Lower risk investment strategy - This strategy predominately uses corporate bond investment assets and is expected to reduce funding volatility for employers within it. In these circumstances, the discount rate is directly linked to the yields on the corporate bonds within the strategy. In addition, the strategy has exposure to the Liability Driven Investment ("LDI") portfolio to provide protection against changes in market inflation expectations.

The principal aim of these risk management techniques is to provide more certainty of real investment returns versus CPI inflation and/or protect against volatility in the termination position. In other words, they are designed to reduce risk and provide more stability/certainty of outcome for funding and ultimately employer contribution rates.

Two employment tribunals (the McCloud and Sargeant judgements) and the Appeal Court have found that transitional provisions contravened age discrimination legislation, and therefore the changes introduced by the 2013 Act would need to be remedied. The Government confirmed that a remedy is required for the LGPS in relation to the McCloud judgement. The Regulations have not been finalised at this stage and so, in line with guidance, a reasonable estimate for the potential cost of McCloud has been included within the liabilities calculated.

Impact on the Authority's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The agreed strategy with the scheme actuary is to achieve a funding level of 100% over the next 12 years. Funding levels are monitored on an annual basis. The next triennial valuation is due to be completed on 31 March 2025.

The total contributions expected to be made to the Local Government Pension Scheme by the council in the year to 31 March 2025 are £23.078m. In addition, the Council made a pension deficit contribution of £1.557m in April 2023, relating to the years 2023/24, 2024/25 and 2025/26.

36. Contingent liabilities

In 1992 Northavon District Council, along with a number of other local authorities, became party to guarantee of £100m 8¾ % Loan Stock issued by North Housing Association – now known as Home Group Ltd. The loan stock matures in 2037. The share in the guarantee, now South Gloucestershire Council's, is 6.52%, however the guarantors have joint and several liability. Under the terms of the guarantee agreement the council has registered first legal charges over a number of properties the value of which exceeds the council's share of the guarantee. If the guarantee were called in, the council would receive the benefit of these.

South Gloucestershire Council is the subject of compensation claims under Part 1 of the Land Compensation Act 1973, in relation to the Cribbs Patchway Metrobus extension, North Fringe to Hengrove and Wraxall Road Thoroughabout schemes. The outcome of these claims is uncertain and therefore no provision has been made in the accounts at 31 March 2024.

37. Contingent assets

As part of the City Region Deal, the four participant authorities have established an Economic Development Fund (the Fund) to re-invest money from the business rates pool (the Pool) within each authority's area through approved programmes. Distributions from the Fund are subject to approval by the Board governing the Fund. However, distributions are contingent on there being sufficient cash within the Pool to make the distributions, as the Pool cannot anticipate future income. Consequently, cash is retained in the Pool as "Committed Cash not yet allocated". As at 31 March 2024, the council has a contingent asset of £34m, representing the committed cash not yet allocated to the council from the Fund.

In 2007 the council transferred its housing stock, related assets and staff to Merlin Housing Society (now known as Bromford following the finalisation of a partnership arrangement with Bromford Housing Association). The stock transfer agreement covered a range of matters and made provision for the council to receive a share of 'Right to Buy' income receipts from disposals to tenants with preserved Right to Buy conditions, after deductions allowing for loss of income and administration costs. The Right to Buy receipts

are contingent as they are dependent on Right to Buy sales to tenants with preserved rights. The council has a contingent asset for these receipts in the next 12 months estimated at around £0.7m.

38. Nature and extent of risk arising from financial instruments

Key Risks

The council's activities expose it to a variety of financial risks, the key risks being:

- **Credit risk** – the possibility that other parties might fail to pay amounts due to the council;
- **Liquidity risk** – the possibility that the council might not have funds available to meet its commitment to make payments as they fall due;
- **Re-financing risk** – the possibility that the council might be required to renew a financial instrument on maturity at disadvantageous interest rates or terms;
- **Market risk** - the possibility that unplanned financial loss might materialise because of changes in market variables such as interest rates or equity prices.

Overall Procedures for Managing Risk

The council complies with CIPFA's Code of Practice on Treasury Managements and Prudential Code for Capital Finance in Local Authorities. In line with the Treasury Management Code it maintains corporate risk management processes which are designed to identify, assess and manage all key strategic, operational and financial risks. More specifically:

- Treasury Management and Investment Strategies are produced each year and approved by elected members to set out how the council will fund its capital spending, how it lends its surplus cash and how it will manage the risks inherent in these activities.
- Treasury Management Practice Schedules are produced which specify the practical arrangements to be followed to manage these risks.
- Financial Regulations are detailed written policies covering day to day procedures and internal controls to be observed when initiating, processing and reporting financial transactions.

Credit Risk: Treasury Investments

Investment credit risk is minimised through the Annual Investment Strategy, which complies with the DLUHC guidance on Local Government Investments. This emphasises that priority is to be given to security and liquidity rather than yield. This requires that deposits are only made with organisations of high credit quality as set out in the strategy.

For 2023/24 these credit criteria were

- long-term rating of 'A-', from Fitch, Moody's or Standard and Poor's credit ratings agencies for banks and building societies
- unrated banks and building societies may be used, but limited to a maximum deposit of £1m for a maximum period of 100 days
- non-UK banks domiciled in countries with minimum sovereign rating of AA+.

The Investment Strategy also imposes maximum amounts and time limits for investments. Depending on credit ratings, these limits in 2023/24 were:

- up to £15m with any single institution (other than the UK Government), with time limits according to sector
- money market fund deposits to be no more than £20m per fund
- investments in non-UK banks not to exceed £75m in total.

The Annual Investment Strategy for 2023/24 was approved by Council on 15th February 2023 as part of the Treasury Management, Borrowing and Investment Strategy report, and is available on the council's website.

The Authority's maximum exposure to credit risk in relation to its investments in banks, building societies and money market funds cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for such entities to be unable to meet their commitments. The council has no past

experience of default on its investments and does not expect any losses from default by any of its counterparties.

The table below summarises the credit risk exposures of the council's treasury investment portfolio by credit rating and remaining time to maturity (gross of impairment allowances):

Credit Rating	31 March 2024		31 March 2023	
	Long term £000s	Short term £000s	Long term £000s	Short term £000s
AAA	0	0	0	0
AA	0		0	20,218
A	0		0	15,043
Unrated local authorities	0	35,658	0	19,192
Total	0	35,658	0	54,453
Credit risk not applicable*	27,604	5,682	27,281	13,519
Total investments	27,604	41,340	27,281	67,972

* Credit risk is not applicable to shareholdings and pooled funds where the council has no contractual right to receive any sum of money.

12 month expected credit loss allowances on treasury investments have been calculated by reference to historic default data published by credit rating agencies, multiplied by 86% (2022/23: 112%) to adjust for current and forecast economic conditions. A two-year delay in cash flows is assumed to arise in the event of default. Investments are determined to have suffered a significant increase in credit risk where they have been downgraded significantly and to below an investment grade credit rating since initial recognition. They are determined to be credit-impaired when awarded a “D” credit rating or equivalent. At 31st March 2024, loss allowances related to treasury investments were nil, as all investments were loans to other UK local authorities (2022/23: £7,331).

Credit Risk: Trade Receivables

In respect of trade debtors, credit risk is minimised by a combination of:

- encouraging payment by direct debit;
- increasing the range of payment options available (such as by internet, telephone, or using retail networks for the acceptance of payment e.g. Payzone and Paypoint);
- where possible, obtaining payment in advance of service delivery;
- regular reporting on outstanding debt;
- negotiating flexible agreements for repayment of past due debt when necessary; and
- setting collection procedures based on age of debts (reminder letters progressing to County Court Claims).

The council’s credit terms for trade debtors are 14 days, such that £39,287k (£29,302k at 31 March 2023) is past its due date for payment. This past due amount can be analysed as follows:

	31 March 2024	31 March 2023
	£'000	£'000
Less than one month	10,976	9,009
One to two months	3,112	6,213
Two to three months	395	424
Three to six months	10,571	3,029
Six months to one year	3,800	2,814
More than one year	10,431	7,813
Total	39,287	29,302

In addition to the trade debtors detailed above, the council has £5.1m of social care debtors at 31 March 2024, which arise when clients are allowed to defer payment for services if they cannot afford to pay immediately. The council initiates a legal charge on their property under S.22 of the Health and Social Services and Social Security Adjudications Act 1983. Provision has also been made to cover circumstance where the value of the property sold may not meet the value of the amount due to the council for care fees.

Loss allowances on trade receivables have been calculated by reference to the council's historic experience of default.

Trade receivables are collectively assessed for credit risk in the following groupings:

Debtor by Service Area	Range of allowances set aside	31 March 2024		31 March 2023	
		Gross receivable	Loss allowance	Gross receivable	Loss allowance
		£'000	£'000	£'000	£'000
People - Adults	1% - 100%	14,763	(3,473)	10,533	(2,879)
People - Children	1% - 100%	2,344	(51)	1,073	(51)
Place	1% - 32%	15,261	(199)	7,290	(128)
Resources & Business Change	1% - 100%	6,919	(345)	10,377	(303)
		39,287	(4,068)	29,273	(3,361)

A bad debt allowance is established when invoices are more than one month overdue for payment, but recovery action continues until all appropriate avenues are exhausted. Trade debtors are fully written off after all appropriate measures have been taken to recover payment, and in cases of bankruptcy. The amount written off at 31st March 2024 is £438,971 (2023: £404,631) and is not subject to further enforcement action.

Credit Risk: Loans, Financial Guarantees and Loan Commitments

At 31 March 2024, the council was not party to any financial guarantees or loan commitments requiring recognition on the Balance Sheet. In the furtherance of the council's service objectives it has lent money to a local charity. It has also made loans to two local companies, one to support its response to the Climate Emergency and one to support the development of housing. The amounts recognised on the Balance Sheet and the council's total exposure to credit risk in relation to these loans are as follows:

Borrower	Exposure type	Balance Sheet	Risk exposure	Balance Sheet	Risk exposure
		31 March 2024 £'000	31 March 2024 £'000	31 March 2023 £'000	31 March 2023 £'000
Local charity	Loans at market rates	607	607	735	735
Loans to local companies	Loans at market rates	5,695	5,695	3,120	3,120
TOTAL		6,302	6,302	3,855	3,855

The council manages the credit risk inherent in its loans for service purposes, financial guarantees, and loan commitments in line with its published Service Investment Strategy.

The Balance Sheet amount at 31 March 2024 is net of an allowance of £227,283 which represents the twelve month expected credit loss on the above loans (31 March 2023: £53,852).

Liquidity Risk

The council is required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. It also has ready access to borrowing at favourable rates from the Public Works Loans Board and other Local Authorities, and at higher rates from banks and building societies. The council also manages its daily liquidity position through day-to-day cash flow management, which seeks to ensure that cash is readily available when needed. There is no perceived risk that the council will be unable to raise finance to meet its commitments.

Refinancing Risk

This is the risk that the council may need to refinance a significant proportion of its borrowings at a time of unfavourably high interest rates. The council’s approved Treasury Management, Borrowing and Investment Strategies address this risk by:

- setting prudential indicators for the maturity structure of debt;
- ensuring that long term borrowing is matched to the value of capital investment over time.

The Treasury Management team manage operational risks within these approved parameters by taking out new borrowing or rescheduling of existing debt where it is economic and appropriate to do so, and by monitoring the maturity profile of existing investments.

The maturity analysis of financial liabilities is shown in the tables below, shown both as discounted (principal plus accrued interest to date) and undiscounted (principal plus future interest payments) figures.

DISCOUNTED	31 March 2024		31 March 2023	
	Financial liabilities	Liquid financial assets	Financial liabilities	Liquid financial assets
	£'000	£'000	£'000	£'000
Principal due in:				
Less than one year	(40,856)	41,340	(2,779)	67,972
Between one and two years	(787)		(1,708)	
Between two and five years	(1,341)		(1,680)	
Between five and ten years	(2,234)		(2,234)	
Between ten and twenty years	(13,009)		(10,456)	
Between twenty and thirty years	(32,819)		(23,669)	
Between thirty and forty years	(51,000)		(63,150)	
Between forty and fifty years	(8,700)		(8,700)	
	(150,746)	41,340	(114,376)	67,972

UNDISCOUNTED	31 March 2024		31 March 2023	
	Financial liabilities	Liquid financial assets	Financial liabilities	Liquid financial assets
Principal due in:	£'000	£'000	£'000	£'000
Less than one year	(45,615)	41,640	(7,402)	68,324
Between one and two years	(5,668)		(7,398)	
Between two and five years	(14,984)		(15,665)	
Between five and ten years	(24,804)		(24,847)	
Between ten and twenty years	(57,157)		(55,014)	
Between twenty and thirty years	(68,082)		(60,149)	
Between thirty and forty years	(59,316)		(73,994)	
Between forty and fifty years	(9,558)		(9,901)	
	(285,184)	41,640	(254,370)	68,324

Note: The financial liabilities above include the Waste PFI liability, see also Note 32. Trade payables are not included in the tables above, but all are due to be settled within one year.

Market Risk

Interest rate risk – the council is exposed to risk in terms of its exposure to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the authority. For instance, a rise in interest rates would have the following effects:

borrowings at variable rates	the interest expense will rise
borrowings at fixed rates	the fair value of the liabilities will fall
investments at variable rate	the interest income will rise
investments at fixed rates	the fair value of the assets will fall

The annual Treasury Management Strategy includes expectations of interest rate movements, and aims to mitigate risks by monitoring the twelve-month revenue impact of a 1% fall and rise in interest rates.

