

# Refurbishing your rentals?

Your landlord roadmap to making energy-saving improvements to your rental properties

**IN GLOUCESTERSHIRE / SOUTH GLOUCESTERSHIRE?**  
Apply online today for a chance to receive this service free of charge

Renovating rental properties is serious business. Severn Wye's experts will recommend the right energy solutions for your portfolio, with a roadmap for improvements that fits your budget and maximises your investment.

You will get:

- ✓ A **consultation and site survey** with a home energy specialist
- ✓ A **current energy efficiency report**, including a new EPC
- ✓ A **bespoke retrofit action plan** outlining cost and carbon savings

We can also work with your current tenant to find funding towards improvements where eligible, and we provide follow-on support to assess installer quotes and check installation and set-up.

**0800 500 3076**
