

RE Today have developed a complete Scheme of Work for all of the key questions in your syllabus, to exemplify excellent teaching and learning and support you in your classroom practice. These are supplied as PDFs, access details are sent via email.

Many schools purchased the Scheme of Work at the previous syllabus launch in 2016. For your new syllabus we have refreshed all of the existing units within the scheme, and we have written an additional 4 Primary units (2 x LKS2, 2 x UKS2). Our order form lists the prices for schools who have never purchased the scheme from us, and an upgrade price for those who already have the scheme.