The Treasury Management team monitors market and forecast interest rates and this feeds into the setting of the annual budget as well as in-year budget monitoring. This allows for adverse changes to be accommodated, and exposure to be adjusted accordingly. For instance, during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long-term returns, and the drawdown of longer term fixed rate borrowing may be postponed.

Investments measured at amortised cost and loans borrowed are not carried at fair value, so changes in their fair value will have no impact on the Comprehensive Income and Expenditure Statement. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services. Movements in the fair value of fixed rate investments measured at fair value will be reflected in Other Comprehensive Income or the Surplus or Deficit on the Provision of Services as appropriate.

If all interest rates had been 1% higher at 31 March 2024 with all other variables held constant, the financial effect would be:

	31 March 2024 £'000	31 March 2023 £'000
Increase in interest payable on variable borrowing (includes all borrowing for less than 1 year)	362	0
Increase in interest receivable on variable rate investments (includes all investments for less than 1 year)	(296)	(454)
Decrease in fair value of investments held at fair value through profit and loss	504	456
Impact on Surplus or Deficit on the Provision of Services	2	2
Decrease in fair value of fixed rate borrowing (no impact on Surplus or Deficit on Provision of Services or Other Comprehensive Income and Expenditure)	(13,460)	(13,469)
Decrease in fair value of fixed rate investment assets (no impact on Surplus or Deficit on Provision of Services or Other Comprehensive Income and Expenditure)	54	84

The approximate impact of a 1% fall in interest rates would be as above but with the movements being reversed.

Price risk – the market prices of the council's units in pooled bond funds are governed by prevailing interest rates and the price risk associated with these instruments is managed alongside interest rate risk.

The council's investment in a pooled property fund is subject to the risk of falling commercial property prices. This risk is limited by the council's maximum exposure to pooled property investments of £15m. A 5% fall in commercial property prices at 31 March 2024 would result in a £268k charge to the Surplus or Deficit on the Provision of Services which is then transferred to the Pooled Fund Adjustment Account.

The council's investment in pooled equity funds is subject to the risk of falling share prices. This risk is limited by the council's maximum exposure to pooled equity, bond and multi-asset fund investments of £25m. A 5% fall in share prices at 31 March 2024 would result in a £372k charge to the Surplus or Deficit on the Provision of Services which is then transferred to the Pooled Fund Adjustment Account.

Foreign exchange risk – the council has no financial assets or liabilities denominated in foreign currencies. It therefore has no exposure to loss arising from movements in exchange rates.

39.City Region Deal

Background

Under the West of England City Region Deal, Bristol City, Bath and North East Somerset, North Somerset and South Gloucestershire Councils (“the Authorities”) are part of a Business Rates Retention Scheme introduced by the Government in April 2013, allowing authorities to retain a proportion of the business rate income collected locally. The Authorities are allowed to retain 100% of the growth in business rates raised in the city region's network of Enterprise Zones and Enterprise Areas over a 25 year period ending on 31st March 2039 to create an Economic Development Fund (EDF) for the West of England and to manage local demographic and service pressures arising from economic growth.

A ‘baseline’ level of rates for each Authority has been agreed with the government for the areas designated within the Non-Domestic Rating (Designated Areas) Regulations 2014. Business Rates collected up to this figure (the baseline) are subject to the national rates retention system. Rates collected in excess of this figure (the ‘growth figure’) are retained by the Authorities under the Non-Domestic Rates Designated Area Regulations 2013 and 2014 in a pooling arrangement. The governance of the distribution of retained pooled

funds is determined through a Business Rates Pool Board constituted under the Business Rates Pooling Principles Agreement (BRPPA) signed by the four Authorities.

Transactions

Each participating authority pays an annual growth figure to South Gloucestershire Council, as the Accountable Body for the Business Rates Pool (BRP), representing business rates collected in the Enterprise Zones and Enterprise Areas in excess of an agreed baseline figure. Retained funds will be distributed or invested annually in accordance with the 2014 Regulations and the BRPPA as:

- Tier 1: to ensure that no individual Authority is any worse off than it would have been under the national local government finance system.
- Tier 2: to an Economic Development Fund (EDF) for reinvestment within the designated areas through approved programmes.
- Tier 3: for the relief of demographic and service pressures associated with growth.

Cash receivable and disbursements payable by the BRP and the council's share of these transactions are shown in the table below under "Cash Transactions". The expenditure and revenue recognised in the council's CIES is also displayed and shows the increase in funds held of £13,653k.

Growth paid over to the BRP is recognised as expenditure by each council to the extent that the use of the funds by the BRP has been incurred. The council's share of the unallocated cash balance held by the Pool (£65,493k) is recognised as income and held in an earmarked reserve to smooth the impact of City Region Deal transactions and match the release of revenue support and charges for projects.

The difference between the cash sums paid by the council of £29,501k and the expenditure recognised of £15,848k is equivalent to the £13,653k increase in uncommitted and unallocated funds transferred to the earmarked reserve.

The BRP has made the following payments on behalf of the EDF in 2023/24:

To:	£'000
Bristol City Council	3,889
North Somerset Council	129
Bath and North East Somerset Council	66
South Gloucestershire Council	2,424
Total	6,508

	Cash Transactions		Revenue & Expenditure	
	Business Rates Pool Total £'000	of which SGC Share £'000	Council Expenditure £'000	Council Income £'000
Funds held by Business Rates Pool (BRP) at 1 April 2023	(79,873)	(51,840)		
Analysed between:				
Uncommitted cash (Tier 2 incl. contingency)	(1,840)			
Uncommitted cash - contingency	(2,767)	(1,951)		
Committed Cash (Tier 2 commitments)	(75,266)	(49,889)		
	(79,873)	(51,840)		
Receipts into Pool in year:				
Growth sums payable by councils into BRP (including interest)	(56,301)	(29,501)	15,848	
Distributions out of the Pool in year				
Tier 1 – no worse off	20,001	7,318		(7,318)
BRP Management Fee	36	9		(36)
EDF Management Fee	75	19		
Tier 2 EDF Funding	6,509	5,615		(2,424)
Tier 3 Demographic and Service pressures	5,151	2,887		(2,260)
Total distributions out of the Pool in year	31,772	15,848		
Funds Held by BRP at 31 March 2024	(104,402)	(65,493)		
Analysed between:				
Uncommitted cash (Tier 2)	(3,055)			
Uncommitted cash (contingency)	(3,471)	(2,176)		
Committed cash (Tier 2 commitments)	(97,877)	(63,318)		
Total CRD Business Rates Pool	(104,402)	(65,493)		
Expenditure/ (Revenue) recognised			15,848	(12,838)
Increase in funds held		(13,653)		

Under the terms of the EDF agreement, annual EDF payments from the business rates pool will only be made subject to there being sufficient cash held in the Fund in the relevant year and will be pro-rated in the event of a shortfall. Until the EDF payments become physically due each year, the cash is retained in the business rates pool and held as "Committed Cash not yet allocated". These allocations will fluctuate significantly as overall levels of cash in the Fund change and as additional EDF-funded projects are approved. EDF income to the council in respect of future year payments from the EDF is not considered sufficiently certain in terms of timing or amount to recognise a debtor at year end, and therefore is a contingent asset. Based on the current cash held and status of approved schemes, the contingent future allocation of the committed cash to the Council is £33,504k, of the total £97,877k committed pool balance. The council itself has recognised revenue income of £12,838k from the BRP and expenditure of £15,848k to the Pool for the year.

Notes to the Collection Fund

C1 Apportionment of Fund Balance

2022/23			Apportionment of Fund Balance	2023/24		
Business Rates £'000	Council Tax £'000	Total £'000		Business Rates £'000	Council Tax £'000	Total £'000
(4,162)	1,175	(2,987)	South Gloucestershire Council	(5,972)	2,550	(3,422)
(221)	0	(221)	West of England Combined Authority	(318)	0	(318)
(44)	58	14	Avon Fire Authority	(63)	119	56
0	183	183	Avon & Somerset Police & Crime Commissioner	0	384	384
(4,427)	1,416	(3,011)	Total	(6,353)	3,053	(3,300)

C2 Calculation of the Council Tax Base

The council derives income from charges raised according to the value of residential properties, which have been classified into 9 valuation bands (A-H) for this specific purpose. Individual charges are calculated by estimating the amount of income required to be taken from the Collection Fund by the council in the forthcoming year and dividing this by the council tax base (i.e. the equivalent numbers of Band D dwellings). The tax base for 2023/24 was calculated as follows:

Band	No. of Properties adjusted for growth & disabled relief	Discounts & Exemptions incl. LCTR Discounts	Discounted Equivalent Properties	Ratio to Band D	Band D Equivalent Properties
A-	36	16	20	5/9	11
A	14,063	5,017	9,046	6/9	6,030
B	36,488	6,299	30,189	7/9	23,481
C	30,770	3,880	26,890	8/9	23,902
D	24,776	2,385	22,391	1	22,391
E	13,286	867	12,419	11/9	15,179
F	6,331	519	5,812	13/9	8,396
G	2,105	161	1,944	15/9	3,239
H	166	7	159	2	319
Total	128,021	19,151	108,870		102,948
Adjustment to allow for new discounts & single persons allowances					(1,549)
Council Tax Base for 2023/24					101,399

C3 Non-Domestic Rateable Value and multiplier

2022/23		2023/24
£350,683,073	Total Non-Domestic Rateable Value at 31 March 2023	
	Total Non-Domestic Rateable Value at 31 March 2024	£347,908,555
0.512	National Non-Domestic Rate multiplier for the year (standard)	0.512
0.499	National Non-Domestic Rate multiplier for the year (small business)	0.499

Annual governance statement

July 2024

(A requirement of the Accounts and Audit Regulations (England) 2015)

Annual Governance Statement

Introduction

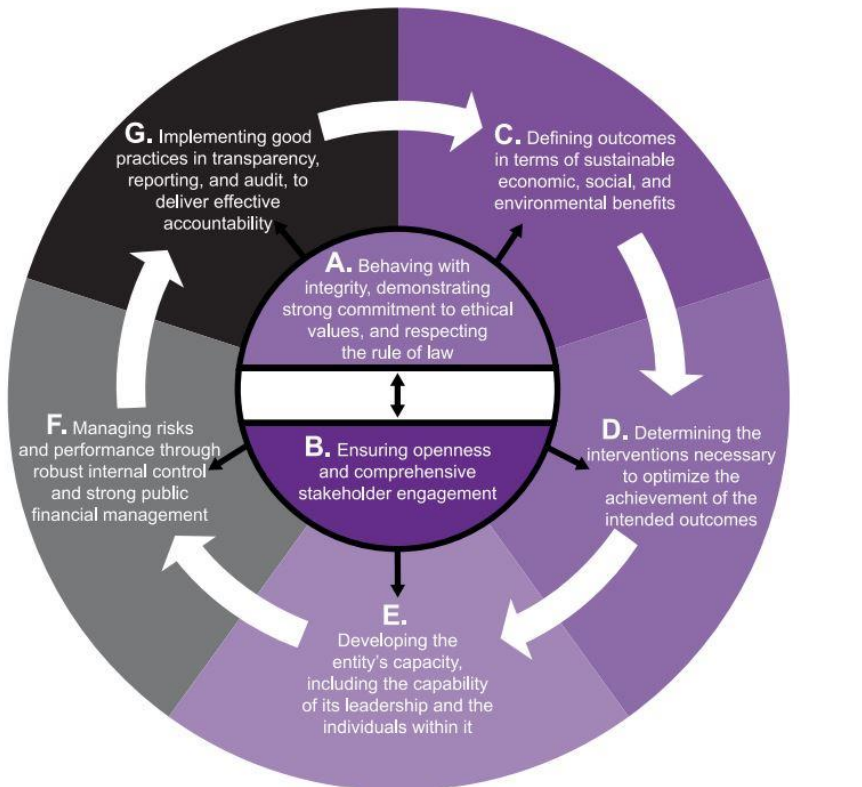

1. The council is required by the Accounts and Audit (England) Regulations 2015 to prepare and publish an Annual Governance Statement, to report publicly on the extent to which we comply with our own Local Code of Corporate Governance, including how we have monitored the effectiveness of our arrangements in year and on any planned changes to our governance arrangements in the coming year. This statement provides transparency and gives assurance that the council is committed to continuously improve the way in which it functions.
2. In this document the council:
 - Acknowledges its responsibility for ensuring that there is a sound system of governance.
 - Summarises the key elements of the governance framework and the roles of those responsible for the development and maintenance of the governance environment.
 - Describes how the council has monitored and evaluated the effectiveness of its governance arrangements in the year, and on any planned changes in the coming period.
 - Provides details of how the council has responded to any issues identified in last year's governance statement; and
3. Reports on any key governance matters identified from this review and provides a commitment to addressing them.
4. The Annual Governance Statement (AGS) reports on the governance framework that has been in place for South Gloucestershire Council for the year ended 31st March 2024 and up to the date of the approval of the statements of accounts.

Scope of responsibilities

5. South Gloucestershire Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It is also responsible for ensuring that public money is safeguarded properly accounted for, and used economically, efficiently, and effectively. The council also has a duty under the Local Government Act 1999 to secure continuous improvement in the way in which its functions are exercised.
6. In discharging these responsibilities, the council must put in place proper arrangements for the governance of its affairs and effective exercise of its functions, which includes arrangements for the management of risk.
7. South Gloucestershire Council has a Code of Corporate Governance that defines the principles and practices that underpin the governance arrangements operating at the council. The Code is located within the council's Constitution. The Code is consistent with the seven core principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) guidance 'Delivering Good Governance in Local Government Framework – 2016 Edition'.

The diagram below provides an overview of the seven principles upon which this AGS and the Code is based:

Delivering good governance – principles (CIPFA) – Achieving the intended outcomes while acting in the public interest at all times

8. More information on how the council demonstrates adherence to these principles is provided in the tables below.

What is governance?

