<p>The PC put the CIL money towards a new maypole for the young children living in Tytherington. The purchase was made because the 274 cm pole is supplied in two sections making transporting and storage so much easier. It is possible to transport the maypole in a car (the largest section is the base which is 95cm squared). The overall height when constructed is 366cm.</p> <p>The pole fits into a steel base and topped with a revolving circle and crown, both of which are fitted with hooks to allow for 24 dancers.</p> <p>NEW: The base now includes a MDF board (colours may vary) attached to the metal base. This gives the base extra weight for increased stability and safety.</p> <p>Also new is the multifunctional design of the crown. You can choose if your want the top and lower rings fixed or rotating allowing you to operate the maypole in many ways, create many differnt patterns and perform many dances.</p> <p>The Maypole is powder coated in Forest Green. Comes complete with 24 braids (supplied in Blue, Yellow, Red and Green). Extra sets of braids can be purchased separately if required.</p>
