## We're on the right track, let's keep going.

## Parents - keeping your children and you safe.

## What to do if there is a confirmed case of Covid-19 at your child's school:

Do not come to school for any reason I have one child at Send your child back Isolate for 10 days school and their bubble on the return date given Only get a test if your child is closed due to a by school, unless they develops symptoms confirmed case. develop symptoms. The rest of the household can act as normal I have a child/ children at a school with a confirmed case. Send your child/children to school as normal The case is in a bubble class which my child/ children are not in. The child in the Send your child in I have two children closed bubble must isolate the affected bubble at the same school. for 10 days and not come to back on the return school One of my children's date given by school, bubbles is closed due to Siblings in open bubbles unless they develop must attend school as a confirmed case. symptoms. normal