9. Governance is about how the council ensures that it is doing the right things, in the right way, for the right people in a timely, inclusive, open, honest, and accountable manner. Good governance leads to effective:

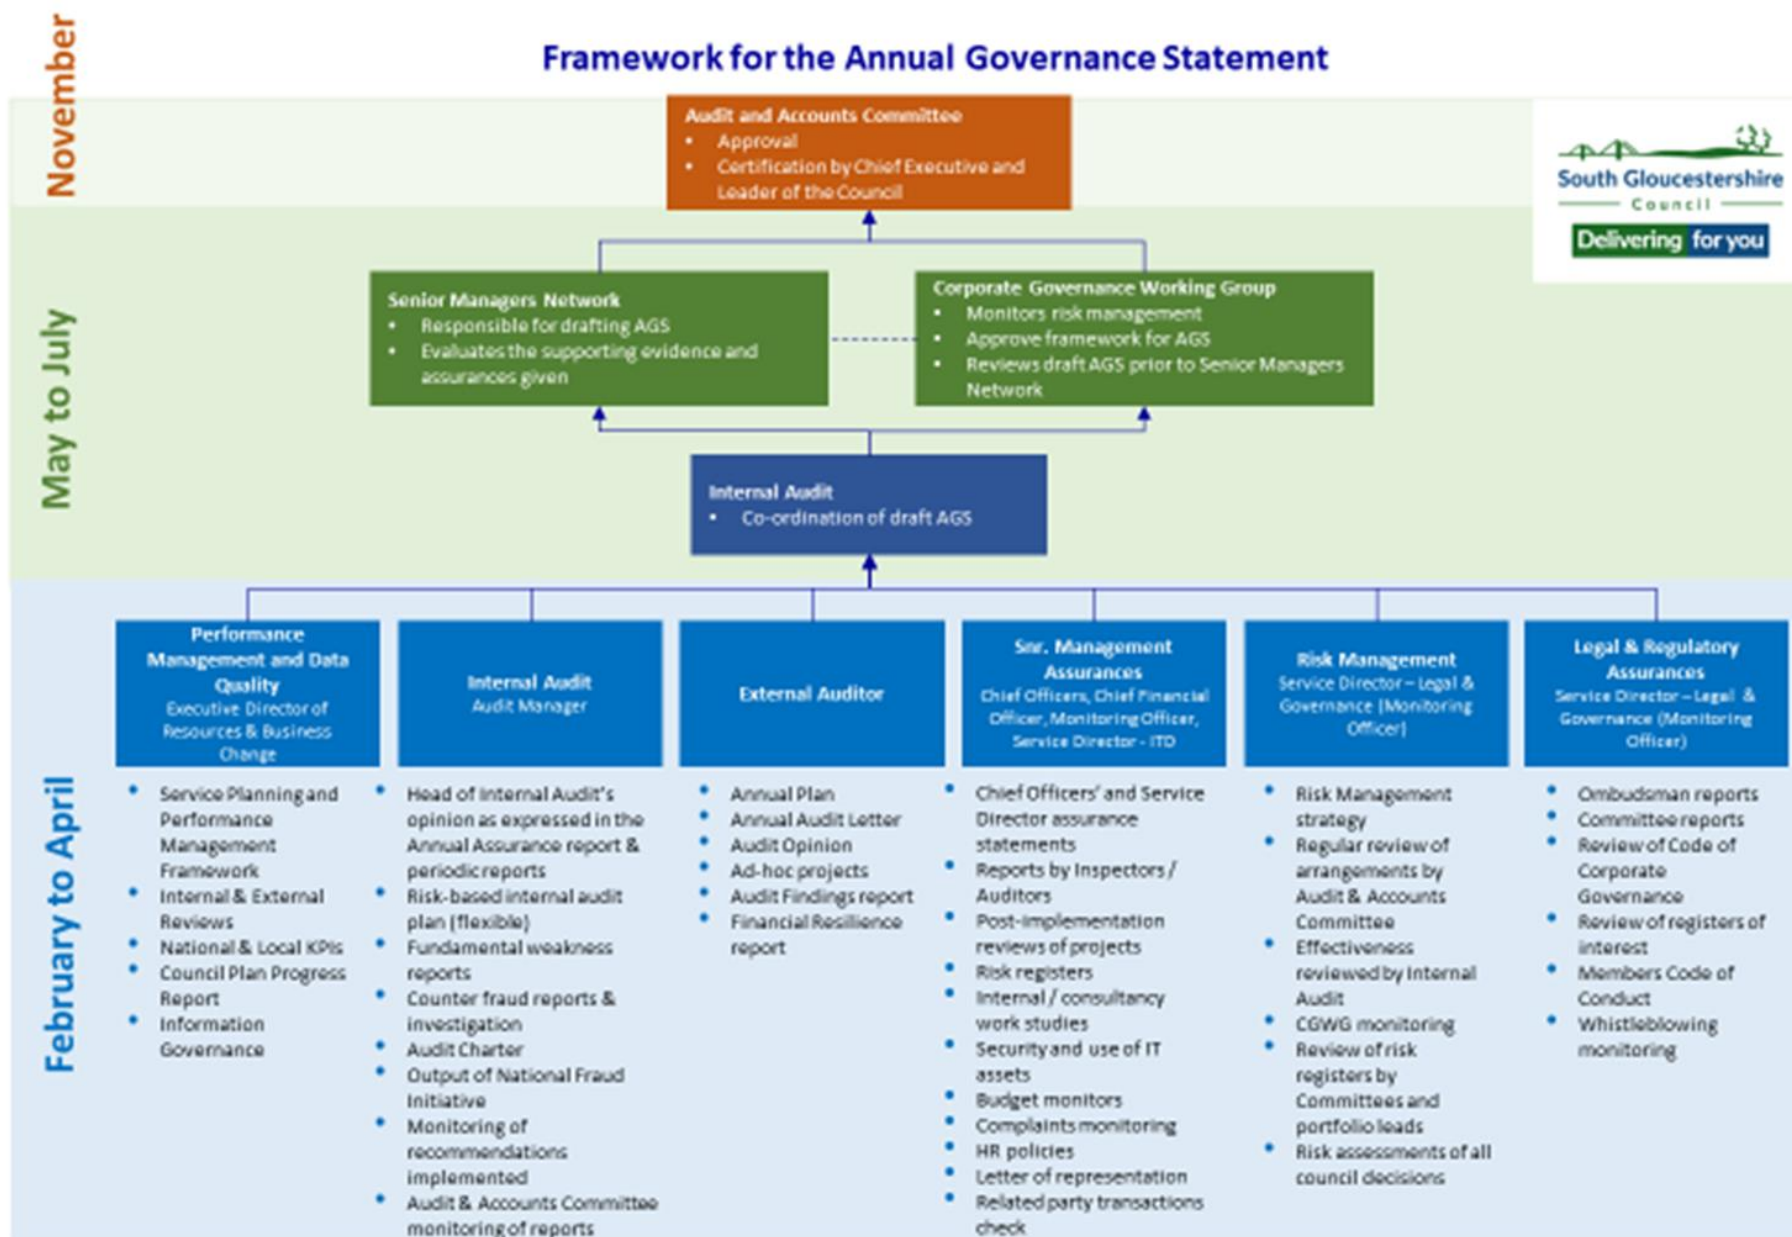

- Leadership and management.
- Performance and risk management.
- Stewardship of public money; and
- Public engagement and outcomes for those who work, live, and visit our area.

How the council knows when our governance arrangements are working

10. The council has several structures in place to demonstrate how it delivers against the core governance principles:

- The following pages provide more detail on how the council meets each of the core principles in delivering good governance.
- The council has an assurance map to identify the main sources and types of assurance available to manage key risks (see below for a diagram of the council’s assurance map).

- The council has a governance framework which comprises the culture, values, systems, and processes, by which the council is directed and controlled in its activities (refer to diagram overleaf).
11. The system of internal control is a significant contributor to the overall framework and is designed to manage risk to a reasonable level. It ensures that in conducting its business, the council:
- Operates in a lawful, open, inclusive, and honest manner.
 - Makes sure that public money and assets are safeguarded from inappropriate use, or from loss and fraud, properly accounted for and used economically, efficiently, and effectively.
 - Has effective arrangements for the management of risk.
 - Secures continuous improvement in the way that it operates.
 - Enables human, financial, environmental, and other resources to be managed efficiently and effectively.
 - Properly maintains records and information.
 - Ensures its values and ethical standards are met.
12. The council annually evaluates the effectiveness of its governance arrangements to ensure it supports the delivery of sustainable service outcomes and value for money. Some of the key sources of assurance contributing to the overall framework are:
- The work of Councillors and Senior Officers of the council who have responsibility for good governance.
 - The Head of Internal Audit’s annual audit opinion which provides an independent opinion on the effectiveness of the council’s control environment comprising risk management, control, and governance.
 - The work of the Corporate Governance Working Group and their collective oversight of the council’s risk management arrangements, including receiving regular operational risk monitoring reports and providing steer on development of risk policy.
 - Any comments made by the council’s External Auditors and any other review agencies and inspectorates.
13. However, any system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can therefore only provide reasonable and not absolute assurance of effectiveness.

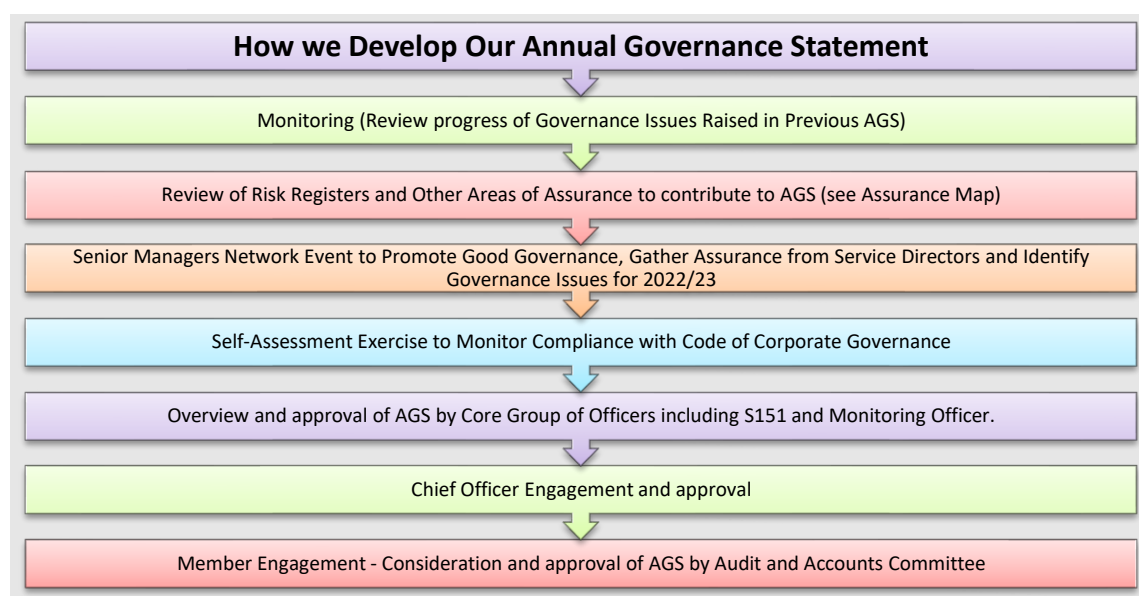

The above is not exhaustive but are the key areas that could provide assurance on the adequacy & effectiveness of controls over our key risks

- 14. The diagrams and tables within this Annual Governance Statement provide information on key governance roles and responsibilities, the constitutional structure, and the assurance map at South Gloucestershire Council. The council’s last district elections were in May 2023, and a diagram of the political structure of committees is provided elsewhere in this document.
- 15. The council’s constitution sets out: how the council operates; how formal decisions are made; and the procedures which are followed to ensure that these are efficient, transparent, and accountable to local people.

Annual evaluation of the effectiveness of the governance framework

- 16. The council is responsible for conducting an annual evaluation of the effectiveness of its governance framework, including its systems of internal control. This work is informed by the work of managers within South Gloucestershire Council who have responsibility for the development and maintenance of the governance environment. After conducting this review, the council has assurance that its governance arrangements and systems of control are robust and reflect the principles of the Code of Corporate Governance. This section explains what arrangements were reviewed, and how this assurance was achieved.
- 17. The evaluation of effectiveness will not only provide assurances over the current governance areas and arrangements but will also identify governance matters to be taken forward and addressed in the following financial year. This approach ensures a process of continuous improvement in governance.
- 18. There is a comprehensive review and engagement process for the development of the Annual Governance Statement. The diagram below provides an overview:

The governance framework – Key roles and responsibilities

<p>The Council</p> <ul style="list-style-type: none"> • There are 61 Councillors who approve the Council Plan and the Constitution (including standing orders and financial regulations). • They approve key policies and the budgetary framework.
<p>Cabinet</p> <ul style="list-style-type: none"> • The main decision-making body of the council. • Comprises the Leader of the council and eight Cabinet members who all have responsibility for portfolios.
<p>Audit and Accounts Committee</p> <ul style="list-style-type: none"> • Provides independent assurance to the council on the adequacy and effectiveness of the governance arrangements, risk management framework and internal control environment. • Oversees the work of internal audit and regularly reviews to ensure adequately resourced and effective. • Approves the Annual Statements of Account and the Annual Governance Statement.
<p>The Scrutiny Commission</p> <ul style="list-style-type: none"> • Responsible for overview and scrutiny, and for holding the Executive to account. It ensures that councillors (who are not Executive Members) have a say in council matters by holding inquiries into matters of local concerns. • Inquiries can lead to reports and recommendations which advise the Executive and Council on its policies, budget and service delivery. • Are informed of and empowered to review forthcoming executive decisions and policy. • The Scrutiny commission is responsible for setting their own work programme and where a decision is called in by any five members, they can review the decision and recommend whether it is reconsidered.
<p>The Strategic Leadership Team</p> <ul style="list-style-type: none"> • Implements the policy and the budgetary framework set by the council and provides advice to Cabinet and the Council on the development of future policy and budgetary issues. • Oversees the strategic implementation of council policy. • Sets the corporate culture, encouraging the highest ethical standards and integrity.
<p>The Chief Financial Officer</p> <ul style="list-style-type: none"> • Accountability for developing and maintaining the council’s governance, risk, and control framework. • Statutory reporting duties in respect of unlawful and financially imprudent decision making, ensuring compliance with CIPFA Statement on the Role of the Chief Financial Officer in Local Government. • Contribute to the effective corporate management and governance of the council.
<p>The Monitoring Officer</p> <ul style="list-style-type: none"> • Responsibility for ensuring the proper and lawful conduct of the council’s affairs and statutory reporting duties in respect of unlawful decision making and maladministration. • Advises members on the interpretation of the Code of Conduct for Members and Co-opted Members. • Oversees and reviews the registers of interest for staff and members, and the registers of gifts and hospitality.
<p>Service Director – Human Resources</p> <ul style="list-style-type: none"> • Overall responsibility for the maintenance and operation of the Whistle-blowing procedure and how this contributes to effective corporate governance.

<p>Internal Audit</p> <ul style="list-style-type: none"> • Provides independent assurance and an annual opinion on the adequacy and effectiveness of the council's governance, risk management and control framework. • Delivers an annual programme of risk-based audit activity, including counter-fraud and investigation activity. • Makes recommendations for improvements in the management of risk.
<p>External Audit</p> <ul style="list-style-type: none"> • Audit/review and report on the council's financial statements (including the Annual Governance Statement) providing an opinion on the accounts and use of resources. • Conducts a value for money review to provide an opinion on how well the council uses its resources to secure economy, efficiency and effectiveness.
<p>Managers</p> <ul style="list-style-type: none"> • Responsible for developing, maintaining, and implementing the council's governance, risk and control framework. • Contribute to the effective corporate management and governance of the council.

Assessment of compliance with the financial management code (FM Code)

19. Internal Audit have undertaken a review of the council's compliance with the FM Code. This work was undertaken in consultation with Finance Managers and the Chief Financial Officer.
20. Internal audit concluded that the council is mostly compliant with the CIPFA Financial Management Code.

External auditor's review of the effectiveness of governance arrangements

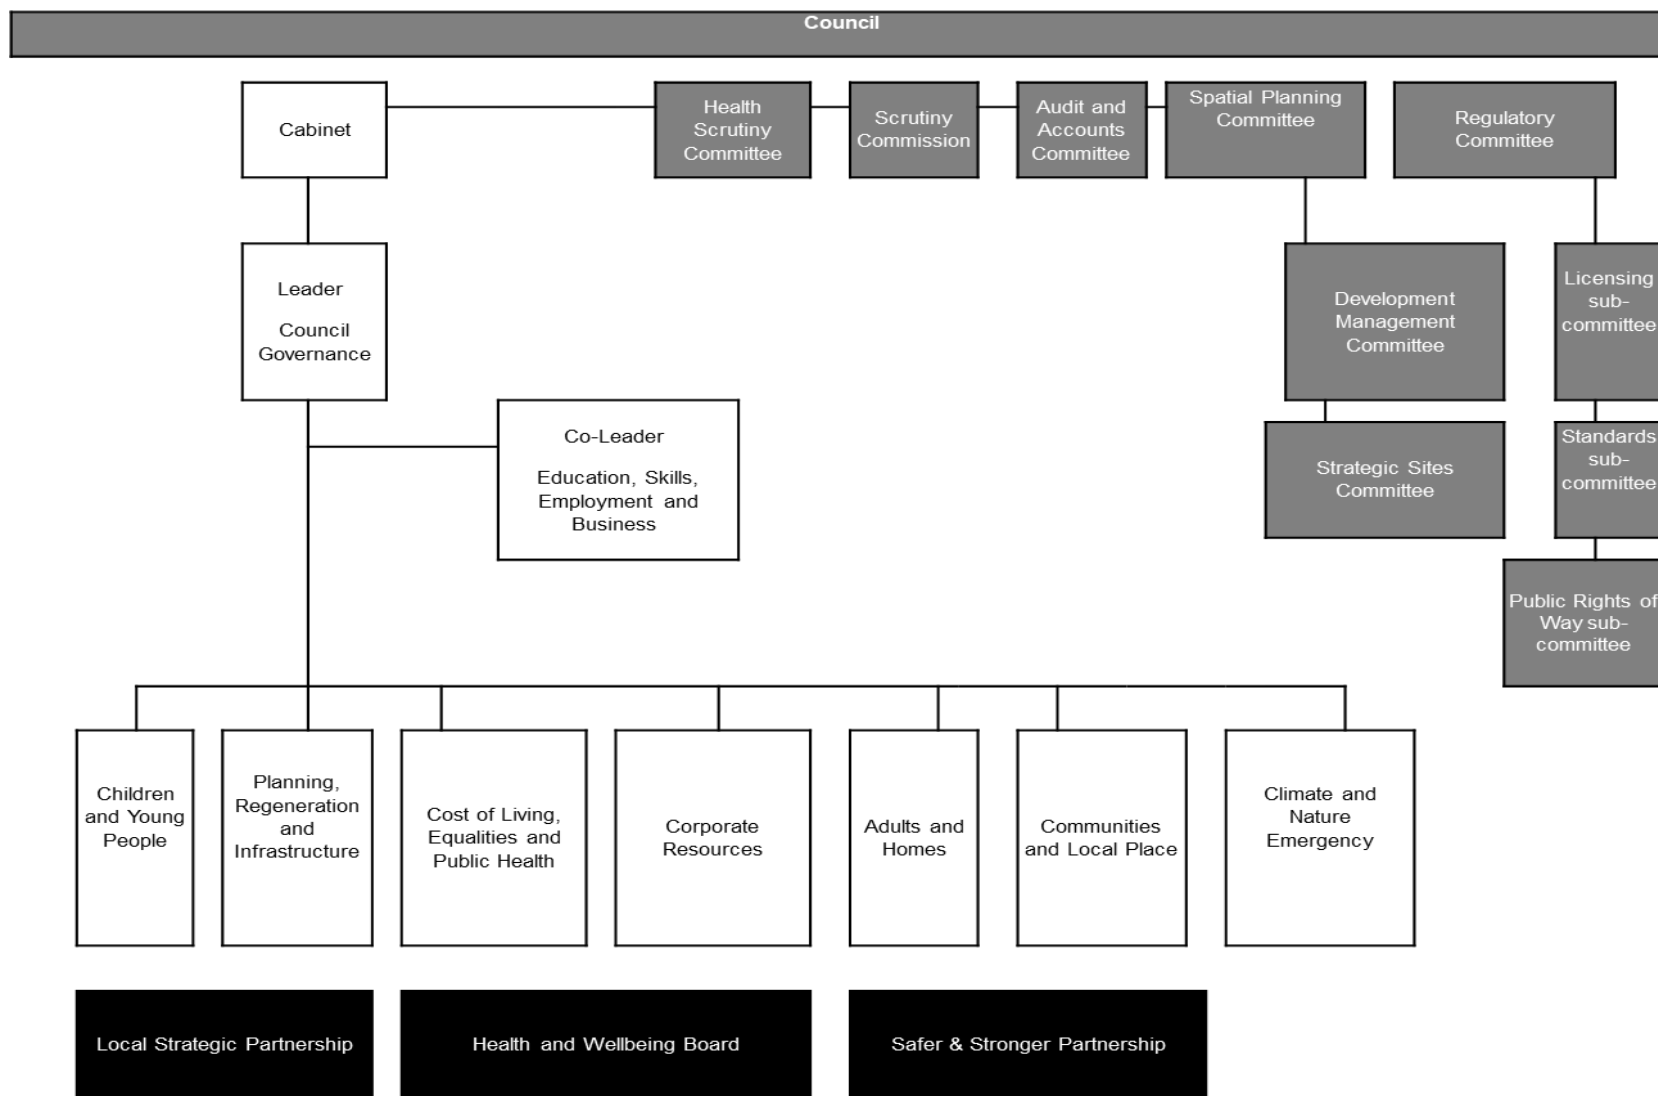

21. The external auditors Annual Audit Letter for 2023 confirmed that the financial statements gave a true and fair view of the council's financial position. The 2022/23 value for money assessment has been concluded and was reported to Audit and Accounts Committee in November 2023 and finalised with the financial statements in January 2024.

Internal audit annual opinion 2023/24

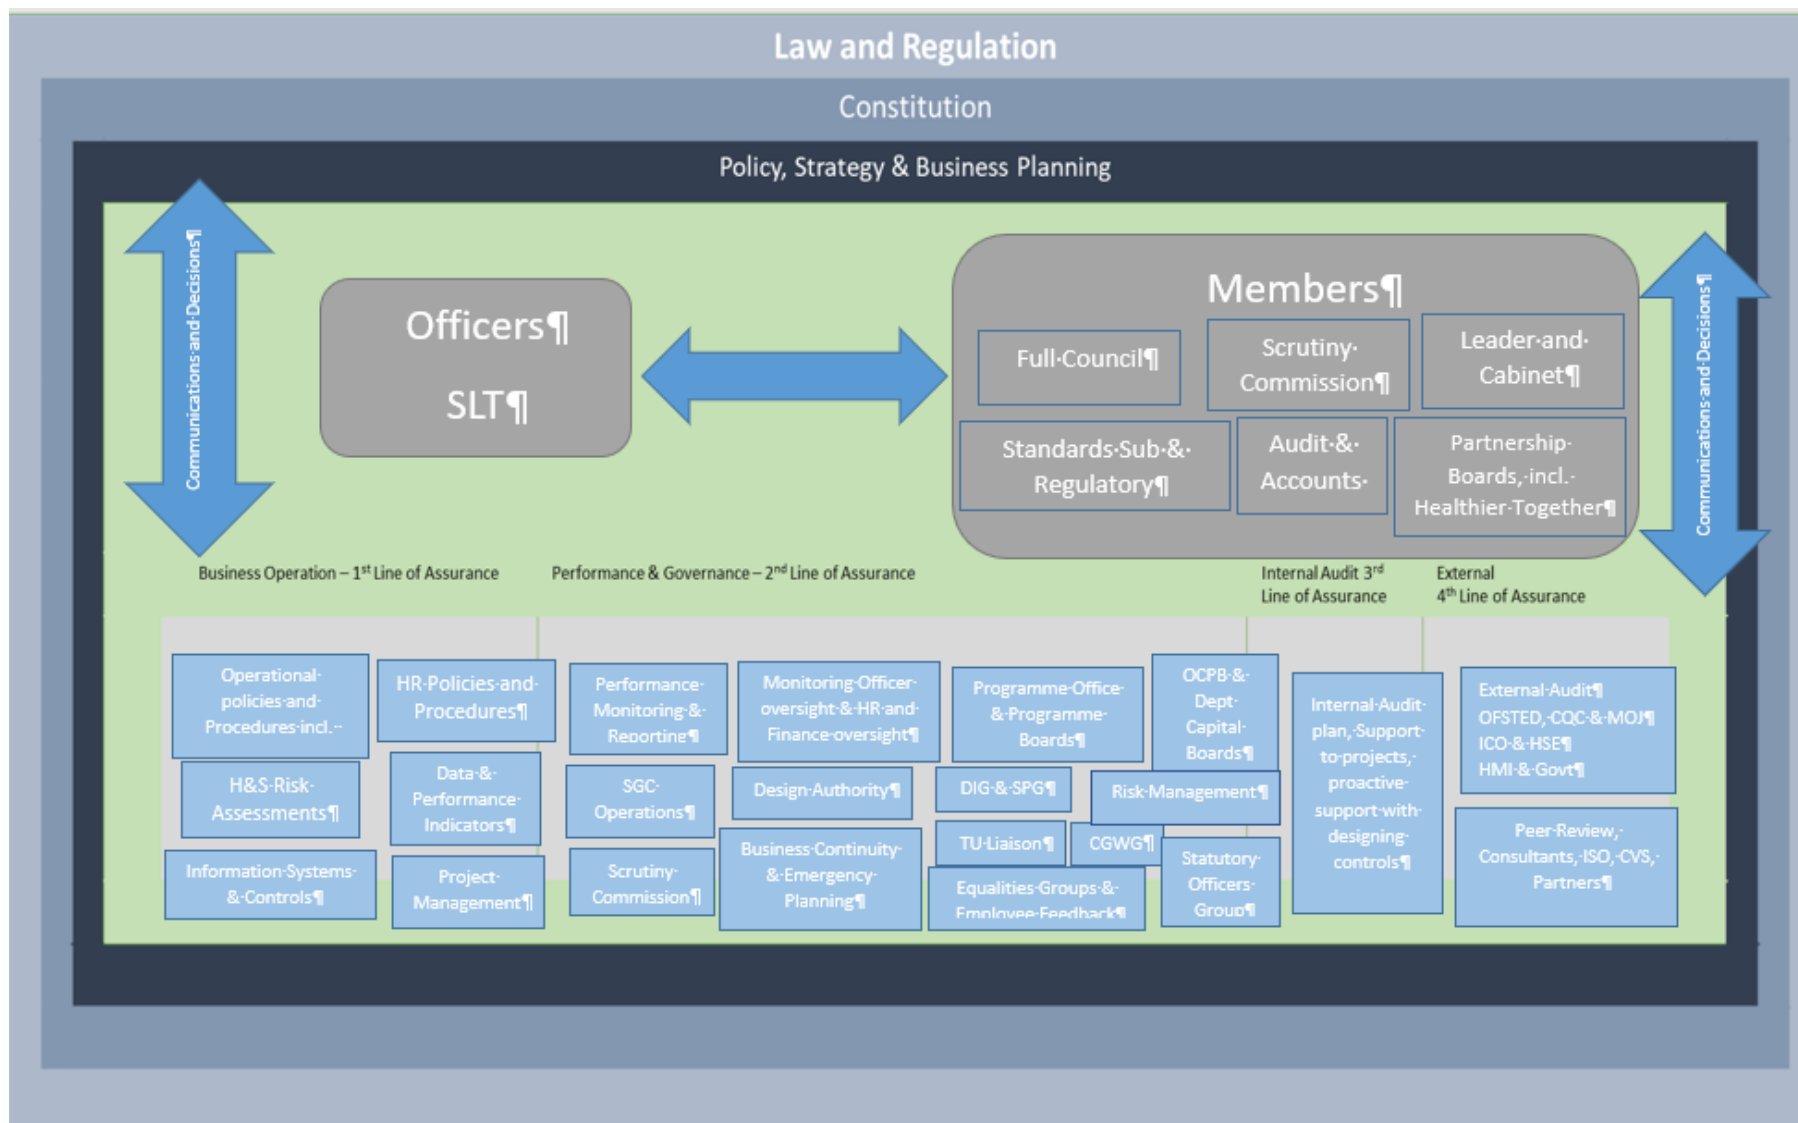

22. The council receives substantial assurance from the work of internal audit who, through an agreed audit plan, review the adequacy of controls and governance that operates throughout all areas of the council. The internal audit service has been independently assessed by CIPFA as fully conforming to the Public Sector Internal Audit Standards (PSIAS).
23. Whilst internal audit are unable to give absolute assurance, the results of the reviews completed during the year have resulted in a reasonable assurance opinion. This means that individual audit reviews are not significant when considered in aggregate to the system of internal control. 'Significant Improvements required' opinions are isolated to specific systems and processes. There were no fundamental weakness opinions given during 2023/24.

24. The internal audit plan was presented to committee in July and November 2023. The Head of Internal Audit considers that sufficient work was conducted in the areas of most strategic risk to mean that no limitation has been placed on the audit opinion.

The constitutional structure (Post May 2023)

The council’s assurance map – the four lines of assurance

Compliance with the good governance core principles

A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.

Supporting Principles:

Behaving with integrity

WECARE – The council's values:

The Chief Executive and his Strategic Leadership Team meet regularly to steer the organisation's activity. The council's values provide guiding principles which define how the council works with each other and the community. The values define what the council stands for and sets aspirations central to achieving the vision for residents and communities, ensuring South Gloucestershire will always be a great place to live and work. The values are as follows:

- Working Together.
- Equality Focused.
- Committed to our Communities.
- Ambitious and Adaptable.
- Resourceful.
- Encouraging Responsible Growth.

There is a behaviours framework to support the Values. Arrangements are in place to ensure that members and officers are not influenced in any way when dealing with decisions and stakeholders. These arrangements include:

Registers of interests, registers of gifts and hospitality, requirement to make specific declarations of interests at formal meetings, provide details of related party transactions, where relevant.

Demonstrating strong commitment to ethical values

The council has a Code of Conduct for elected and co-opted members, it forms part of the Constitution of the council and is a requirement of the Localism Act 2011. Allegations of breaches of the code are heard by the Standards Sub Committee.

[Constitution Containing Member Code of Conduct & Member Officer Protocol](#)

The Standards Sub-Committee is a champion of high standards of ethical governance from elected councillors. It receives complaints made by any persons about elected and co-opted councillors of South Gloucestershire Council and all parish and town councils within the district. It will assess the complaints and determine if they require investigation. A summary of its work is included in its Annual Report to the Regulatory Committee.

The council has a Members Planning Code of Good Practice and a Member and Officer Protocol, these documents are contained in the council's constitution.

The council has a [Code of Conduct for Employees](#) which sets out the professional standards required of all employees, including the ethical values of equality, political neutrality in the workplace, disclosure of information and ethical and sensible use of resources.

A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.

Supporting Principles:

The council has a Partnership Governance Framework, which sets out how the council will work with partners to form effective relationships.

Respecting the rule of law

South Gloucestershire Council has agreed a constitution which sets out how the council operates and how decisions are made and the procedures which are followed.

The council uses its legal powers, including the general power of competence, to promote its values and priorities to the full benefit of all those who live and work in South Gloucestershire.

Roles and responsibilities are defined in the table (The governance framework – key roles and responsibilities) on page 7.

The council appoints Statutory Officers who have the skills, resources, and support necessary to ensure the council’s statutory and regulatory requirements are complied with.

The council has the Scrutiny Commission. There is no joint Health Scrutiny Committee. Work is underway to create joint oversight for BNSSG (Bristol, North Somerset, and South Gloucestershire). There is a Health Scrutiny Committee for the council which holds the NHS and other providers of health services to account through robust Overview and Scrutiny.

The council has a Regulatory Committee (which separately discharges Licensing functions). The Development Management Committee provides oversight of decision making on planning matters. These committees discharge key legal duties which do not fall within the remit of Cabinet (The executive).

B. Ensuring openness and comprehensive stakeholder engagement.

Supporting Principles:

Ensuring openness

The council’s website is set out in a clear and easily accessible way, using plain language and by having links to commonly accessed areas.

Members of the public may usually attend all formal meetings, have access to the Agenda and Reports before the meeting and access to the Minutes after the meeting.

Cabinet Member decisions and significant officer decisions are reported on the council website.

The council webcasts (so far as is permissible by law) its meetings. This is to ensure openness and transparency of decision making and helps to encourage wider participation in the democratic process. In addition to its statutory obligations to publish, agendas, reports, and minutes of meetings the council also publishes ‘webcasts’ on its website to further enable public scrutiny.

B. Ensuring openness and comprehensive stakeholder engagement.

Supporting Principles:

The council publishes data in accordance with the Local Government Transparency Code, which encourages an increase in democratic accountability and makes it easier for individuals to contribute to local decision making.

Engaging comprehensively with institutional stakeholders

The council is a key partner to the West of England Combined Authority (WECA). The Combined Authority has sub-regional responsibilities around transport, infrastructure, and adult education. A positive relationship between stakeholders will unlock funding and enable collective and joined up planning of the region.

The South Gloucestershire Local Strategic Partnership (LSP) brings together organisations to work with the community to identify and tackle key issues in a more co-ordinated way, which enables both strategic decisions and local action. Members of the partnership are made up from voluntary and community groups, local businesses, the council and other public sector agencies. The activities of the LSP are reviewed each year by the LSP Board.

The Cabinet agreed to a set of Community Conversations principles in October 2023 and there is an active working group to ensure that these principles are put into practice. The principles commit the council to engaging in a transparent, honest, and two-way process using the intelligence from this to help shape and improve services. More formally the council conducts community engagement through a range of community forums and is widening the scope of how it engages with its residents, building on the community conversation principles, and in response to the feedback received from residents. It is working hard to offer a route into communities from different backgrounds to ensure all voices are heard. The South Gloucestershire Compact and the Town and Parish Council Charters have both been revised in partnership and subsequently adopted by the councils Cabinet in October 2023. In positive recognition of the strong partnership work both documents reflect a mature relationship and behaviours-based partnership rather than a ‘set of rules’ to follow. The council is taking an Asset Based Community Development approach, seeking to identify and support community assets across the area.

South Gloucestershire Council is one of three Local Authority founder members of the Bristol, North Somerset, and South Gloucestershire Integrated Care System. Our Health and Wellbeing Board provides a forum where political, clinical, professional and community leaders from across the health and care system in South Gloucestershire, come together to improve the health and wellbeing of the local population (including children and young people and vulnerable adults) and reduce health inequalities, ensuring a strong focus on establishing ‘place’.

Members and Officers provide leadership across our health and care system to promote greater integration and partnership between the NHS (South Gloucestershire Locality Partnership (LP), the Bristol, North Somerset, and South Gloucestershire (BNSSG) Integrated Care Board (ICB) and Integrated Care Partnership (ICP), local authority and wider partner organisations, paying regard to and challenging partners to work collaboratively and agree joint areas of focus.

The Health and Wellbeing Board Chair chairs the BNSSG Integrated Care Partnership Board in rotation with the other LA HWBBs and the LA Chief Executive is a member of the Integrated Care Board.

As an Integrated Care Partnership we have set out plans for improving health in our [Integrated Care System Strategy – BNSSG Healthier Together](#). This document has been developed with input from the South Gloucestershire Health and Wellbeing Board, Joint Strategic Needs Assessment and many people and partners.

We believe there are five opportunities for us to focus on over the coming years to help everyone to start well, live well, age well and die well. This will help us to realise the better health and wellbeing and improved services our local population deserve.

They are:

B. Ensuring openness and comprehensive stakeholder engagement.

Supporting Principles:

- Tackling inequalities
- Strengthening building blocks
- Prevention and early intervention
- Healthy behaviours
- Strategic prioritisation of key conditions.

These priorities are reflected in council priorities and plans as well as the Joint Health and Wellbeing Strategy.

Engaging stakeholders effectively, including individual citizens and service users

The council makes use of its website, social media, traditional media, and offline methods to engage with citizens and service users.

The Council Plan priority ‘Identifying and supporting those most in need and helping people to help themselves’ includes a commitment to enable communities to work together to help improve their lives and address the problems that are important to them. The council aims to give the best possible information, advice, and guidance to support themselves and their families. The findings of the recent Community Conversations research project are being used to redesign services and improve our processes to help communities better understand how they can connect with each other, and with us, to get better outcomes locally.

The council actively encourages residents to ‘Have Your Say’ on current issues by taking part in engagement and consultation exercises. There is an increasing focus on offering as wide a range of response methods as possible to help residents from all different backgrounds to share their views and influence change. Residents and partners give feedback by filling in surveys, participating in face-to-face events, talking to our staff at the point of service use, participating in online engagement conversations, taking part in focus groups, and joining our Viewpoint citizen’s panel. Residents can look at current and past consultation and engagement activities online and see the results of these. The council is introducing an online engagement portal which will offer even more opportunity to give views on our work and proposed changes. Residents are encouraged to take part in the budget consultation each year. The Annual financial statements provide a summary of council performance.

Residents can sign up for email e-bulletins, register for viewpoint and use social media to interact with the council.

The council has a published Complaints Procedure to ensure residents and service users can complain if they are dissatisfied with a service or if they have failed to receive a service. People can complain using a variety of methods.

C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.

Supporting Principles:

Defining Outcomes

The Sustainable Community Strategy sets out the shared vision and key priorities for the future of the area. The South Gloucestershire Local Strategic Partnership uses this strategy to identify and be responsive to local needs, supporting efforts to work more efficiently together for the benefit of the people of South Gloucestershire.

Recognising the contribution to sustainable economic, social, and environmental benefits that stem from the spectrum of council services and activities, in April 2023 the council introduced a version of the Cornwall decision making wheel which seeks to identify and quantify a range of sustainability metrics. The purpose of the Climate Change Decision Wheel is:

- To influence project planning and delivery at the start of the project and programme process.
- To minimise negative impacts on climate and nature and provide benefits which align with council objectives.
- To provide greater visibility and transparency to decision makers and the public.
- To reduce the impact on climate and nature; projects that align with council values.
- To increase staff knowledge of how to consider and apply thinking on climate and nature in projects.
- To identify projects with long term negative impacts on climate and nature that cannot be sufficiently mitigated and ensure they are flagged at an early stage to project managers.

The council operates in a complex and constantly evolving financial, policy and legislative environment. The role, responsibilities and funding models of local government continue to be in a period of rapid transition.

During 2023/24, the Council Plan built on and delivered the council's vision to make South Gloucestershire a great place to live and work. The core priorities were:

1. Creating the best start in life for our children and young people.
2. Identifying and supporting those in need and helping people to help themselves.
3. Promoting sustainable inclusive communities, infrastructure, and growth.
4. Realising the full potential of our people and delivering value for money.

Underpinned by: Closing the Inequality Gap, Addressing the Climate and Nature Emergency, and Value for Money.

The council approved a new Council Plan in May 2024. The new core priorities are:

1. Respond to the climate and nature emergency.
2. Help reduce inequalities.
3. Support children and young people to thrive.
4. Support wellbeing and independence.

South Gloucestershire Council is working towards a fairer, greener future, building better places. It is people focussed, open, informed, innovative and collaborative.

C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.

Supporting Principles:

The council previously recognised that an effective Medium Term Financial Strategy (MTFS) requires the organisation to be aware of its overall financial position by being more inclusive and widening the ownership of the MTFS to ensure its success. In April 2022, the council further extended its programme to align available resources with Council Plan priorities. This has been referred to as the Resource Allocation project and has focussed on prioritising resources and maximising capacity whilst ensuring the council can meet the medium-term financial challenges it faces. Due to previous years' robust financial management, the pressures on the council have not been immediate however this has not detracted from the need to focus on planning ahead to maintain this position and consider all available options, including more innovative and transformative measures that may take longer to implement. The outcome of the process was a four-year balanced budget with a savings programme of £40m for delivery by 2026/27. Recognising that the council will face continual cost pressures, a resource planning approach will be taken annually with an ongoing refresh of the savings programme allowing continual iterations of savings and efficiencies to be brought forward. During 2023/24 the Resource Planning process was largely focussed on the delivery of the existing savings plans. This has proved successful with the council being on track with the delivery of savings by the end of 2023/24. The budget for 2024/25, agreed in February 2024, included an updated MTFP with a 3-year balanced budget and a further savings target of £9M by the end of the year 4. Resource planning during 2024/25 will be based on identifying options to close that gap and reflecting the new Council Plan priorities.

An agreement with the Department for Education (DfE) under the Safety Valve negotiations for Dedicated Schools Grant deficits was reached in 2021/22 resulting in £25m of funding from the DfE over 4 years with £10.5m received in March 2022. The council has continued to develop and deliver the Deficit Recovery Plan for the Safety Valve agreement and a key development completed this year is full implementation of the new banding system across all mainstream schools. The council has met with DfE officials on several occasions sharing progress against the plan, amendments to the plan and issues that would benefit from the DfE's support to improve the deficit recovery, including the need for extra capital to expand local SEND provision.

Sustainable economic, social, and environmental benefits

South Gloucestershire Council works for all parts of every community. The council's aim is to: encourage mutual respect for all residents; recognise and work with every diverse group; give high quality inclusive services and facilities; make sure our employment policies and practices are fair; challenge harassment and discrimination.

The council has a comprehensive Equality Framework in place which sets out governance arrangements from the most senior levels as well as responsibilities across all levels of the workforce.

The council has identified 'reducing inequalities' as a core component of the new Council Plan. Supporting this, the council has adopted a new Tackling Inequalities Plan focussed on delivering outcomes for our communities and staff. A governance group has been created to monitor progress against the Council Plan and the Tackling Inequalities Plan. In addition, the group will monitor 'Business as Usual' Equality Impact Assessment and Analyses (EQIAAs) progress and Equality Impact Assessment and Analysis (EQIAA) work as part of all reports (whether they be decision or information reports).

As a result of the Peer Review and an internal audit of equalities, an action plan has been developed which contains actions focussed on enabling the delivery of the objectives set out in the Tackling Inequalities Plan. This action plan will also be monitored by the new governance group.

In July 2019, the council declared a climate emergency recognising that urgent action needs to be taken to reduce the area's carbon emissions and to adapt to changing climate. Following the declaration, a new climate emergency strategy was produced along with annual action plans which are revised, and both internally and externally scrutinised each year. The action plans bring together corporate activity addressing both mitigation and climate resilience. The year 5 Climate Emergency Action Plan has

C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.

Supporting Principles:

been updated with SMART targets that consider capacity and funding constraints, whilst still being ambitious. For year 5, a new Green Infrastructure and Nature Recovery Action plan was reported alongside the annual climate report with an assessment of progress made in the last 12 months.

While the council's direct and indirect emissions (scope 1,2 and 3) only contribute to 6.5% of area wide emissions, it is estimated that it has influence over 40% through planning, transport, and waste. Reductions in scope 1 and 2 Co2e emissions from council operations are targeted at 10% per year which has not been met since the return to post covid operations, however, further investment in renewable generation is due to take place, particularly PV. Recognising that the annual 10% target for scope 1 and 2 emissions each year was fixed in 2019 and it does not take in to account previous years underperformance, new annual targets will be applied in future years. In 2023/24 it is estimated that 92% of the council's emissions are related to the supply of goods and services (scope 3) with only 8% coming from the operational use of fuels and electricity (scope 1 and 2). For the council to achieve carbon neutrality by 2030, Scope 3 emissions will need to be addressed.

The council has produced a [Plan to 2030 research report](#) which looks at the likely remaining carbon emissions in the area by 2030 (400 - 500k tonnes Co2e down from 1.1 million tonnes in 2022) when both the maximum possible national and local interventions have been applied. It makes recommendations about what we should focus on delivering for maximum impact between now and 2030 and nudges towards more 'disruptive' interventions required to stay on track. This report was produced by the South Gloucestershire Climate Emergency University Advisory Group and has been used to inform the development of the council's Year 5 Climate Emergency Action Plan 2024/25. Two such 'disruptive' interventions relate to the 'Heat from mines' project which has the potential to decarbonise heat and cooling in up to 25,000 existing homes, and the council's work with Ernst Young to decarbonise its scope 3 supply chain.

It was an unusual year again for the council's Waste Services. Industrial action was experienced over several months causing disruption to the service and the material that was collected. Overall household waste was up 1.8% on the same period compared with the year before. Due to industrial action residual waste was greater and recycling was lower than the previous year. This has resulted in the overall recycling rate dropping by about 3% on the previous year. However, whilst the amount of residual waste increased the proportion of the waste that was sent to landfill dropped by half over the same period. South Gloucestershire remains one of the best performing councils in England for recycling waste with ambitious developments planned for waste provision over the next few years it is expected that the rate will increase over the next few years.

The West of England Combined Authority (WECA), as well as being empowered to make more decisions locally on areas such as transport, housing, and skills, also works with partners including the West of England Local Enterprise Partnership, North Somerset Council, and others, to deliver economic growth for the wider region.

South Gloucestershire Council is committed to making our spending decisions in a way that delivers both value for money on a whole life cycle basis, and achieves wider economic, social, and environmental benefits.

D. Determining the interventions necessary to optimise the achievement of the intended outcomes.

Supporting Principles:

Determining interventions

The council informs key decision makers in various ways, including reports to Councillors; statutory reporting to external bodies and other agencies; management and financial reports direct from the council's accounting system; performance management system data. It regularly considers organisational health dashboards setting out key performance metrics that are reported to OfLog, and risk and assurance-based work undertaken by Internal Audit and their resultant reports. All of this ensures council decision makers receive accurate, relevant, and timely evidenced-based information on which to make decisions.

The delegation of some defined day to day decision making (defined in the constitution) to Officers, and the referral to Cabinet or Executive Member for those matters requiring Members' Decisions that can be made without requiring approval at Full Council, enables more prompt decision making.

South Gloucestershire Council's Performance Management System enables the council and its committees to receive timely and accurate performance information about service delivery. This enables prompt intervention to take place to address any barriers to good performance.

Local strategy and the planning and commissioning of health and care services is informed by intelligence from our local Joint Strategic Needs Assessment which provides evidence of local health and wellbeing needs and assets, including the views of the community. This means that interventions and services are planned to meet local needs.

Supporting Principles:

Planning interventions

The council plans its activity at a strategic level through its budget and business planning cycle and it does so in consultation with internal and external stakeholders.

Occasionally staff are asked to complete internal questionnaires to help gain feedback on an existing situation and help shape plans.

Neighbourhood planning gives communities the power to develop a vision of their neighbourhood. It enables them to contribute to the development and growth of their area. It also ensures that the desire of the neighbourhood is aligned with the overall needs and priorities of the wider local area.

The council's Statement of Community Involvement (SCI) explains how everyone can be involved in the preparation of new planning policy documents and in consultation on planning applications.

South Gloucestershire Council has a commitment to protect and enhance the environment for the benefit of all residents and businesses in the area. The council has an officer and member protocol for planning decisions.

Optimising achievement of intended outcomes

D. Determining the interventions necessary to optimise the achievement of the intended outcomes.

The council integrates and balances service priorities, affordability, and other resource constraints, supporting it to consider the full cost of operations over the medium and longer term. This includes both revenue and capital expenditure budgets. A medium-term financial plan is developed.

The financial plans demonstrate how the council’s financial resources will be deployed over the next four years to deliver aims and priorities.

The council takes into consideration social value when procuring essential goods and services with a Target Operating Model for Social Value agreed and implemented during 2021/22. This work is closely linked with the council’s Keep it Local program and the overriding aim of the Council Plan to reduce the inequality gap. The Tackling Inequalities Plan 2024-2028 has been comprehensively completed and includes social value.

D. Developing the entity’s capacity, including the capability of its leadership and the individuals within it.

Supporting Principles:

Developing the organisation’s capacity

The council participates in relevant benchmarking exercises to help inform how resources should be allocated. In November 2023 the council was subject to a corporate peer challenge, organised by the Local Government Association. This involved a weeklong visit by an external team of councillors and senior officers from other local authorities. The final report was [published](#) and praises the council’s track record of effective financial management, the positive relationships between councillors and officers and the strong culture of collaboration. It also highlights areas where the council can deliver further improvements.

The benchmarking activities and analysis and collaborative working will assist in the seeking of better outcomes from the use of resources.

The council undertook significant work to review capacity as part the resource allocation work in 2021/22 and 2022/23. This included a line-by-line budget review to prioritise expenditure. Further consideration was given in settling the 2023/24 budget to invest in ITD capacity recognising the growing risks associated with this area of the council’s business and service reliance.

Collaborative working and alternative service delivery models are fully considered as part of option appraisals.

The council has an Occupational Health Service that offers health assessments, health screening, and advice. The council also has a confidential counselling service available to all employees.

The council has a comprehensive learning and development offering for all staff and other key partner organisations. This includes a range of resources including training programmes, online eLearning courses and on the job tool. The council continues to promote a programme of support for Women in Leadership.

Developing the capability of the council’s leadership and other individuals

The council’s constitution defines the statutory and distinctive leadership roles of the Leader of the Council, the Chief Executive, and other Statutory Posts.

Both elected Members and Senior Officers have their own respective Codes of Conduct to adhere to.

Members undergo an induction process post-election. Members have their own section of the Intranet specific to their own roles and responsibilities and mentoring opportunities where needed.

D. Developing the entity’s capacity, including the capability of its leadership and the individuals within it.

Supporting Principles:

The Members pages includes a section on Learning & Development which includes links to the Councillor Development Group, Personal Development Interviews, Skills Framework, Learning Resources, E-learning, Self-Study Courses, and a link to the Local Government Association website.

Developing the capability of the council’s leadership and other individuals

The council recognises that inequality gaps exist throughout employment and is committed to improving diversity and reducing inequalities for all. It has developed a workforce equalities action plan to address issues and deliver an inclusive and supportive workplace that enables us to deliver better services.

The council has a comprehensive development and supervision offering for staff. This commences from appointment, with a corporate induction and access to e-modules and other training courses. Staff must have regular supervision, and an annual PDPR (Personal Development Performance Review) plus follow up. Staff receive regular updates on new initiatives by email on the intranet.

There is a whole section of the council’s intranet dedicated to HR (My HR). These pages explain all the above processes plus provide more information such as essential staff policies and helpful links to coaching, mentoring, and other services. The pages also provide a link to the online Learning and Development Portal.

The council places a high priority on the wellbeing of its staff. There are pages on the council intranet devoted to wellbeing alongside the appointment of a Wellbeing Co-ordinator and associated internal communications. There is a package of support available for staff to access and the council promotes this offering via Mental Health Champions and regular communications.

D. Managing risks and performance through robust internal control and strong public financial management.

Supporting Principles

Managing risks

The Corporate Governance Working Group oversee the council’s risk management arrangements.

The council has an approach to risk management which has been approved by Cabinet. The risk register is scored 5x5 for impact and likelihood and risk descriptions improve consistency of scoring. The risk registers include information on inherent risks and the associated mitigating controls to treat, terminate, tolerate, or transfer any residual risk. Each risk will have an assigned owner and a date to review progress of the mitigation. The Head of Internal Audit co-ordinates the Council’s Risk Registers and maintains the risk management strategy. A project is underway to introduce risk appetite more fully. Risk management is an integral component of business continuity planning and emergency management. The Health & Safety Team provide Corporate Health and Safety guidance, including corporate oversight of maintained schools.

The main principles of the council’s Health & Safety policy are that: the people responsible for managing and carrying out the work are also responsible for making sure it is safe; senior management have ultimate responsibility for safety, but everyone has a part to play. Standards are high and control measures are proportionate to the level of risk.

D. Managing risks and performance through robust internal control and strong public financial management.

Supporting Principles

Managing performance

The council has implemented key performance indicators in many areas of service. The council makes use of a performance management system to capture the indicators corporately and enable review and consideration to take place at Departmental level. With the new council plan there will be new sets of KPIS which will be refreshed and tracked publicly.

Some council services are subject to statutory national Key Performance Indicators (KPIs). Data dashboards have been developed to improve the quality of performance data to enable informed decision making. This data can then be used to support effective resource allocation if changes in resources are identified as needed to assist in improvement of performance. Each service has its own Service Plan which is updated annually. These plans detail specific service priorities, which are aligned to overall council service delivery and community needs and priorities.

The council has a Contract Management Framework which sets out a centrally led and consistent framework for Contract Management activities across South Gloucestershire Council, which draws upon existing good practice and national guidance. Contractual documentation will contain key performance measures expected of them to deliver services and monitoring will take place to ensure this happens in practice. A contract management training programme has been rolled out across the organisation.

Effective overview and scrutiny

The Scrutiny Commission holds decision makers to account and plays a key role in ensuring that public services are delivered in the way residents need. The agenda and reports are publicly available, and the commission sets its own work plan.

Robust internal control

The council has robust internal control processes in place, which support the achievement of its objectives while managing risks. The council’s approach is set out in detail in the Internal Audit Plan. The council has an Audit and Accounts Committee. The Committee provides an independent high-level resource to support good governance and strong financial management. The Committee’s Terms of Reference includes an Anti-Fraud remit specifically: to be the custodian of the council’s anti-fraud, corruption, and bribery policy and to develop and monitor procedures and protocols on this matter; to consider any significant issues in relation to detected fraud or corruption within the council; to consider the results from the biennial National Fraud Initiative and receive an annual report on counter fraud activity. The council has an Anti-Fraud, Corruption and Bribery Policy which sets out the council’s zero tolerance commitment to tackling fraud, bribery, and corruption. The council also has an Anti-Money Laundering Policy and a Whistle-blowing policy.

An assessment of the overall adequacy and effectiveness of the framework of governance, risk management and control is provided by the council’s Head of Internal Audit in the opinion section of this Annual Governance Statement.

Managing data

The processing of personal data is essential to many of the services and functions carried out by local authorities. The council complies with data protection legislation, which includes GDPR (General Data Protection Regulation) and the Data Protection Act 2018 (DPA 2018). This compliance ensures that such processing is carried out fairly, lawfully, and transparently. The council reviews and supplements its policies, and keeps its processing activities under review, to ensure they remain consistent with the law, and any compliance advice and codes of practice issued by the Information Commissioner’s Office.

D. Managing risks and performance through robust internal control and strong public financial management.**Supporting Principles**

Each year the council completes an Information Governance and Data Security and Protection Toolkit to meet NHS data security requirements. This toolkit assessment demonstrates a high level of compliance.

The council's Information Governance is led and monitored by the Data and Information Group (DIG). This group meets regularly and includes the Senior Information Risk Officer (SIRO) and Data Protection Officer (DPO). The Data and Information Group, under the direction of the SIRO, will ensure the coordination of a council-wide programme of information governance activities to educate, refresh and promote awareness of the organisation's roles and responsibilities; in addition, to identifying the work priorities, including the revision of various information governance policies, procedures, and guidance.

Serious data breaches that must be reported to the Information Commissioners Office (ICO) remain very low. Information campaigns and reminders are regularly circulated to staff along with the requirement to undertake regular refresher training to continue to be aware of the associated risks.

The council complies with the Local Government Transparency Code 2015 by publishing data required by The Code.

The council makes information available to the public via the information access regimes provided for by the Freedom of Information Act 2000 and the Environmental Information Regulations 2004. Data protection legislation, including the Data Protection Act 2018, provides individuals with various rights. The council ensures that all valid requests from individuals to exercise those rights are dealt with quickly and within the specified timescales.

Strong public financial management

The council recognises that finance is intrinsically linked to its strategy and operations and none of these can be considered in isolation. The council's approach to financial management ensures that public money is always safeguarded, ensuring value for money. Its approach supports both long-term achievement of objectives and shorter term financial and operational performance.

The Chief Financial Officer reports to the council on the robustness of the estimates made for the purposes of the budget calculations and the adequacy of the proposed financial reserves in line with current guidance. The Chief Financial Officer ensures that appropriate advice is given on all financial matters, proper financial records and accounts are kept, and oversees an effective system of internal financial control. The Financial Services division ensures that well developed financial management is integrated at all levels of planning including management of financial risks. The financial regulations are in the constitution and underpin the financial arrangements.

The Financial Management Code (FM Code) sets out the standards of financial management expected for local authorities and is designed to support good practice and to assist local authorities in demonstrating their financial sustainability. The council has undertaken a self-assessment of compliance with the Financial Management Code. Section 25 of the Local Government Act 2003 requires that when a local authority is making its budget calculations, the Chief Financial Officer of the authority must report to the council on the robustness of the estimates made for the purposes of the calculations and the adequacy of the proposed financial reserves. The Chief Financial Officer has discharged this responsibility in the annual budget report to Full Council.

E. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

Supporting Principles:

Implementing good practice in transparencyTransparency Code 2015:

The council adheres to the requirements of the Local Government Transparency Code 2015, which includes requirements and recommendations for local authorities to publish certain types of data.

This is in addition to the required publication of the Annual Accounts, Financial Statements, Meeting Minutes, and other public interest information which has always been published.

Hardcopies may also be sent in the post if requested.

Implementing good practises in reportingFinancial Statements and Annual Governance Statement:

Financial Information and the Annual Governance Statements for each year are all easily available on one page of the council's website.

Notices for inspection at Council Offices are given in accordance with the Local Audit and Accountability Act 2014 Sections 26 & 27 and the Accounts and Audit Regulations 2015 Regulation 15.

The council demonstrates how it has complied with CIPFA's "Delivering Good Governance in Local Government (2016)" principles by producing the Annual Governance Statement (AGS), which follows the principles and sub-principles contained in the same CIPFA/SOLACE publication.

Assurance and effective accountabilityReviews:

The council receives both internal and external reviews.

The council welcomes peer challenge, internal and external review, and audit. Reviews may take many forms, for example Ofsted and HMRC.

The council monitors implementation of internal and external audit recommendations.

The Public Sector Internal Audit Standards set out the professional standards for Internal Audit.

These standards include the requirement for the production of an Audit Plan that is presented to Audit and Accounts Committee for their discussion and agreement.

Successes in 2023/24

25. During the financial year 2023/24 the council can report significant success in the speed, adaptability, and commitment of staff to the needs of those who live and work in South Gloucestershire. The following areas are of note:
- .25.1 The Kingswood By-Election was successfully delivered.
 - .25.2 Elm Park – an expansion of the school was completed for January 2024.
 - .25.3 Introduction of the Welcome Home Service – supporting people to stay well at home after a period in hospital.
 - .25.4 Phase 1 SEND expansions at Warmley Park and Pegasus – increasing specialist provision through new capital investment.
 - .25.5 Inspected for Adult community learning and achieved a good opinion.
 - .25.6 Impact of the school improvement offer across the local area; we are now highlighted in the OFSTED annual report as the best in the region for performance of schools overall.
 - .25.7 Response to the policy around attendance – effective model of good practise.
 - .25.8 Frailty Ace – partnership investment in better outcomes for older residents in the community.
 - .25.9 Investment in workforce – continued investment in apprenticeship and career progression in social work and occupational therapy to develop capacity in the council’s hard to fill roles.
 - .25.10 Successful preparation for the implementation of a new finance system.
 - .25.11 Assistive Technology Hub – using person centred approaches to meeting care needs in a sustainable way.
 - .25.12 The council has undertaken a trial to recycle flexible plastics which has been very successful. The trial has been extended to a second phase with 20% of households in South Gloucestershire now included.
 - .25.13 The council has reduced CO2 footprint in the council fleet, this has been achieved through a reduction in operating mileage and a continued transition to zero or low emission vehicles.
 - .25.14 Introduction of Village Agents – place-based solution to meeting care needs in more rural areas of South Gloucestershire.

Evaluation of effectiveness of partnerships governance (for Council’s significant partnerships)

26. The council has a standardised approach to managing its partnerships as detailed in the Partnership Governance Framework. This supports officers and stakeholders in ensuring that good governance is understood and embedded from the outset and throughout the lifetime of all partnerships.
27. Effective working relationships have led to positive outcomes across many areas of the council. This includes the Police, Health and some Voluntary and Community Social Enterprise (VCSE) agencies as key partners.
28. The council is a member of the West of England Combined Authority (WECA). The Combined Authority has sub-regional responsibilities around transport, infrastructure, and adult education. A positive relationship between stakeholders will unlock funding and enable collective and joined up planning of the region. The West of England Combined Authority received statutory recommendations to improve partnership working. A Best Value Notice was issued on 5th

March to WECA, it is in force for a period of 12 months. The council is taking an active role in supporting WECA to make improvements.

29. The council is a participant in the pan-regional partnership for South Wales and Western England, The Western Gateway. While the partnership is in its formative stages, its focus is to bring additionality to the area's existing strategies and structures. Its intention is to collaborate and lead where its collective size will amplify the work of others.
30. South Gloucestershire Council is one of three Local Authority founder members of the Bristol, North Somerset and South Gloucestershire Integrated Care System.
31. The Health and Wellbeing Board (HWBB) provides a forum where political, clinical, professional and community leaders from across the health and care system in South Gloucestershire, come together to improve the health and wellbeing of the local population (including children and young people and vulnerable adults) and reduce health inequalities, ensuring a strong focus on establishing a sense of 'place'.
32. Members and Officers provide leadership across the health and care system to promote greater integration and partnership between the NHS (South Gloucestershire Locality Partnership (LP), the Bristol, North Somerset and South Gloucestershire (BNSSG) Integrated Care Board (ICB) and Integrated Care Partnership (ICP), local authority and wider partner organisations, paying regard to and challenging partners to work collaboratively and agree joint areas of focus.
33. The Health and Wellbeing Board Chair chairs the BNSSG Integrated Care Partnership Board in rotation with the other LA HWBBS and the Local Authority Chief Executive is a member of the Integrated Care Board.
34. As an Integrated Care partnership, it has set out its plans for improving health in the [Integrated Care System Strategy BNSSG Healthier Together](#). This document has been developed with input from the South Gloucestershire Health and Wellbeing Board, Joint Strategic Needs Assessment and many people and partners.
35. The council believes there are five opportunities to focus on over the coming years to help everyone to start well, live well, age well and die well. This will help to realise the better health and wellbeing and improved services the local population deserves.
36. They are:
 - Tackling inequalities
 - Strengthening building blocks
 - Prevention and early intervention
 - Healthy behaviours
 - Strategic prioritisation of key conditions.

These priorities are reflected in council priorities and plans as well as the Joint Health and Wellbeing Strategy.

External inspection agencies

37. The Office for Standards in Education, Children's Services and Skills (Ofsted) inspects and regulates services which care for children and young people and those providing education and

skills for learners. Ofsted publish all school inspection reports on its website, along with reports covering inspections of services for children and families provided by the council. The last full Ofsted inspection of Children’s Services was in March 2019 which resulted in a “requires improvements” opinion. In November 2021 a focused visit identified some areas of priority improvement for the front door services which resulted in a DfE improvement notice being issued. An Enhanced Performance Board and Cabinet oversaw the delivery of the resulting improvement plan. A further focused visit in September 2022 and 6-monthly monitoring visits by DfE advisors recognised an improving picture and the improvement noticed was lifted in December 2023. A newly formed Children’s Outcomes Board continues to oversee delivery of all improvement activities.

- 38. The last local area Special Education Needs and Disabilities (SEND) inspection (November 2017) identified eight areas of significant weakness around which it was necessary to publish a Written Statement of Action (WSOA), with progress tracked by the DfE. The area SEND inspection revisit (Feb 2020) recognised improvements in all but two of these areas of improvement and required an Accelerated Progress Plan to address the outstanding areas of weakness. The DfE continued to monitor progress against these final two areas on a 6-monthly basis until they confirmed in May 2023 that sufficient progress had been made such that the WSOA could be stepped down and DfE monitoring was no longer required. The new inspection framework for effectiveness of local area arrangements for SEND was published in January 2023. An Improvement board is in place to oversee activities required by the local authority for sustainable improvement against the new framework.
- 39. Vinney Green Secure Unit was inspected by Ofsted in April 2023 with the overall result of the inspection being a “good” opinion. This followed focused improvement efforts across the service monitored through an improvement board to address areas identified in the April 2022 inspection. Subsequent Ofsted monitoring visits have not raised any new concerns.

Progress in addressing the council’s governance issues

- 40. This section provides an update on progress made addressing the council’s governance issues during the 2023/24 financial year. These issues were identified in the action plan in last year’s Annual Governance Statement (2022/23).

Continued improvement in Children’s services and SEND
<p>Required action:</p> <p>To ensure continued improvement of services which will deliver improved outcomes for children and young people and ensure positive outcome from any engagement with Ofsted. To develop effective methods to recruit and retain sufficient staff to ensure continued improvement and delivery of services.</p>
<p>What we did:</p> <p>The council has recruited permanent staff to almost all positions within the SEND EHC coordination team so that over the last twelve months a much more stable workforce has been established. Reliance on agency staff has been reduced to cover for just one post. Similarly, the council has taken steps to ensure that South Gloucestershire continues to be seen as an attractive place to work by Education Psychologists. Through a focused project to improve children’s social worker recruitment and retention, as of September 2023, the council moved from performing worse than the England average for recruitment of permanent staff and reliance on agency social workers to being better than the England average for both measures. Stability of workforce has significantly improved; however, challenges still remain.</p> <p>In 2023/24 the Department for Education stepped down the written statement of action on SEND and the council is now seen by the Department for Education as having amongst the strongest arrangements for SEND in the South-West.</p>

In addition, the Department for Education have identified some strengths within the local arrangements, e.g. cluster models, which have been highlighted as best practice.

Children’s Services have significantly improved recruitment and retention of social workers including recruitment of international social workers. This has contributed to ensuring caseloads have been manageable so that social workers are able to build and maintain positive relationship with children, young people and their families. Governance arrangements have been enhanced within Children’s Services supported by the corporate investment within the service. All of this has enabled Children’s Services to sustain improvements to successfully satisfy the Department for Education in relation to the Improvement Notice following the Ofsted Focussed Visit of November 2021. The Improvement Notice was lifted in December 2023.

Partnership governance including ICS, WECA, VCSE etc.

Required action:

To ensure the council works with strategic partners to deliver key objectives and leverage the benefits of these arrangements for the residents of South Gloucestershire.

What we did:

The ICS strategy was considered by Health Scrutiny on 15th March 2023. The draft ICB Joint Forward plan was reviewed by the Health and Wellbeing Board on 7th March. On 23rd July the Health and Wellbeing Board considered the ICS strategy and joint forward plan. The Health and Wellbeing board has also undertaken a series of “deep dives” into the objectives identified through the Joint Health and Wellbeing Strategy.

Partnership governance including ICS, WECA, VCSE etc.

What we did continued:

This year has seen the formal adoption by the council’s Cabinet of the new Town and Parish Council Charter and the Voluntary Sector Compact with the new documents reflecting the strong and strengthening partnership approach. To build on the existing arrangements a new Town and Parish Council Clerks Network has been instigated.

The council and health colleagues have invested through the Prevention Fund to support the development of an Asset Based Community Development framework for the district – this is being done in partnership and will be a partnership document.

Through the ‘Keep it Local’ Steering group the relationship between the council, the VCSE sector and the Integrated Care Board has strengthened with this year seeing the development of the new VCSE Alliance. The West of England Combined Authority (WECA) received statutory recommendations to improve partnership working. A Best Value Notice was issued on 5th March to WECA, it is in force for a period of 12 months. The council is taking an active role in supporting WECA to make improvements. There is improved engagement at Chief Officer level and WECA have appointed a new Monitoring Officer and Chief Executive, South Gloucestershire Council have contributed to their selection panels.

Dedicated schools grant deficit

Required action:

The council will continue to progress the Safety Valve Agreement with the DfE to return the DSG to financial balance by 2024/25. This will include monitoring of the new banding and top up funding system; increasing local places for SEND pupils, improved commissioning of independent places, increased support for inclusion within mainstream settings and investment in early intervention. Governance arrangements involve Cabinet, the Schools Forum, Senior Officers and parents and carers.

What we did:

The council has continued to develop and deliver the Deficit Recovery Plan for the Safety Valve agreement and a key development completed this year is the full implementation of the new banding system across all mainstream schools. The council has also increased special school capacity through expansion of Warmley Park and Pegasus Special

Schools, and additional support has been created by the clusters for schools related to early intervention, for example in terms of training for staff and access to support for individual pupils.

The council has met with DfE officials on several occasions sharing progress against the plan, amendments to the plan and issues that would benefit from the DfE's support to improve deficit recovery, including the need for extra capital to expand local SEND provision.

The council was critical to the establishment of a networking group for LAs for the Safety Valve to share experiences and best practice ideas for improving financial efficiency in the DSG area.

Strategy on school places

Required action:

Ensuring sufficient school places across the council area, considering rapidly increasing population in some areas and an excess of school places in other areas. To meet these challenges funding received by the council is limited.

Therefore, the council will be developing a long-term strategy to meet these challenges working with schools to create expanded provision where needed. This strategy will also identify the funding sources needed to meet the expansion plan.

What we did:

The council has reviewed and published the commissioning of school places strategy which identifies the areas of growth and action required to create places where it can be seen there is insufficient to meet demand. In the short-term in some areas, schools have agreed to admit above their published admission number so that there is an offer of a place for every child requiring a place in the local area, and until permanent capacity is in place.

Opinion on the governance framework

41. The review of the effectiveness of the governance framework identifies that the arrangements continue to be fit for purpose and reasonable assurance can be given that the framework is operating adequately in practice. This opinion considers the progress made on governance issues raised in the last AGS.
42. The council's governance arrangements are adequate, there are some areas which will require further consideration and monitoring during 2024/25 and these are covered in the action plan on page 32.
43. No review can provide absolute assurance; this statement is intended to provide reasonable assurance that there is an ongoing process for reviewing the governance framework and its operation in practice.
44. The Audit and Accounts Committee will have responsibility for ensuring the delivery of the actions needed to improve the council's governance framework.

Action Plan: governance areas for 2024/25

45. To identify significant governance areas for the council which will need to be addressed in the next financial year (2024/25), the council considers a number of evidence sources, which include:
 - .45.1 Analysis of responses from Service Directors in response to a questionnaire.
 - .45.2 Attendance of all Senior Managers at a network meeting to review the content of the Annual Governance Statement.

- .45.3 Identification of key governance areas for the council’s significant partnerships.
 - .45.4 A meeting of key officers charged with co-ordinating governance of the council to discuss emerging governance areas (Corporate Governance Working Group).
 - .45.5 Consideration of risks identified in the Organisation Risk Register.
 - .45.6 Issues identified through the work of internal audit in 2023/24.
 - .45.7 Overview and consideration of governance areas by the Strategic Leadership Team.
 - .45.8 Where appropriate, carrying forward elements of action points from 2023/24 if substantial actions are still needing to be addressed and further monitoring is required.
46. The governance areas selected for 2024/25 have been informed by the outcome of the review of the effectiveness of governance for 2023/24.

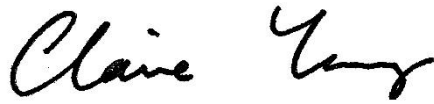

Issue	What issue is to be addressed during 2024/25?	Required action	Service area responsible
1.	DSG deficit	The Council will continue to work in partnership with the DfE and the Schools Forum to return the DSG to balance through the Safety Valve Agreement. Most LAs have DSG deficits and the DfE implemented a statutory override to take off balance-sheet these deficits. The DfE’s current plans are to remove this override from April 2026 which would represent a significant financial risk. The Council alongside other LAs will continue to lobby the DfE for a long-term solution to this risk.	Department for People
2.	Strategic Action Plan for SEND	To deliver the action plan that has been agreed by Cabinet.	Department for People
3.	CQC Inspection	Adult Social Care is due for its first external inspection in 15 years in 2024/25. The Adult Social Care Executive Assurance Board will oversee the development and implementation of any improvement actions resulting from inspection.	Department for People
4.	Children’s Services	To continue to embed practise and performance standards consistently within all service areas.	Department for People
5.	Implementation of a new Finance and HR system	To ensure the council successfully implements a new finance and HR system in line with programme plans, to deliver efficiency and improvements in controls and processes.	Resources and Business Change Department
6.	Waste	To successfully transition the council from the 25-year Waste PFI to new Waste arrangements, achieving improved value for money and efficiency.	Department for Place
7.	Partnership Working with WECA	To ensure the council works with strategic partners to deliver key objectives and leverage benefits of these arrangements for the residents of South Gloucestershire.	Department for Place

Conclusion and certification

The governance arrangements as described above have been applied throughout the year, and up to the date of the approval of the annual accounts, providing an effective framework for identifying governance

issues and taking mitigating action. Over the coming year the council will continue the operation of its governance framework and plans to address any improvements will be monitored and progress will be reported as part of the next annual review.

Signed:

.....Leader of the Council

.....Chief Executive on behalf of the Council

Glossary

ACCOUNTING PERIOD - The period covered by the accounts. For the Council this lasts 12 months from 1st April to 31st March of the following calendar year.

ACCRUALS - Amounts included in the accounts for income or expenditure in relation to the financial year but not received or paid as at 31 March.

ACTUARIAL GAINS AND LOSSES - These arise where actual events have not coincided with the actuarial assumptions made for the last valuations (known as experience gains or losses) or the actuarial assumptions have been changed.

ASSET - Assets are classified as either Current or Non-Current. A current asset benefits the council for up to one year (e.g. stock, debtors) whereas a non-current asset benefits the council for more than one year (e.g. property, plant or vehicles).

AUDIT OF THE ACCOUNTS - The annual examination of the council's accounts by an independent external auditor who will issue a formal opinion on them at the end of the audit.

BALANCES (OR RESERVES) - These represent accumulated funds available to the council. Some balances may be earmarked for specific purposes for funding future defined initiative or meeting identified risks or liabilities. There are a number of unusable reserves that are set out for technical purposes. It is not possible to utilise these to provide services.

BUSINESS RATES (NATIONAL NON-DOMESTIC RATE (NNDR)) - A levy on businesses, based on a national rate in the pound (set by the Government) multiplied by the rateable value of their premises. Since the council joined the West of England Business Rates Retention Pilot, the NNDR income collected by the council is shared 5% with the West of England Combined Authority (WECA) and 1% with the Fire authority, with 94% retained by the council. WECA and the Fire authority also share deficit on the NNDR collection fund, the appeals provision and other NNDR related balances.

BORROWING - The council is able to borrow in order to fund capital expenditure from either Government (PWLB) or banking sector sources.

CAPITAL EXPENDITURE - Expenditure incurred by the council on the acquisition or enhancement of a fixed asset or on the provision of certain capital grants to 3rd parties.

CAPITAL FINANCING - The setting aside of the council's financial resources to fund capital expenditure. Capital expenditure can be funded from external sources, such as borrowing, Government's capital grants and by contributions from internal sources, such as capital receipts and reserves.

CAPITAL RECEIPTS - The proceeds from the disposal of a fixed asset. Capital receipts can only be used in ways specified by the Government. However, individual proceeds of less than £10,000 are treated as revenue income.

CRSTS - City Regional Sustainable Transport Settlement

COMMUNITY ASSETS - Assets that the council intends to hold in perpetuity, that have no determinable useful life and that may have restrictions on their disposal e.g. parks, playing fields and open spaces.

CONTINGENT LIABILITY - A possible financial obligation on the council, arising from past events, which will only crystallise if certain events take place in the future.

CURRENT SERVICE COSTS OF PENSIONS - The increase in the "present value" of a pension scheme's liabilities arising from employee service in the current period.

CREDITOR - Amounts owed by the council for goods and services received in the accounting period for which payment has not yet been made.

CURTAILMENT - An event that reduces:

- the expected years of future service of present employees, or
- the accrual of defined benefits for a number of employees for all or some of their future service.

DEBTOR - Amounts due to the council for goods and services rendered in the accounting period for which payment has not yet been received.

DEPRECIATION - The cost of using a fixed asset to provide services in the accounting period.

EDF – Economic Development Fund

EMOLUMENTS - Salaries and expenses allowances paid to employees, together with the money value of benefits received other than cash. Employer's and employees' pension contributions are excluded.

EXPECTED RATE OF RETURN ON PENSIONS ASSETS - The average rate of return expected over the remaining life of the related obligation on the actual assets held by the pension scheme.

FINANCE LEASE - A lease under which the lessee (i.e. the person or the organisation taking on the lease) acquires the risks and rewards of ownership of a fixed asset for the period of the lease. Finance leases, PFI schemes and service concessions taken up by local authorities are treated by the Government as credit arrangements and are subject to the same controls as borrowing.

GENERAL FUND - The account to which the cost of providing council services is charged that are paid for from Council Tax and Government grants.

HERITAGE ASSETS - Heritage assets are those that are intended to be held in trust because of their cultural, environmental or historical associations. They are held by the authority in pursuit of its overall objectives in relation to the maintenance of local and national heritage.

IMPAIRMENT - A reduction in the carrying value of a fixed asset caused by market fluctuations, physical damage, obsolescence or adverse legislative change.

INFRASTRUCTURE ASSETS - A class of assets whose life is of indefinite length and which are not usually capable of being sold such as highways, sewage works and sea defences. The valuation of infrastructure assets is based on historical cost.

INTEREST COST (PENSIONS) - The expected increase in the "present value" of the pension scheme's liabilities due to the fact that benefits are one year closer to settlement.

LIABILITY - A liability represents money owed by the council to other organisations or persons. Current liabilities are amounts which become payable within the next accounting period (such as creditors or bank overdrafts). Non-current liabilities are amounts which will become payable beyond the next accounting period (such as long-term borrowing).

MINIMUM REVENUE PROVISION - The minimum amount that must be charged to the council's revenue accounts every year as a provision for the repayment of debt.

NON-OPERATIONAL ASSETS - Fixed assets held by the council, which are not used in the delivery of services (e.g. investment properties).

OPERATING LEASE - A type of lease under which the ownership of the asset remains with the lessor. This type of lease does not create a capital asset on the council's balance sheet.

OPERATIONAL ASSETS - Fixed assets held by the council and employed in the delivery of services.

PAST SERVICE COSTS - The increase in the "present value" of the pension scheme's liabilities related to employee service in prior years and arising in the current year because of the introduction of, or an improvement to, retirement benefits

PRESENT VALUE - The discounted value of a payment or stream of payments to be received in the future, taking into consideration a specified interest or discount rate.

PRIVATE FINANCE INITIATIVE (PFI) - A central government initiative which aims to increase the level of funding available for public services by attracting private sources of finance. The net book value of PFI assets is included in the council's Balance Sheet, and the council receives PFI grant to support the costs of the scheme.

PROPERTY, PLANT AND EQUIPMENT - Assets that have physical substance and are held for use in the provision of services or for administrative purposes and are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

PROVISIONS - A liability that is of uncertain timing or amount which is to be settled by the transfer of economic benefits.

PUBLIC WORKS LOAN BOARD (PWLB) - A Government agency, which provides long and medium term loans to local authorities at favourable rates slightly higher than those paid by the Government on its own borrowing.

REVENUE EXPENDITURE FUNDED FROM CAPITAL UNDER STATUTE (REFCUS) - Government regulations allow some expenditure to be funded from capital sources, although it does not result in a fixed asset on the council's own Balance Sheet. Examples include schemes funded by Disabled Facilities Grant, which result in capital investment in properties where the council is not the owner.

RESIDUAL VALUE OF AN ASSET - The net realisable value of an asset at the end of its useful life.

RELATED PARTIES - Two or more parties where one party has direct or indirect control or influence over the others, or where all parties are subject to common control from the same source. Examples of related parties to the council are Central Government, other councils, the Members, the Chief Officers and the Pension Fund. In the case of individuals identified as related parties, the following are also presumed to be related parties:

- Members of the close family or the same household.
- Partnerships, companies or trusts in which the individual (or member of the close family/ household) has a controlling interest.

RELATED PARTIES TRANSACTIONS - The transfer of assets and liabilities or the provision of services by, to or for a related party, whether or not a charge is made. Material transactions between the council and its related parties have to be disclosed in the Statement of Accounts. In this case, materiality is judged by the significance to the related party as well as to the council.

REVENUE RESERVES - An amount set aside for a specific purpose in one year and carried forward to meet future obligations. These include earmarked reserves set aside to cover specific eventualities and general reserves or balances, maintained by the council as a matter of prudence.

REVENUE SUPPORT GRANT (RSG) - A grant paid by the Government to aid the delivery of council services in general, as opposed to a grant used only for a specific purpose.

Main sources: Code of Practice on Local Authority Accounting in the UK and Councillor's Guide to Local Government Finance by the Chartered Institute of Public Finance and Accountancy
